

disassembly and destabilization of other industries and economic sectors lawfully competing in the free enterprise system of the United States, and constitutes an unreasonable burden on interstate and foreign commerce of the United States.

(7) The liability actions commenced or contemplated by the Federal Government, States, municipalities, and private interest groups and others are based on theories without foundation in hundreds of years of the common law and jurisprudence of the United States and do not represent a bona fide expansion of the common law. The possible sustaining of these actions by a maverick judicial officer or petit jury would expand civil liability in a manner never contemplated by the framers of the Constitution, by Congress, or by the legislatures of the several States. Such an expansion of liability would constitute a deprivation of the rights, privileges, and immunities guaranteed to a citizen of the United States under the Fourteenth Amendment to the United States Constitution.

(8) The liability actions commenced or contemplated by the Federal Government, States, municipalities, private interest groups and others attempt to use the judicial branch to circumvent the Legislative branch of government to regulate interstate and foreign commerce through judgments and judicial decrees thereby threatening the Separation of Powers doctrine and weakening and undermining important principles of federalism, State sovereignty and comity between the sister States.

(b) Purposes

The purposes of this chapter are as follows:

(1) To prohibit causes of action against manufacturers, distributors, dealers, and importers of firearms or ammunition products, and their trade associations, for the harm solely caused by the criminal or unlawful misuse of firearm products or ammunition products by others when the product functioned as designed and intended.

(2) To preserve a citizen's access to a supply of firearms and ammunition for all lawful purposes, including hunting, self-defense, collecting, and competitive or recreational shooting.

(3) To guarantee a citizen's rights, privileges, and immunities, as applied to the States, under the Fourteenth Amendment to the United States Constitution, pursuant to section 5 of that Amendment.

(4) To prevent the use of such lawsuits to impose unreasonable burdens on interstate and foreign commerce.

(5) To protect the right, under the First Amendment to the Constitution, of manufacturers, distributors, dealers, and importers of firearms or ammunition products, and trade associations, to speak freely, to assemble peaceably, and to petition the Government for a redress of their grievances.

(6) To preserve and protect the Separation of Powers doctrine and important principles of federalism, State sovereignty and comity between sister States.

(7) To exercise congressional power under article IV, section 1 (the Full Faith and Credit Clause) of the United States Constitution.
