

Sec.	
832h.	Miscellaneous administrative provisions.
832i.	Employment of personnel.
832j.	Deposit of receipts; authorization of appropriations.
832k.	Authority of Administrator.
832l.	Separability.
832m.	Sale of excess Federal power; fish and wildlife conservation within Federal Columbia River Power System; residential exchange; personnel flexibility.

§ 832. Completion and maintenance of project; generation of electricity

For the purpose of improving navigation on the Columbia River, and for other purposes incidental thereto, the dam, locks, power plant, and appurtenant works under construction on August 20, 1937, at Bonneville, Oregon and North Bonneville, Washington (called Bonneville project in this chapter), shall be completed, maintained, and operated under the direction of the Secretary of the Army and the supervision of the Chief of Engineers, subject to the provisions of this chapter relating to the powers and duties of the Bonneville power administrator provided for in section 832a(a) of this title (called the administrator in this chapter) respecting the transmission and sale of electric energy generated at said project. The Secretary of the Army shall provide, construct, operate, maintain, and improve at Bonneville project such machinery, equipment, and facilities for the generation of electric energy as the administrator may deem necessary to develop such electric energy as rapidly as markets may be found therefor. The electric energy thus generated and not required for the operation of the dam and locks at such project and the navigation facilities employed in connection therewith shall be delivered to the administrator, for disposition as provided in this chapter.

(Aug. 20, 1937, ch. 720, § 1, 50 Stat. 731; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued military Department of the Army under administrative supervision of a Secretary of the Army.

SHORT TITLE

Act Aug. 20, 1937, ch. 720, 50 Stat. 731, which enacted this chapter, is popularly known as the "Bonneville Project Act of 1937".

TRANSFER OF FUNCTIONS

Functions of Secretary of the Interior with respect to Bonneville Power Administration transferred to Secretary of Energy by section 7152(a)(1)(D), (2) of Title 42, The Public Health and Welfare, with Bonneville Power Administration to be preserved as a distinct organizational entity within Department of Energy and headed by an Administrator.

§ 832a. General administrative provisions

(a) Appointment of Administrator; powers and duties

The electric energy generated in the operation of the said Bonneville project shall be disposed of by the said administrator as provided in this chapter. The administrator shall be appointed by the Secretary of Energy; shall be responsible to said Secretary of Energy; and shall maintain his principal office at a place selected by him in the vicinity of the Bonneville project.

The Administrator shall, as in this chapter provided, make all arrangements for the sale and disposition of electric energy generated at Bonneville project not required for the operation of the dam and locks at such project and the navigation facilities employed in connection therewith. He shall act in consultation with the Secretary of Energy. The form of administration established in this chapter for the Bonneville project is intended to be provisional pending the establishment of a permanent administration for Bonneville and other projects in the Columbia River Basin. The Secretary of the Army shall install and maintain additional machinery, equipment, and facilities for the generation of electric energy at the Bonneville project when in the judgment of the administrator such additional generating facilities are desirable to meet actual or potential market requirements for such electric energy. The Secretary of the Army shall schedule the operations of the several electrical generating units and appurtenant equipment of the Bonneville project in accordance with the requirements of the administrator. The Secretary of the Army shall provide and maintain for the use of the administrator at said Bonneville project adequate station space and equipment, including such switches, switchboards, instruments, and dispatching facilities as may be required by the administrator for proper reception, handling, and dispatching of the electric energy produced at the said project, together with transformers and other equipment required by the administrator for the transmission of such energy from that place at suitable voltage to the markets which the administrator desires to serve.

The office of the Administrator of the Bonneville project is constituted an office in the Department of Energy and shall be under the jurisdiction and control of the Secretary of Energy. All functions vested in the Administrator of the Bonneville project under this chapter may be exercised by the Secretary of Energy and, subject to his supervision and direction, by the Administrator and other personnel of the project.

(b) Electric transmission lines and equipment

In order to encourage the widest possible use of all electric energy that can be generated and marketed and to provide reasonable outlets therefor, and to prevent the monopolization thereof by limited groups, the administrator is authorized and directed to provide, construct, operate, maintain, and improve such electric transmission lines and substations, and facilities and structures appurtenant thereto, as he finds necessary, desirable, or appropriate for the purpose of transmitting electric energy, avail-
