§ 2356. Patents and technical information

(a) Practice of invention or disclosure of information; suits against United States for reasonable compensation; jurisdiction; limitation of action; defenses

Whenever, in connection with the furnishing of assistance under this chapter—

(1) an invention or discovery covered by a patent issued by the United States Government is practiced within the United States without the authorization of the owner, or

(2) information, which is (A) protected by law, and (B) held by the United States Government subject to restrictions imposed by the owner, is disclosed by the United States Government or any of its officers, employees, or agents in violation of such restrictions,
