

SHORT TITLE

Pub. L. 98-623, title II, § 201, Nov. 8, 1984, 98 Stat. 3394, provided that: “This title [enacting this chapter and section 1220d of Title 16, Conservation, and amending sections 1220 to 1220c of Title 16] may be cited as the ‘National Fishing Enhancement Act of 1984’.”

§ 2102. Establishment of standards

Based on the best scientific information available, artificial reefs in waters covered under this chapter shall be sited and constructed, and subsequently monitored and managed in a manner which will—

- (1) enhance fishery resources to the maximum extent practicable;
- (2) facilitate access and utilization by United States recreational and commercial fishermen;
- (3) minimize conflicts among competing uses of waters covered under this chapter and the resources in such waters;
- (4) minimize environmental risks and risks to personal health and property; and
- (5) be consistent with generally accepted principles of international law and shall not create any unreasonable obstruction to navigation.

(Pub. L. 98-623, title II, § 203, Nov. 8, 1984, 98 Stat. 3395.)

§ 2103. National artificial reef plan

Not later than one year after November 8, 1984, the Secretary of Commerce, in consultation with the Secretary of the Interior, the Secretary of Defense, the Administrator of the Environmental Protection Agency, the Secretary of the Department in which the Coast Guard is operating, the Regional Fishery Management¹ Councils, interested States, Interstate Fishery Commissions, and representatives of the private sector, shall develop and publish a long-term plan which will meet the purpose of this chapter and be consistent with the standards established under section 2102 of this chapter. The plan must include—

- (1) geographic, hydrographic, geologic, biological, ecological, social, economic, and other criteria for siting artificial reefs;
- (2) design, material, and other criteria for constructing artificial reefs;
- (3) mechanisms and methodologies for monitoring the compliance of artificial reefs with the requirements of permits issued under section 2104 of this title;
- (4) mechanisms and methodologies for managing the use of artificial reefs;
- (5) a synopsis of existing information on artificial reefs and needs for further research on artificial reef technology and management strategies; and
- (6) an evaluation of alternatives for facilitating the transfer of artificial reef construction materials to persons holding permits issued pursuant to section 2104 of this title, including, but not limited to, credits for environmental mitigation and modified tax obligations.

(Pub. L. 98-623, title II, § 204, Nov. 8, 1984, 98 Stat. 3395.)

¹ So in original. Probably should be “Management”.

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 2104. Permits for construction and management of artificial reefs**(a) Secretarial action on permits**

In issuing a permit for artificial reefs under section 403 of this title, section 1344 of this title, or section 1333(e) of title 43, the Secretary of the Army (hereinafter in this section referred to as the “Secretary”) shall—

- (1) consult with and consider the views of appropriate Federal agencies, States, local governments, and other interested parties;
- (2) ensure that the provisions for siting, constructing, monitoring, and managing the artificial reef are consistent with the criteria and standards established under this chapter;
- (3) ensure that the title to the artificial reef construction material is unambiguous, and that responsibility for maintenance and the financial ability to assume liability for future damages are clearly established; and
- (4) consider the plan developed under section 2103 of this title and notify the Secretary of Commerce of any need to deviate from that plan.

(b) Terms and conditions of permits

(1) Each permit issued by the Secretary subject to this section shall specify the design and location for construction of the artificial reef and the types and quantities of materials that may be used in constructing such artificial reef. In addition, each such permit shall specify such terms and conditions for the construction, operation, maintenance, monitoring, and managing the use of the artificial reef as are necessary for compliance with all applicable provisions of law and as are necessary to ensure the protection of the environment and human safety and property.

(2) Before issuing a permit under section 1342 of this title for any activity relating to the siting, design, construction, operation, maintenance, monitoring, or managing of an artificial reef, the Administrator of the Environmental Protection Agency shall consult with the Secretary to ensure that such permit is consistent with any permit issued by the Secretary subject to this section.

(c) Liability of permittee

(1) A person to whom a permit is issued in accordance with subsection (a) of this section and any insurer of that person shall not be liable for damages caused by activities required to be undertaken under any terms and conditions of the permit, if the permittee is in compliance with such terms and conditions.

(2) A person to whom a permit is issued in accordance with subsection (a) of this section and any insurer of that person shall be liable, to the extent determined under applicable law, for damages to which paragraph (1) does not apply.

(3) The Secretary may not issue a permit subject to this section to a person unless that person demonstrates to the Secretary the financial ability to assume liability for all damages that may arise with respect to an artificial reef and for which such permittee may be liable.

(4) Any person who has transferred title to artificial reef construction materials to a person to whom a permit is issued in accordance with subsection (a) of this section shall not be liable for damages arising from the use of such materials in an artificial reef, if such materials meet applicable requirements of the plan published under section 2103 of this title and are not otherwise defective at the time title is transferred.

(d) Liability of the United States

Nothing in this chapter creates any liability on the part of the United States.

(e) Civil penalty

Any person who, after notice and an opportunity for a hearing, is found to have violated any provision of a permit issued in accordance with subsection (a) of this section shall be liable to the United States for a civil penalty, not to exceed \$10,000 for each violation. The amount of the civil penalty shall be assessed by the Secretary by written notice. In determining the amount of such penalty, the Secretary shall take into account the nature, circumstances, extent, and gravity of the violation. The Secretary may compromise, modify, or remit with or without conditions, any civil penalty which is subject to imposition or which has been imposed under this section. If any person fails to pay an assessment of a civil penalty after it has become final, the Secretary may refer the matter to the Attorney General for collection.

(Pub. L. 98-623, title II, §205, Nov. 8, 1984, 98 Stat. 3396.)

§ 2105. Definitions

For purposes of this chapter—

(1) The term “artificial reef” means a structure which is constructed or placed in waters covered under this chapter for the purpose of enhancing fishery resources and commercial and recreational fishing opportunities.

(2) The term “State” means a State of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands, American Samoa, Guam, Johnston Island, Midway Island, and Wake Island.

(3) The term “waters covered under this chapter” means the navigable waters of the United States and the waters superjacent to the Outer Continental Shelf as defined in section 1331 of title 43, to the extent such waters exist in or are adjacent to any State.

(Pub. L. 98-623, title II, §206, Nov. 8, 1984, 98 Stat. 3397.)

§ 2106. Savings clauses

(a) Tennessee Valley Authority jurisdiction

Nothing in this chapter shall be construed as replacing or superseding section 831y-1 of title 16.

(b) State jurisdiction

Nothing in this chapter shall be construed as extending or diminishing the jurisdiction or au-

thority of any State over the siting, construction, monitoring, or managing of artificial reefs within its boundaries.

(Pub. L. 98-623, title II, § 208, Nov. 8, 1984, 98 Stat. 3398.)
