

(c) Injunctions**(1) In general**

Subject to paragraph (2), the length of any preliminary injunctive relief and stays pending appeal covering an authorized hazardous fuel reduction project carried out under this subchapter shall not exceed 60 days.

(2) Renewal**(A) In general**

A court of competent jurisdiction may issue 1 or more renewals of any preliminary injunction, or stay pending appeal, granted under paragraph (1).

(B) Updates

In each renewal of an injunction in an action, the parties to the action shall present the court with updated information on the status of the authorized hazardous fuel reduction project.

(3) Balancing of short- and long-term effects

As part of its weighing the equities while considering any request for an injunction that applies to an agency action under an authorized hazardous fuel reduction project, the court reviewing the project shall balance the impact to the ecosystem likely affected by the project of—

(A) the short- and long-term effects of undertaking the agency action; against

(B) the short- and long-term effects of not undertaking the agency action.

(Pub. L. 108–148, title I, §106, Dec. 3, 2003, 117 Stat. 1900.)

§ 6517. Effect of subchapter**(a) Other authority**

Nothing in this subchapter affects, or otherwise biases, the use by the Secretary of other statutory or administrative authority (including categorical exclusions adopted to implement the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.)) to conduct a hazardous fuel reduction project on Federal land (including Federal land identified in section 6512(d) of this title) that is not conducted using the process authorized by section 6514 of this title.

(b) National Forest System

For projects and activities of the National Forest System other than authorized hazardous fuel reduction projects, nothing in this subchapter affects, or otherwise biases, the notice, comment, and appeal procedures for projects and activities of the National Forest System contained in part 215 of title 36, Code of Federal Regulations, or the consideration or disposition of any legal action brought with respect to the procedures.

(Pub. L. 108–148, title I, §107, Dec. 3, 2003, 117 Stat. 1900.)

REFERENCES IN TEXT

The National Environmental Policy Act of 1969, referred to in subsec. (a), is Pub. L. 91–190, Jan. 1, 1970, 83 Stat. 852, as amended, which is classified generally to chapter 55 (§4321 et seq.) of Title 42, The Public Health and Welfare. For complete classification of this Act to

the Code, see Short Title note set out under section 4321 of Title 42 and Tables.

§ 6518. Authorization of appropriations

There is authorized to be appropriated \$760,000,000 for each fiscal year to carry out—

(1) activities authorized by this subchapter; and

(2) other hazardous fuel reduction activities of the Secretary, including making grants to States, local governments, Indian tribes, and other eligible recipients for activities authorized by law.

(Pub. L. 108–148, title I, §108, Dec. 3, 2003, 117 Stat. 1901.)

SUBCHAPTER II—BIOMASS

§ 6531. Biomass commercial utilization grant program**(a) In general**

In addition to any other authority of the Secretary of Agriculture to make grants to a person that owns or operates a facility that uses biomass as a raw material to produce electric energy, sensible heat, transportation fuel, or substitutes for petroleum-based products, the Secretary may make grants to a person that owns or operates a facility that uses biomass for wood-based products or other commercial purposes to offset the costs incurred to purchase biomass.

(b) Authorization of appropriations

There is authorized to be appropriated to carry out this section \$5,000,000 for each of fiscal years 2004 through 2008.

(Pub. L. 108–148, title II, §203, Dec. 3, 2003, 117 Stat. 1902.)

SUBCHAPTER III—WATERSHED FORESTRY ASSISTANCE

§ 6541. Findings and purposes**(a) Findings**

Congress finds that—

(1) there has been a dramatic shift in public attitudes and perceptions about forest management, particularly in the understanding and practice of sustainable forest management;

(2) it is commonly recognized that the proper stewardship of forest land is essential to sustaining and restoring the health of watersheds;

(3) forests can provide essential ecological services in filtering pollutants, buffering important rivers and estuaries, and minimizing flooding, which makes forest restoration worthy of special focus; and

(4) strengthened education, technical assistance, and financial assistance for nonindustrial private forest landowners and communities, relating to the protection of watershed health, is needed to realize the expectations of the general public.

(b) Purposes

The purposes of this subchapter are—

(1) to improve landowner and public understanding of the connection between forest management and watershed health;

(2) to encourage landowners to maintain tree cover on property and to use tree plantings and vegetative treatments as creative solutions to watershed problems associated with varying land uses;

(3) to enhance and complement forest management and buffer use for watersheds, with an emphasis on community watersheds;

(4) to establish new partnerships and collaborative watershed approaches to forest management, stewardship, and conservation;

(5) to provide technical and financial assistance to States to deliver a coordinated program that enhances State forestry best-management practices programs, and conserves and improves forested land and potentially forested land, through technical, financial, and educational assistance to qualifying individuals and entities; and

(6) to maximize the proper management and conservation of wetland forests and to assist in the restoration of those forests.

(Pub. L. 108-148, title III, §301, Dec. 3, 2003, 117 Stat. 1902.)

REFERENCES IN TEXT

This subchapter, referred to in subsec. (b), was in the original “this title”, meaning title III of Pub. L. 108-148, Dec. 3, 2003, 117 Stat. 1902, which enacted this subchapter and section 2103b of this title. For complete classification of title III to the Code, see Tables.

§ 6542. Tribal watershed forestry assistance

(a) In general

The Secretary of Agriculture (referred to in this section as the “Secretary”), acting through the Chief of the Forest Service, shall provide technical, financial, and related assistance to Indian tribes for the purpose of expanding tribal stewardship capacities and activities through tribal forestry best-management practices and other means at the tribal level to address watershed issues on land under the jurisdiction of or administered by the Indian tribes.

(b) Technical assistance to protect water quality

(1) In general

The Secretary, in cooperation with Indian tribes, shall develop a program to provide technical assistance to protect water quality, as described in paragraph (2).

(2) Purpose of program

The program under this subsection shall be designed—

(A) to build and strengthen watershed partnerships that focus on forested landscapes at the State, regional, tribal, and local levels;

(B) to provide tribal forestry best-management practices and water quality technical assistance directly to Indian tribes;

(C) to provide technical guidance to tribal land managers and policy makers for water quality protection through forest management;

(D) to complement tribal efforts to protect water quality and provide enhanced opportunities for consultation and cooperation among Federal agencies and tribal entities charged with responsibility for water and watershed management; and

(E) to provide enhanced forest resource data and support for improved implementation and monitoring of tribal forestry best-management practices.

(c) Watershed forestry program

(1) In general

The Secretary shall establish a watershed forestry program in cooperation with Indian tribes.

(2) Programs and projects

Funds or other support provided under the program shall be made available for tribal forestry best-management practices programs and watershed forestry projects.

(3) Annual awards

The Secretary shall annually make awards to Indian tribes to carry out this subsection.

(4) Project elements and objectives

A watershed forestry project shall accomplish critical forest stewardship, watershed protection, and restoration needs within land under the jurisdiction of or administered by an Indian tribe by demonstrating the value of trees and forests to watershed health and condition through—

(A) the use of trees as solutions to water quality problems;

(B) application of and dissemination of monitoring information on forestry best-management practices relating to watershed forestry;

(C) watershed-scale forest management activities and conservation planning;

(D) the restoration of wetland and streamside forests and the establishment of riparian vegetative buffers; and

(E) tribal-based planning, involvement, and action through State, tribal, local, and nonprofit partnerships.

(5) Prioritization

An Indian tribe that participates in the program under this subsection shall prioritize watersheds in land under the jurisdiction of or administered by the Indian tribe to target watershed forestry projects funded under this subsection.

(6) Watershed forester

The Secretary may provide to Indian tribes under this section financial and technical assistance to establish a position of tribal forester to lead tribal programs and coordinate small watershed-level projects.

(d) Distribution

The Secretary shall devote—

(1) at least 75 percent of the funds made available for a fiscal year under subsection (e) to the program under subsection (c); and

(2) the remainder of the funds to deliver technical assistance, education, and planning in the field to Indian tribes.

(e) Authorization of appropriations

There is authorized to be appropriated to carry out this section \$2,500,000 for each of fiscal years 2004 through 2008.

(Pub. L. 108-148, title III, §303, Dec. 3, 2003, 117 Stat. 1905.)
