“(1) direct that officials in the Department of Defense refuse to enter into contracts unless the proposed prices are fair and reasonable;

“(2) continue and accelerate ongoing efforts to improve defense contracting procedures in order to encourage effective competition and assure fair and reasonable prices;

“(3) direct that replenishment parts be acquired in economic order quantities and on a multiyear basis whenever feasible, practicable, and cost effective;

“(4) direct that standard or commercial parts be used whenever such use is technically acceptable and cost effective; and

“(5) vigorously continue reexamination of policies relating to acquisition, pricing, and management of replenishment parts and of technical data related to such parts.”
