

an Ocean Exploration Advisory Board composed of experts in relevant fields—

- (1) to advise the Administrator on priority areas for survey and discovery;
- (2) to assist the program in the development of a 5-year strategic plan for the fields of ocean, marine, and Great Lakes science, exploration, and discovery;
- (3) to annually review the quality and effectiveness of the proposal review process established under section 3403(a)(4) of this title; and
- (4) to provide other assistance and advice as requested by the Administrator.

(b) Federal Advisory Committee Act

Section 14 of the Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the Board appointed under subsection (a).

(c) Application with Outer Continental Shelf Lands Act

Nothing in subchapter¹ supersedes, or limits the authority of the Secretary of the Interior under the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.).

SUBCHAPTER II—NOAA UNDERSEA RESEARCH PROGRAM

§ 3421. Program established

(a) In general

The Administrator of the National Oceanic and Atmospheric Administration shall establish and maintain an undersea research program and shall designate a Director of that program.

(b) Purpose

The purpose of the program is to increase scientific knowledge essential for the informed management, use, and preservation of oceanic, marine, and coastal areas and the Great Lakes.

¹ So in original. Probably should be preceded by “this”.

(Pub. L. 111–11, title XII, §12102, Mar. 30, 2009, 123 Stat. 1419.)

SHORT TITLE

This subchapter known as the “NOAA Undersea Research Program Act of 2009”, see Short Title note set out under section 3401 of this title.

§ 3422. Powers of program Director

The Director of the program, in carrying out the program, shall—

- (1) cooperate with institutions of higher education and other educational marine and ocean science organizations, and shall make available undersea research facilities, equipment, technologies, information, and expertise to support undersea research efforts by these organizations;
- (2) enter into partnerships, as appropriate and using existing authorities, with the private sector to achieve the goals of the program and to promote technological advancement of the marine industry; and
- (3) coordinate the development of agency budgets and identify the items in their annual budget that support the activities described in paragraphs (1) and (2).

(Pub. L. 111–11, title XII, §12103, Mar. 30, 2009, 123 Stat. 1419.)

§ 3423. Administrative structure

(a) In general

The program shall be conducted through a national headquarters, a network of extramural regional undersea research centers that represent all relevant National Oceanic and Atmospheric Administration regions, and the National Institute for Undersea Science and Technology.

(b) Direction

The Director shall develop the overall direction of the program in coordination with a Council of Center Directors comprised of the directors of the extramural regional centers and the National Institute for Undersea Science and Technology. The Director shall publish a draft program direction document not later than 1 year after March 30, 2009, in the Federal Register for a public comment period of not less than 120 days. The Director shall publish a final program direction, including responses to the comments received during the public comment period, in the Federal Register within 90 days after the close of the comment period. The program director shall update the program direction, with opportunity for public comment, at least every 5 years.

(Pub. L. 111–11, title XII, §12104, Mar. 30, 2009, 123 Stat. 1419.)

§ 3424. Research, exploration, education, and technology programs

(a) In general

The following research, exploration, education, and technology programs shall be conducted through the network of regional centers and the National Institute for Undersea Science and Technology:

- (1) Core research and exploration based on national and regional undersea research priorities.
