

(g) Correction of defects by manufacturer; conditions; procedures; contract or legal rights of purchasers or other persons unaffected

A manufacturer required to furnish notification of a defect under subsection (a) or (e) of this section shall also bring the manufactured home into compliance with applicable standards and correct the defect or have the defect corrected within a reasonable period of time at no expense to the owner, but only if—

- (1) the defect presents an unreasonable risk of injury or death to occupants of the affected manufactured home or homes;
- (2) the defect can be related to an error in design or assembly of the manufactured home by the manufacturer.

The Secretary may direct the manufacturer to make such corrections after providing an opportunity for oral and written presentation of views by interested persons. Nothing in this section shall limit the rights of the purchaser or any other person under any contract or applicable law.

(h) Submission to Secretary by manufacturer of plan for notifying owners of defects and repair of defects; approval of manufacturer's remedy plan; effectuation and implementation of remedy plan

The manufacturer shall submit his plan for notifying owners of the defect and for repairing such defect (if required under subsection (g) of this section) to the Secretary for his approval before implementing such plan. Whenever a manufacturer is required under subsection (g) of this section to correct a defect, the Secretary shall approve with or without modification, after consultation with the manufacturer of the manufactured home involved, such manufacturer's remedy plan including the date when, and the method by which, the notification and remedy required pursuant to this section shall be effectuated. Such date shall be the earliest practicable one but shall not be more than sixty days after the date of discovery or determination of the defect or failure to comply, unless the Secretary grants an extension of such period for good cause shown and publishes a notice of such extension in the Federal Register. Such manufacturer is bound to implement such remedy plan as approved by the Secretary.

(i) Defective or inadequately repaired manufactured homes; replacement with new or equivalent home or refund of purchase price

Where a defect or failure to comply in a manufactured home cannot be adequately repaired within sixty days from the date of discovery or determination of the defect, the Secretary may require that the manufactured home be replaced with a new or equivalent home without charge, or that the purchase price be refunded in full, less a reasonable allowance for depreciation based on actual use if the home has been in the possession of the owner for more than one year.
