

**(d) Monitoring, etc., carried out by Administrator**

(1) If the Administrator determines that no owner or operator referred to in subsection (a) or (b) of this section is able to conduct monitoring, testing, analysis, or reporting satisfactory to the Administrator, if the Administrator deems any such action carried out by an owner or operator to be unsatisfactory, or if the Administrator cannot initially determine that there is an owner or operator referred to in subsection (a) or (b) of this section who is able to conduct such monitoring, testing, analysis, or reporting, he may—

(A) conduct monitoring, testing, or analysis (or any combination thereof) which he deems reasonable to ascertain the nature and extent of the hazard associated with the site concerned, or

(B) authorize a State or local authority or other person to carry out any such action,

and require, by order, the owner or operator referred to in subsection (a) or (b) of this section to reimburse the Administrator or other authority or person for the costs of such activity.

(2) No order may be issued under this subsection requiring reimbursement of the costs of any action carried out by the Administrator which confirms the results of an order issued under subsection (a) or (b) of this section.

(3) For purposes of carrying out this subsection, the Administrator or any authority or other person authorized under paragraph (1), may exercise the authorities set forth in section 6927 of this title.

**(e) Enforcement**

The Administrator may commence a civil action against any person who fails or refuses to comply with any order issued under this section. Such action shall be brought in the United States district court in which the defendant is located, resides, or is doing business. Such court shall have jurisdiction to require compliance with such order and to assess a civil penalty of not to exceed \$5,000 for each day during which such failure or refusal occurs.

(Pub. L. 89-272, title II, §3013, as added Pub. L. 96-482, §17(a), Oct. 21, 1980, 94 Stat. 2344.)

**TRANSFER OF FUNCTIONS**

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

**§ 6935. Restrictions on recycled oil****(a) In general**

Not later than one year after October 15, 1980, the Administrator shall promulgate regulations establishing such performance standards and other requirements as may be necessary to protect the public health and the environment from hazards associated with recycled oil. In developing such regulations, the Administrator shall conduct an analysis of the economic impact of

the regulations on the oil recycling industry. The Administrator shall ensure that such regulations do not discourage the recovery or recycling of used oil, consistent with the protection of human health and the environment.

**(b) Identification or listing of used oil as hazardous waste**

Not later than twelve months after November 8, 1984, the Administrator shall propose whether to list or identify used automobile and truck crankcase oil as hazardous waste under section 6921 of this title. Not later than twenty-four months after November 8, 1984, the Administrator shall make a final determination whether to list or identify used automobile and truck crankcase oil and other used oil as hazardous wastes under section 6921 of this title.

**(c) Used oil which is recycled**

(1) With respect to generators and transporters of used oil identified or listed as a hazardous waste under section 6921 of this title, the standards promulgated under section<sup>1</sup> 6921(d), 6922, and 6923 of this title shall not apply to such used oil if such used oil is recycled.

(2)(A) In the case of used oil which is exempt under paragraph (1), not later than twenty-four months after November 8, 1984, the Administrator shall promulgate such standards under this subsection regarding the generation and transportation of used oil which is recycled as may be necessary to protect human health and the environment. In promulgating such regulations with respect to generators, the Administrator shall take into account the effect of such regulations on environmentally acceptable types of used oil recycling and the effect of such regulations on small quantity generators and generators which are small businesses (as defined by the Administrator).

(B) The regulations promulgated under this subsection shall provide that no generator of used oil which is exempt under paragraph (1) from the standards promulgated under section<sup>1</sup> 6921(d), 6922, and 6923 of this title shall be subject to any manifest requirement or any associated recordkeeping and reporting requirement with respect to such used oil if such generator—

(i) either—

(I) enters into an agreement or other arrangement (including an agreement or arrangement with an independent transporter or with an agent of the recycler) for delivery of such used oil to a recycling facility which has a permit under section 6925(c) of this title (or for which a valid permit is deemed to be in effect under subsection (d) of this section), or

(II) recycles such used oil at one or more facilities of the generator which has such a permit under section 6925 of this title (or for which a valid permit is deemed to have been issued under subsection (d) of this section);

(ii) such used oil is not mixed by the generator with other types of hazardous wastes; and

(iii) the generator maintains such records relating to such used oil, including records of agreements or other arrangements for delivery

<sup>1</sup> So in original. Probably should be "sections".

of such used oil to any recycling facility referred to in clause (i)(I), as the Administrator deems necessary to protect human health and the environment.

(3) The regulations under this subsection regarding the transportation of used oil which is exempt from the standards promulgated under section<sup>1</sup> 6921(d), 6922, and 6923 of this title under paragraph (1) shall require the transporters of such used oil to deliver such used oil to a facility which has a valid permit under section 6925 of this title or which is deemed to have a valid permit under subsection (d) of this section. The Administrator shall also establish other standards for such transporters as may be necessary to protect human health and the environment.

**(d) Permits**

(1) The owner or operator of a facility which recycles used oil which is exempt under subsection (c)(1) of this section, shall be deemed to have a permit under this subsection for all such treatment or recycling (and any associated tank or container storage) if such owner and operator comply with standards promulgated by the Administrator under section 6924 of this title; except that the Administrator may require such owners and operators to obtain an individual permit under section 6925(c) of this title if he determines that an individual permit is necessary to protect human health and the environment.

(2) Notwithstanding any other provision of law, any generator who recycles used oil which is exempt under subsection (c)(1) of this section shall not be required to obtain a permit under section 6925(c) of this title with respect to such used oil until the Administrator has promulgated standards under section 6924 of this title regarding the recycling of such used oil.

(Pub. L. 89-272, title II, § 3014, formerly § 3012, as added Pub. L. 96-463, § 7(a), Oct. 15, 1980, 94 Stat. 2057, and renumbered and amended Pub. L. 98-616, title II, §§ 241(a), 242, title V, § 502(g)(1), Nov. 8, 1984, 98 Stat. 3258, 3260, 3277.)

CODIFICATION

Section was formerly classified to section 6932 of this title.

AMENDMENTS

1984—Subsec. (a). Pub. L. 98-616, §§ 241(a), 242, designated existing provisions as subsec. (a) and inserted “, consistent with the protection of human health and the environment” at end.

Subsecs. (b) to (d). Pub. L. 98-616, § 241(a), added subsecs. (b) to (d).

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

**§ 6936. Expansion during interim status**

**(a) Waste piles**

The owner or operator of a waste pile qualifying for the authorization to operate under section 6925(e) of this title shall be subject to the

same requirements for liners and leachate collection systems or equivalent protection provided in regulations promulgated by the Administrator under section 6924 of this title before October 1, 1982, or revised under section 6924(o) of this title (relating to minimum technological requirements), for new facilities receiving individual permits under subsection (c) of section 6925 of this title, with respect to each new unit, replacement of an existing unit, or lateral expansion of an existing unit that is within the waste management area identified in the permit application submitted under section 6925 of this title, and with respect to waste received beginning six months after November 8, 1984.

**(b) Landfills and surface impoundments**

(1) The owner or operator of a landfill or surface impoundment qualifying for the authorization to operate under section 6925(e) of this title shall be subject to the requirements of section 6924(o) of this title (relating to minimum technological requirements), with respect to each new unit, replacement of an existing unit, or lateral expansion of an existing unit that is within the waste management area identified in the permit application submitted under this section, and with respect to waste received beginning 6 months after November 8, 1984.

(2) The owner or operator of each unit referred to in paragraph (1) shall notify the Administrator (or the State, if appropriate) at least sixty days prior to receiving waste. The Administrator (or the State) shall require the filing, within six months of receipt of such notice, of an application for a final determination regarding the issuance of a permit for each facility submitting such notice.

(3) In the case of any unit in which the liner and leachate collection system has been installed pursuant to the requirements of this section and in good faith compliance with the Administrator's regulations and guidance documents governing liners and leachate collection systems, no liner or leachate collection system which is different from that which was so installed pursuant to this section shall be required for such unit by the Administrator when issuing the first permit under section 6925 of this title to such facility, except that the Administrator shall not be precluded from requiring installation of a new liner when the Administrator has reason to believe that any liner installed pursuant to the requirements of this section is leaking. The Administrator may, under section 6924 of this title, amend the requirements for liners and leachate collection systems required under this section as may be necessary to provide additional protection for human health and the environment.

(Pub. L. 89-272, title II, § 3015, as added Pub. L. 98-616, title II, § 243(a), Nov. 8, 1984, 98 Stat. 3260.)

**§ 6937. Inventory of Federal agency hazardous waste facilities**

**(a) Program requirement; submission; availability; contents**

Each Federal agency shall undertake a continuing program to compile, publish, and submit to the Administrator (and to the State in the
