

disease containment as a global strategy has beneficial ramifications for millions of Americans and their families who are affected by this disease, and the entire population which is potentially susceptible.

(b) Purposes

The purposes of this chapter are to—

(1) help prevent human suffering through the prevention, diagnosis, and treatment of HIV/AIDS; and

(2) help ensure the viability of economic development, stability, and national security in the developing world by advancing research to—

(A) understand the causes associated with HIV/AIDS in developing countries; and

(B) assist in the development of an AIDS vaccine.

SUBCHAPTER I—UNITED STATES ASSISTANCE

§ 6811. Coordinated donor strategy for support and education of orphans in sub-Saharan Africa

(a) Statement of policy

It is in the national interest of the United States to assist in mitigating the burden that will be placed on sub-Saharan African social, economic, and political institutions as these institutions struggle with the consequences of a dramatically increasing AIDS orphan population, many of whom are themselves infected by HIV and living with AIDS. Effectively addressing that burden and its consequences in sub-Saharan Africa will require a coordinated multidonor strategy.

(b) Development of strategy

The President shall coordinate the development of a multidonor strategy to provide for the support and education of AIDS orphans and the families, communities, and institutions most affected by the HIV/AIDS epidemic in sub-Saharan Africa.

(c) Definition

In this section, the term “HIV/AIDS” means, with respect to an individual, an individual who is infected with the human immunodeficiency virus (HIV), the pathogen that causes the acquired immune deficiency virus (AIDS), or living with AIDS.

(Pub. L. 106-264, title I, §113, Aug. 19, 2000, 114 Stat. 753.)

§ 6812. African crisis response initiative and HIV/AIDS training

(a) Findings

Congress finds that—

(1) the spread of HIV/AIDS constitutes a threat to security in Africa;

(2) civil unrest and war may contribute to the spread of the disease to different parts of the continent;

(3) the percentage of soldiers in African militaries who are infected with HIV/AIDS is un-

known, but estimates range in some countries as high as 40 percent; and

(4) it is in the interests of the United States to assist the countries of Africa in combating the spread of HIV/AIDS.

(b) Education on the prevention of the spread of AIDS

In undertaking education and training programs for military establishments in African countries, the United States shall ensure that classroom training under the African Crisis Response Initiative includes military-based education on the prevention of the spread of AIDS.

SUBCHAPTER II—WORLD BANK AIDS TRUST FUND

PART A—ESTABLISHMENT OF THE FUND

§ 6821. Establishment

(a) Negotiations for establishment of Trust Fund

The Secretary of the Treasury shall seek to enter into negotiations with the World Bank or the Association, in consultation with the Administrator of the United States Agency for International Development and other United States Government agencies, and with the member nations of the World Bank or the Association and with other interested parties, for the establishment within the World Bank of—

(1) the World Bank AIDS Trust Fund (in this subchapter referred to as the “Trust Fund”) in accordance with the provisions of this part; and

(2) the Advisory Board to the Trust Fund in accordance with section 6824 of this title.

(b) Purpose

The purpose of the Trust Fund should be to use contributed funds to—

(1) assist in the prevention and eradication of HIV/AIDS and the care and treatment of individuals infected with HIV/AIDS; and

(2) provide support for the establishment of programs that provide health care and primary and secondary education for children orphaned by the HIV/AIDS epidemic.

(c) Composition

(1) In general

The Trust Fund should be governed by a Board of Trustees, which should be composed of representatives of the participating donor countries to the Trust Fund. Individuals appointed to the Board should have demonstrated knowledge and experience in the fields of public health, epidemiology, health care (including delivery systems), and development.

(2) United States representation

(A) In general

Upon the effective date of this paragraph, there shall be a United States member of the Board of Trustees, who shall be appointed by the President, by and with the advice and consent of the Senate, and who shall have the qualifications described in paragraph (1).
