“(5) The Congress directs that during the fiscal year ending June 30, 1975, not more than 30 percent of concessional food aid should be allocated to countries other than those which are most seriously affected by current food shortages, unless the President demonstrates to the appropriate Committees of the Congress that the use of such food assistance is solely for humanitarian food purposes.

“(6) The Congress calls upon the President to proceed with the implementation of resolutions and recommendations adopted by the World Food Conference. The Congress believes that it is incumbent upon the United States to take a leading role in assisting in the development of a viable and coherent world food policy which would begin the task of alleviating widespread hunger and suffering prevalent in famine-stricken nations. The President shall report to the Congress within 120 days of enactment of this Act [Dec. 30, 1974] on the implementation of the resolutions and the extent to which the United States is participating in the implementation of resolutions adopted at the World Food Conference.”
