

the 270-day period in paragraph (1) to a date not later than 2 years after the date on which the signed application was received by the Secretary or Administrator.

(b) **CERTIFICATION OF REVIEW.**—The Secretary or Administrator may not guarantee or make a commitment to guarantee an obligation under this chapter unless the Secretary or Administrator certifies that a full and fair consideration of all the regulatory requirements, including economic soundness and financial requirements applicable to the obligor and related parties, and a thorough assessment of the technical, economic, and financial aspects of the loan application, has been made.

REVIEW OF APPLICATIONS FOR LOANS AND GUARANTEES

Pub. L. 110–181, div. C, title XXXV, § 3517, Jan. 28, 2008, 122 Stat. 595, provided that:

“(a) **FINDINGS.**—The Congress makes the following findings:

“(1) The maritime loan guarantee program was established by the Congress through the Merchant Marine Act, 1936 [see Short Title of 1936 Amendment note set out under section 101 of this title] to encourage domestic shipbuilding by making available federally backed loan guarantees for new construction to ship owners and operators.

“(2) The maritime loan guarantee program has a long and successful history of ship construction with a low historical default rate.

“(3) The current process for review of applications for maritime loans in the Department of Transportation has effectively discontinued the program as envisioned by the Congress.

“(4) The President has requested no funding for the loan guarantee program despite the stated national policy to foster the development and encourage the maintenance of a merchant marine in section 50101 of title 46, United States Code.

“(5) United States commercial shipyards were placed at a competitive disadvantage in the world

shipbuilding market by government subsidized foreign commercial shipyards.

“(6) The maritime loan guarantee program has the potential to modernize shipyards and the ships of the United States coastwise trade and restore a competitive position in the world shipbuilding market for United States shipyards.

“(7) The maritime loan guarantee program is a useful tool to encourage domestic shipbuilding, preserving a vital industrial capacity critical to the security of the United States.

“(b) **REQUIREMENTS.**—

“(1) **IN GENERAL.**—Within 180 days after the date of enactment of this Act [Jan. 28, 2008], the Administrator of the Maritime Administration shall develop and implement a comprehensive plan for the review of applications for loan guarantees under chapter 537 of title 46, United States Code.

“(2) **DEADLINE FOR ACTION ON APPLICATION.**—

“(A) **TRADITIONAL APPLICATIONS.**—In the comprehensive plan the Administrator will ensure that within the 90-day period following receipt of all pertinent documentation required for review of a traditional loan application, the application shall be either accepted or rejected.

“(B) **NONTRADITIONAL APPLICATIONS.**—In the comprehensive plan the Administrator will ensure that within the 180-day period following receipt of all pertinent documentation required for review of a nontraditional loan application, the application shall be either accepted or rejected.

“(C) **SUBMISSION TO CONGRESS.**—The Administrator shall submit a copy of the comprehensive plan to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Armed Services of the House of Representatives within 180 days after the date of enactment of this Act [Jan. 28, 2008].

“(d) **DEFINITIONS.**—In this section:

“(1) **TRADITIONAL APPLICATION.**—The term ‘traditional application’ means an application for a loan, guarantee, or commitment to guarantee submitted pursuant to chapter 537 of title 46, United States Code, that involves a market, technology, and financial structure of a type that has proven successful in previous applications and does not present an unreasonable risk to the United States, as determined by the Administrator of the Maritime Administration.

“(2) **NONTRADITIONAL APPLICATION.**—The term ‘nontraditional application’ means an application for a loan, guarantee, or commitment to guarantee submitted pursuant to chapter 537 of title 46, United States Code, that is not a traditional application, as determined by the Administrator of the Maritime Administration.”

§ 53704. Funding limits

(a) **GENERAL LIMITATIONS.**—The total unpaid principal amount of obligations guaranteed under this chapter and outstanding at one time may not exceed \$12,000,000,000. Of that amount—

(1) \$850,000,000 shall be limited to obligations related to fishing vessels and fishery facilities; and

(2) \$3,000,000,000 shall be limited to obligations related to eligible export vessels.

(b) **ADDITIONAL LIMITATIONS.**—Additional limitations may not be imposed on new commitments to guarantee loans for any fiscal year, except in amounts established in advance by annual authorization laws. A vessel eligible for a guarantee under this chapter may not be denied eligibility because of its type.

(c) **LIMITS BASED ON RISK FACTORS.**—

(1) **DEFINITION.**—In this subsection, the term “cost” has the meaning given that term in section 502 of the Federal Credit Reform Act of 1990 (2 U.S.C. 661a).

(2) SYSTEM OF RISK CATEGORIES.—The Secretary or Administrator shall—

(A) establish, and update annually, a system of risk categories for obligations guaranteed under this chapter that categorizes the relative risk of guarantees based on the risk factors set forth in paragraph (4);

(B) determine annually for each risk category a subsidy rate equivalent to the cost of obligations in the category, expressed as a percentage of the amount guaranteed for obligations in the category; and

(C) ensure that each risk category is comprised of loans that are relatively homogeneous in cost and share characteristics predictive of defaults and other costs, given the facts known at the time of obligation or commitment, using a risk category system that is based on historical analysis of program data and statistical evidence concerning the likely costs of defaults or other costs that are expected to be associated with the loans in the category.

(3) USE OF SYSTEM.—

(A) PLACING OBLIGATION IN CATEGORY.—Before making a guarantee under this chapter for an obligation, and annually for projects subject to a guarantee, the Secretary or Administrator shall apply the risk factors specified in paragraph (4) to place the obligation in a risk category established under paragraph (2).

(B) REDUCTION OF AVAILABLE AMOUNT.—The Secretary or Administrator shall consider the total amount available to the Secretary or Administrator for making guarantees under this chapter to be reduced by the amount determined by multiplying—

(i) the amount guaranteed under this chapter for an obligation; by

(ii) the subsidy rate for the category in which the obligation is placed under subparagraph (A).

(C) ESTIMATED COST.—The estimated cost to the United States Government of a guarantee under this chapter for an obligation is deemed to be the amount determined under subparagraph (B) for the obligation.

(D) RESTRICTION ON FURTHER GUARANTEES.—The Secretary or Administrator may not guarantee obligations under this chapter after the total amount available to the Secretary or Administrator under appropriations laws for the cost of loan guarantees is considered to be reduced to zero under subparagraph (B).

(4) RISK FACTORS.—The risk factors referred to in this subsection are—

(A) if applicable, the country risk for each eligible export vessel financed or to be financed by an obligation;

(B) the period for which an obligation is guaranteed or to be guaranteed;

(C) the amount of an obligation guaranteed or to be guaranteed in relation to the total cost of the project financed or to be financed by the obligation;

(D) the financial condition of an obligor or applicant for a guarantee;

(E) if applicable, other guarantees related to the project;

(F) if applicable, the projected employment of each vessel or equipment to be financed with an obligation;

(G) if applicable, the projected market that will be served by each vessel or equipment to be financed with an obligation;

(H) the collateral provided for a guarantee for an obligation;

(I) the management and operating experience of an obligor or applicant for a guarantee;

(J) whether a guarantee under this chapter is or will be in effect during the construction period of the project; and

(K) the concentration risk presented by an unduly large percentage of loans outstanding by any one borrower or group of affiliated borrowers.

§ 53706. Eligible purposes of obligations

(a) **IN GENERAL.**—To be eligible for a guarantee under this chapter, an obligation must aid in any of the following:

(1)(A) Financing (including reimbursement of an obligor for expenditures previously made for) the construction, reconstruction, or reconditioning of a vessel (including an eligible export vessel) designed principally for research, or for commercial use—

- (i) in the coastwise or intercoastal trade;

- (iv) as an ocean thermal energy conversion facility or plantship;

(v) as a floating drydock in the construction, reconstruction, reconditioning, or repair of vessels; or

(vi) as an eligible export vessel in worldwide trade.

(B) A guarantee under subparagraph (A) may not be made more than one year after delivery of the vessel (or redelivery if the vessel was reconstructed or reconditioned) unless the proceeds of the obligation are used to finance the construction, reconstruction, or reconditioning of a vessel or of facilities or equipment related to marine operations.

(2) Financing (including reimbursement of an obligor for expenditures previously made for) the construction, reconstruction, reconditioning, or purchase of a vessel owned by citizens of the United States and designed principally for research, or for commercial use in the fishing industry.

(3) Financing the purchase, reconstruction, or reconditioning of a vessel or fishery facility—

(A) for which an obligation was guaranteed under this chapter; and

(B) that, under subchapter II of this chapter—

(4) Financing any part of the repayment to the United States Government of any amount of a construction-differential subsidy paid for a vessel.

(5) Refinancing an existing obligation (regardless of whether guaranteed under this chapter) issued for a purpose described in paragraphs (1)–(4), including a short-term obligation incurred to obtain temporary funds with the intention of refinancing.

(6) Financing or refinancing (including reimbursement of an obligor for expenditures previously made for) the construction, reconstruction, reconditioning, or purchase of a fishery facility.

(7) Financing or refinancing—

(A) the purchase of individual fishing quotas in accordance with section 303(d)(4) of the Magnuson-Stevens Fishery Conservation and Management Act (including the reimbursement of obligors for expenditures previously made for such a purchase);

(B) activities that assist in the transition to reduced fishing capacity; or

(C) technologies or upgrades designed to improve collection and reporting of fishery-dependent data, to reduce bycatch, to improve selectivity or reduce adverse impacts of fishing gear, or to improve safety.

(b) **NON-VESSELS TREATED AS VESSELS.**—An obligation guaranteed under subsection (a)(6) or (7) shall be treated, for purposes of this chapter, in the same manner and to the same extent as an obligation that aids in financing the construction, reconstruction, reconditioning, or pur-
