

**(2) Definitions**

For purposes of this subsection, the terms “executive officer”, “director”, “principal shareholder”, “immediate family”, and “related interest” refer to the same relationship to a participating financial institution as the relationship described in part 215 of title 12 of the Code of Federal Regulations, or any successor to such part.

**(q) Termination clause**

In each participation agreement, the participating State shall reserve for itself the ability to terminate its obligation to enroll loans under the Program. Any such termination shall be prospective only, and shall not apply to amounts of loans enrolled under the Program prior to such termination.

**(r) Allowable withdrawals from fund**

The participation agreement may provide that, if, for any consecutive period of not less than 24 months, the aggregate outstanding balance of all enrolled loans for a participating financial institution is continually less than the outstanding balance in the reserve fund for that participating financial institution, the participating State, in its discretion, may withdraw an amount from the reserve fund to bring the balance in the reserve fund down to the outstanding balance of all such enrolled loans.

**(s) Grandfathered provision****(1) Special treatment of premium charges**

Notwithstanding subsection (b) or (d) of this section, the participation agreement, if explicitly authorized by a statute enacted by the State before September 23, 1994, may allow a participating financial institution to treat the premium charges paid by the participating financial institution and the borrower into the reserve fund, and interest or income earned on funds in the reserve fund that are deemed to be attributable to such premium charges, as assets of the participating financial institution for accounting purposes, subject to withdrawal by the participating financial institution only—

(A) for the payment of claims approved by the participating State in accordance with this section; and

(B) upon the participating financial institution’s withdrawal from authority to make new loans under the Program.

**(2) Payment of post-withdrawal claims**

After any withdrawal of assets from the reserve fund pursuant to paragraph (1)(B), any future claims filed by the participating financial institution on loans remaining in its capital access program portfolio shall only be paid from funds remaining in the reserve fund to the extent that, in the aggregate, such claims exceed the sum of the amount of such withdrawn assets, and interest on that amount, imputed at the same rate as income would have accrued had the amount not been withdrawn.

**(3) Conditions for terminating special authority**

If the Fund determines that the inclusion in a participation agreement of the provisions

authorized by this subsection is resulting in the enrollment of loans under the Program that are likely to have been made without assistance provided under this subchapter, the Fund may notify the participating State that henceforth, the Fund will only make reimbursements to the State under section 4747 of this title with respect to a loan if the participation agreement between the participating State and each participating financial institution has been amended to conform with this section, without exercise of the special authority granted by this subsection.

(Pub. L. 103-325, title II, §255, Sept. 23, 1994, 108 Stat. 2207.)

**§ 4746. Reports****(a) Reserve funds report**

If the participating State has made contributions to one or more reserve funds during the previous quarter, the report shall—

(1) indicate the total amount of such contributions;

(2) indicate the amount of contributions which is subject to reimbursement, which shall be equal to the total amount of contributions, unless one of the limitations contained in section 4747 of this title is applicable;

(3) if one of the limitations in section 4747 of this title is applicable, provide documentation of the applicability of such limitation for each loan for which the limitation applies; and

(4) include a certification by the participating State that—

(A) the information provided in accordance with paragraphs (1), (2), and (3) is accurate;

(B) funds in an amount meeting the minimum requirements of section 4743(b)(3) of this title continue to be available and legally committed to contributions by the State to reserve funds, less any amount that has been contributed by the State to reserve funds subsequent to the State being approved for participation in the Program;

**(c) Form**

The reports and data filed pursuant to subsections (a) and (b) of this section shall be in such form as the Fund may require.

For purposes of this subsection, "common enterprise" shall have the same meaning as in part 32 of title 12 of the Code of Federal Regulations, or any successor to that part.

**(d) Loans totaling less than \$2,000,000**

In connection with a loan in which the covered amount of the loan plus the covered amount of all previous loans enrolled by a participating financial institution does not exceed \$2,000,000, the amount of reimbursement by the Fund to the participating State shall not exceed the lesser of—

- (1) 75 percent of the sum of the premium charges paid to the reserve fund by the borrower and the participating financial institution; or

The appropriate factor shall be obtained by dividing the total amount of contributions that have been made by the participating State to all reserve funds which were subject to reimbursement—

(1) by 2; and

(2) by the total amount of contributions made by the participating State to all reserve funds, including if applicable, contributions that have been made by the State prior to becoming a participating State if the State continued its own capital access program in accordance with section 4743(b) of this title.
