

(c) Inspection services and information

To encourage the use of equipment and procedures developed in accordance with subsections (a) and (b) of this section, the Secretary shall provide for official inspection services by the Secretary, States, and official inspection agencies and provide information on the proper use of sampling and inspection equipment, application of the grain standards, and availability of official inspection services, including appeals under this chapter.

(d) Standardized aflatoxin equipment and procedures

The Secretary shall—

- (1) establish uniform standards for testing equipment; and
- (2) establish uniform testing procedures and sampling techniques;

that may be used by processors, refiners, operators of grain elevators and terminals, and others to accurately detect the level of aflatoxin contamination of corn in the United States.
