§ 2653. Taxation of multiple skips

(a) General rule

For purposes of this chapter, if—

(1) there is a generation-skipping transfer of any property, and

(2) immediately after such transfer such property is held in trust,

for purposes of applying this chapter (other than section 2651) to subsequent transfers from the portion of such trust attributable to such property, the trust will be treated as if the transferor of such property were assigned to the first generation above the highest generation of any person who has an interest in such trust immediately after the transfer.

(b) Trust retains inclusion ratio

(1) In general

Except as provided in paragraph (2), the provisions of subsection (a) shall not affect the inclusion ratio determined with respect to any trust. Under regulations prescribed by the Secretary, notwithstanding the preceding sentence, proper adjustment shall be made to the inclusion ratio with respect to such trust to take into account any tax under this chapter borne by such trust which is imposed by this chapter on the transfer described in subsection (a).

(2) Special rule for pour-over trust

(A) In general

If the generation-skipping transfer referred to in subsection (a) involves the transfer of property from 1 trust to another trust (hereinafter in this paragraph referred to as the “pour-over trust”), the inclusion ratio for the pour-over trust shall be determined by treating the nontax portion of such distribution as if it were a part of a GST exemption allocated to such trust.

(B) Nontax portion

For purposes of subparagraph (A), the nontax portion of any distribution is the amount of such distribution multiplied by the applicable fraction which applies to such distribution.

(Added Pub. L. 99-514, title XIV, § 1431(a), Oct. 22, 1986, 100 Stat. 2727.)

§ 2654. Special rules

(a) Basis adjustment

(1) In general

Except as provided in paragraph (2), if property is transferred in a generation-skipping transfer, the basis of such property shall be increased (but not above the fair market value of such property) by an amount equal to that portion of the tax imposed by section 2601 (computed without regard to section 2604) with respect to the transfer which is attributable to the excess of the fair market value of such property over its adjusted basis immediately before the transfer. The preceding shall be applied after any basis adjustment under section 1015 with respect to the transfer.

(2) Certain transfers at death

If property is transferred in a taxable termination which occurs at the same time as and as a result of the death of an individual, the basis of such property shall be adjusted in a manner similar to the manner provided under section 1014(a); except that, if the inclusion ratio with respect to such property is less than 1, any increase or decrease in basis shall be limited by multiplying such increase or decrease (as the case may be) by the inclusion ratio.
