For purposes of this chapter, an interest in real property shall be treated as including, among other things, easements or other rights for preservation, conservation, protection, or enhancement by and for the public of natural, scenic, historic, scientific, educational, inspirational, or recreational resources. A gift, devise, or bequest may be accepted by the Foundation even though it is encumbered, restricted, or subject to beneficial interests of private persons if any current or future interest therein is for the benefit of the Foundation.

(d) Certain lands, waters, and interests not subject to condemnation

No lands or waters, or interests therein, that are owned by the Foundation and are determined by the Director of the United States Fish and Wildlife Service or the Migratory Bird Conservation Commission, as the case may be, to be valuable for purposes of fish and wildlife conservation or management shall be subject to condemnation by any State or political subdivision, or any agent or instrumentality thereof.

(e) Acquisition, management, and disposal of real property

(1) The Foundation may only use Federal funds for the acquisition of interests in real property if—

(A) the interest is a long-term property interest, and

(B) the Foundation notifies the Federal agency that administers the program under which the funds were provided of the proposed acquisition, and the agency does not object in writing to the proposed acquisition within 60 calendar days after the date of the notification.

(2) The Foundation shall convey to the United States Fish and Wildlife Service for inclusion within the National Wildlife Refuge System any real property acquired by the Foundation in whole or in part with Federal funds if the Director, within one year after the date on which the property was acquired by the Foundation, requests the conveyance in writing.

(3)(A) Subject to subparagraph (B), the Foundation may—

(i) convey to another person any real property acquired in whole or in part with Federal funds and not conveyed under paragraph (2); and

(ii) grant or otherwise provide Federal funds to another person for purposes of assisting that person to acquire real property in whole or in part with such funds.

(B) The Foundation may only make a conveyance or provide Federal funds under subparagraph (A) if—

(i) the conveyance or provision is subject to terms and conditions that will ensure that the

real property will be administered for the long-term conservation and management of fish and wildlife and in a manner that will provide for appropriate public access and use; and

(ii) the Foundation notifies the Federal agency that administers the Federal program under which the funds were provided of the proposed conveyance or provision of Federal funds, and the agency does not object in writing to the proposed conveyance or provision of Federal funds within 60 calendar days after the date of the notification.

(4) All real property acquired by the Foundation in whole or in part with Federal funds and held by it shall be administered for the conservation and management of fish and wildlife and in a manner that will provide for appropriate public access and use.

(5) RECONVEYANCE OF REAL PROPERTY.—The Foundation shall convey at not less than fair market value any real property acquired by the Foundation in whole or in part with Federal funds if the Foundation notifies the Federal agency that administers the Federal program under which the funds were provided, and the agency does not disagree within 60 calendar days after the date of the notification, that—

(A) the property is no longer valuable for the purpose of conservation or management of fish, wildlife, plants, and other natural resources; and

(B) the purposes of the Foundation would be better served by use of the proceeds of the conveyance for other authorized activities of the Foundation.

(f) Establishment of national whale conservation endowment fund

(1) In carrying out the purposes under section 3701(b) of this title, the Foundation may establish a national whale conservation endowment fund, to be used by the Foundation to support research, management activities, or educational programs that contribute to the protection, conservation, or recovery of whale populations in waters of the United States.

(2)(A) In a manner consistent with subsection (c)(1) of this section, the Foundation may—

(i) accept, receive, solicit, hold, administer, and use any gift, devise, or bequest made to the Foundation for the express purpose of supporting whale conservation; and

(ii) deposit in the endowment fund under paragraph (1) any funds made available to the Foundation under this subparagraph, including any income or interest earned from a gift, devise, or bequest received by the Foundation under this subparagraph.

(B) To raise funds to be deposited in the endowment fund under paragraph (1), the Foundation may enter into appropriate arrangements to provide for the design, copyright, production, marketing, or licensing, of logos, seals, decals, stamps, or any other item that the Foundation determines to be appropriate.

(C)(i) The Secretary of Commerce may transfer to the Foundation for deposit in the endowment fund under paragraph (1) any amount (or portion thereof) received by the Secretary under section 1375(a)(1) of this title as a civil penalty assessed by the Secretary under that section.

(ii) The Directors of the Board shall ensure that any amounts transferred to the Foundation under clause (i) for the endowment fund under paragraph (1) are deposited in that fund in accordance with this subparagraph.

(3) It is the intent of Congress that in making expenditures from the endowment fund under paragraph (1) to carry out activities specified in that paragraph, the Foundation should give priority to funding projects that address the conservation of populations of whales that the Foundation determines—

(A) are the most endangered (including the northern right whale (*Eubaleana glacialis*)); or

(B) most warrant, and are most likely to benefit from, research management, or educational activities that may be funded with amounts made available from the fund.

(g) Consultation

In carrying out any action on the part of the Foundation under subsection (f) of this section, the Directors of the Board shall consult with the Administrator of the National Oceanic and Atmospheric Administration and the Marine Mammal Commission.

(h) Expenditures for printing services or capital equipment

The Foundation shall not make any expenditure of Federal funds in connection with any one transaction for printing services or capital equipment that is greater than \$10,000 unless the expenditure is approved by the Federal agency that administers the Federal program under which the funds were provided.

(i) Notice to Members of Congress

The Foundation shall not make a grant of Federal funds in an amount greater than \$10,000 unless, by not later than 30 days before the grant is made, the Foundation provides notice of the grant to the Member of Congress for the congressional district in which the project to be funded with the grant will be carried out.

CONGRESSIONAL FINDINGS—NATIONAL WHALE CONSERVATION

Pub. L. 105-277, div. A, §101(b) [title IX, §902], Oct. 21, 1998, 112 Stat. 2681-50, 2681-119, provided that: “Congress finds that—

“(1) the populations of whales that occur in waters of the United States are resources of substantial ecological, scientific, socioeconomic, and esthetic value;

“(2) whale populations—

“(A) form a significant component of marine ecosystems;

“(B) are the subject of intense research;

“(C) provide for a multimillion dollar whale watching tourist industry that provides the public an opportunity to enjoy and learn about great whales and the ecosystems of which the whales are a part; and

“(D) are of importance to Native Americans for cultural and subsistence purposes;

“(3) whale populations are in various stages of recovery, and some whale populations, such as the northern right whale (*Eubaleana glacialis*) remain perilously close to extinction;

“(4) the interactions that occur between ship traffic, commercial fishing, whale watching vessels, and other recreational vessels and whale populations may affect whale populations adversely;

“(5) the exploration and development of oil, gas, and hard mineral resources, marine debris, chemical pollutants, noise, and other anthropogenic sources of change in the habitat of whales may affect whale populations adversely;

“(6) the conservation of whale populations is subject to difficult challenges related to—

“(A) the migration of whale populations across international boundaries;

“(B) the size of individual whales, as that size precludes certain conservation research procedures that may be used for other animal species, such as captive research and breeding;

“(C) the low reproductive rates of whales that require long-term conservation programs to ensure recovery of whale populations; and

“(D) the occurrence of whale populations in offshore waters where undertaking research, monitoring, and conservation measures is difficult and costly;

“(7)(A) the Secretary of Commerce, through the Administrator of the National Oceanic and Atmospheric

Administration, has research and regulatory responsibility for the conservation of whales under the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361 et seq.); and

DRAW DOWN OF FEDERAL FUNDS; EXEMPTION FROM AUDIT REQUIREMENTS

Pub. L. 102-440, title III, §304, Oct. 23, 1992, 106 Stat. 2235, which provided that the National Fish and Wildlife Foundation could continue to draw down Federal funds when matching requirements had been met, that interest earned on funds already drawn down was to be used to fund all activities as approved by the Board of Directors, and that Foundation subgrantees would be exempt from the audit reporting and compliance requirements of OMB Circular A-133, for all grants of \$100,000 or less, was repealed by Pub. L. 106-408, title II, §204(d), Nov. 1, 2000, 114 Stat. 1779.

§ 3704. Administrative services and support

(b) Reimbursement

The Foundation may reimburse the Secretary for any administrative service provided under subsection (a) of this section. The Secretary shall deposit any reimbursement received under this subsection into the Treasury to the credit of the appropriations then current and chargeable for the cost of providing such services.

Notwithstanding any other provision of this section, the Secretary of the Interior is authorized to continue to provide facilities, and necessary support services for such facilities, to the National Fish and Wildlife Foundation after March 26, 1989, on a space available, reimbursable cost basis.
