§ 3601. Congressional findings and purpose

(a) The Congress finds and declares that—

(1) there is a shortage of adequate and affordable housing throughout the Nation, especially for low- and moderate-income and elderly and handicapped persons;

(2) the number of conversions of rental housing to condominiums and cooperatives is accelerating, which in some communities may restrict the shelter options of low- and moderate-income and elderly and handicapped persons;

(3) certain long-term leasing arrangements for recreation and other condominium- or cooperative-related facilities which have been used in the formation of cooperative and condominium projects may be unconscionable; in certain situations State governments are unable to provide appropriate relief; as a result of these leases, economic and social hardships may have been imposed upon cooperative and condominium owners, which may threaten the continued use and acceptability of these forms of ownership and interfere with the interstate sale of cooperatives and condominiums; appropriate relief from these abuses requires Federal action; and

(4) there is a Federal involvement with the cooperative and condominium housing markets through the operation of Federal tax, housing, and community development laws, through the operation of federally chartered and insured financial institutions, and through other Federal activities; that the creation of many condominiums and cooperatives is undertaken by entities operating on an interstate basis.

(b) The purposes of this chapter are to seek to minimize the adverse impacts of condominium and cooperative conversions particularly on the housing opportunities of low- and moderate-income and elderly and handicapped persons, to assure fair and equitable principles are followed in the establishment of condominium and cooperative opportunities, and to provide appropriate relief where long-term leases of recreation and other cooperative- and condominium-related facilities are determined to be unconscionable.

§ 3602. Conversion lending

It is the sense of the Congress that lending by federally insured lending institutions for the conversion of rental housing to condominiums and cooperative housing should be discouraged where there are adverse impacts on housing opportunities of the low- and moderate-income and elderly and handicapped tenants involved.
