

that is compliant with relevant technical standards developed through a public participation process and in consultation with interested consumer stakeholders (designated by the Commission for the purposes of this section) will be considered hearing aid compatible for purposes of this section, until such time as the Commission may determine otherwise. The Commission shall consult with the public, including people with hearing loss, in establishing or approving such technical standards. The Commission may delegate this authority to an employee pursuant to section 155(c) of this title. The Commission shall remain the final arbiter as to whether the standards meet the requirements of this section."

Subsec. (e). Pub. L. 111-260, §102(c), substituted "loss" for "impairments" and inserted at end "In implementing the provisions of subsection (b)(1)(C), the Commission shall use appropriate timetables or benchmarks to the extent necessary (1) due to technical feasibility, or (2) to ensure the marketability or availability of new technologies to users."

Subsec. (h). Pub. L. 111-260, §102(d), amended subsec. (h) generally. Prior to amendment, subsec. (h) related to State enforcement.

1994—Subsec. (f). Pub. L. 103-414 substituted "The Commission" for "The Commission shall complete rulemaking actions required by this section and issue specific and detailed rules and regulations resulting therefrom within one year after January 3, 1983. The Commission shall complete rulemaking actions required to implement the amendments made by the Hearing Aid Compatibility Act of 1988 within nine months after August 16, 1988. Thereafter, the Commission".

1988—Subsec. (b). Pub. L. 100-394, §3(a), amended subsec. (b) generally. Prior to amendment, subsec. (b) read as follows: "The Commission shall require that essential telephones provide internal means for effective use with hearing aids that are specially designed for telephone use. For purposes of this subsection, the term 'essential telephones' means only coin-operated telephones, telephones provided for emergency use, and other telephones frequently needed for use by persons using such hearing aids."

Subsec. (f). Pub. L. 100-394, §3(b), substituted "The Commission shall complete rulemaking actions required to implement the amendments made by the Hearing Aid Compatibility Act of 1988 within nine months after August 16, 1988. Thereafter, the Commission shall periodically review the regulations established pursuant to this section." for "Thereafter the Commission shall periodically review such rules and regulations."

CONGRESSIONAL FINDINGS FOR 1988 AMENDMENT

Pub. L. 100-394, §2, Aug. 16, 1988, 102 Stat. 976, provided that: "The Congress finds that—

"(1) to the fullest extent made possible by technology and medical science, hearing-impaired persons should have equal access to the national telecommunications network;

"(2) present technology provides effective coupling of telephones to hearing aids used by some severely hearing-impaired persons for communicating by voice telephone;

"(3) anticipated improvements in both telephone and hearing aid technologies promise greater access in the future; and

"(4) universal telephone service for hearing-impaired persons will lead to greater employment opportunities and increased productivity."

CONGRESSIONAL FINDINGS

Pub. L. 97-410, §2, Jan. 3, 1983, 96 Stat. 2043, provided that: "The Congress finds that—

"(1) all persons should have available the best telephone service which is technologically and economically feasible;

"(2) currently available technology is capable of providing telephone service to some individuals who,

because of hearing impairments, require telephone reception by means of hearing aids with induction coils, or other inductive receptors;

"(3) the lack of technical standards ensuring compatibility between hearing aids and telephones has prevented receipt of the best telephone service which is technologically and economically feasible; and

"(4) adoption of technical standards is required in order to ensure compatibility between telephones and hearing aids, thereby accommodating the needs of individuals with hearing impairments."

§ 611. Closed-captioning of public service announcements

Any television public service announcement that is produced or funded in whole or in part by any agency or instrumentality of Federal Government shall include closed captioning of the verbal content of such announcement. A television broadcast station licensee—

(1) shall not be required to supply closed captioning for any such announcement that fails to include it; and

(2) shall not be liable for broadcasting any such announcement without transmitting a closed caption unless the licensee intentionally fails to transmit the closed caption that was included with the announcement.

(June 19, 1934, ch. 652, title VII, §711, as added Pub. L. 98-549, §8, Oct. 30, 1984, 98 Stat. 2804; amended Pub. L. 101-336, title IV, §402, July 26, 1990, 104 Stat. 369.)

AMENDMENTS

1990—Pub. L. 101-336 amended section generally, substituting provisions relating to closed-captioning of public service announcements for provisions relating to establishment, functions, composition, etc., of Telecommunications Policy Study Commission.

EFFECTIVE DATE

Section effective 60 days after Oct. 30, 1984, except where otherwise expressly provided, see section 9(a) of Pub. L. 98-549, set out as a note under section 521 of this title.

§ 612. Syndicated exclusivity

(a) The Federal Communications Commission shall initiate a combined inquiry and rulemaking proceeding for the purpose of—

(1) determining the feasibility of imposing syndicated exclusivity rules with respect to the delivery of syndicated programming (as defined by the Commission) for private home viewing of secondary transmissions by satellite of broadcast station signals similar to the rules issued by the Commission with respect to syndicated exclusivity and cable television; and

(2) adopting such rules if the Commission considers the imposition of such rules to be feasible.

(b) In the event that the Commission adopts such rules, any willful and repeated secondary transmission made by a satellite carrier to the public of a primary transmission embodying the performance or display of a work which violates such Commission rules shall be subject to the remedies, sanctions, and penalties provided by subchapter V of this chapter and section 605 of this title.

(June 19, 1934, ch. 652, title VII, §712, as added Pub. L. 100-667, title II, §203, Nov. 16, 1988, 102

Stat. 3958; amended Pub. L. 103-414, title III, §304(a)(17), Oct. 25, 1994, 108 Stat. 4297.)

AMENDMENTS

1994—Subsec. (a). Pub. L. 103-414 struck out “, within 120 days after January 1, 1989,” after “The Federal Communications Commission shall”.

EFFECTIVE DATE

Section effective Jan. 1, 1989, see section 206 of Pub. L. 100-667, set out as a note under section 119 of Title 17, Copyrights.

§ 613. Video programming accessibility

(a) Commission inquiry

Within 180 days after February 8, 1996, the Federal Communications Commission shall complete an inquiry to ascertain the level at which video programming is closed captioned. Such inquiry shall examine the extent to which existing or previously published programming is closed captioned, the size of the video programming provider or programming owner providing closed captioning, the size of the market served, the relative audience shares achieved, or any other related factors. The Commission shall submit to the Congress a report on the results of such inquiry.

(b) Accountability criteria

Within 18 months after February 8, 1996, the Commission shall prescribe such regulations as are necessary to implement this section. Such regulations shall ensure that—

(1) video programming first published or exhibited after the effective date of such regulations is fully accessible through the provision of closed captions, except as provided in subsection (d) of this section; and

(2) video programming providers or owners maximize the accessibility of video programming first published or exhibited prior to the effective date of such regulations through the provision of closed captions, except as provided in subsection (d) of this section.

(c) Deadlines for captioning

(1) In general

The regulations prescribed pursuant to subsection (b) shall include an appropriate schedule of deadlines for the provision of closed captioning of video programming once published or exhibited on television.

(2) Deadlines for programming delivered using Internet protocol

(A) Regulations on closed captioning on video programming delivered using Internet protocol

Not later than 6 months after the submission of the report to the Commission required by subsection (e)(1)¹ of the Twenty-First Century Communications and Video Accessibility Act of 2010, the Commission shall revise its regulations to require the provision of closed captioning on video programming delivered using Internet protocol that was published or exhibited on television

with captions after the effective date of such regulations.

(B) Schedule

The regulations prescribed under this paragraph shall include an appropriate schedule of deadlines for the provision of closed captioning, taking into account whether such programming is prerecorded and edited for Internet distribution, or whether such programming is live or near-live and not edited for Internet distribution.

(C) Cost

The Commission may delay or waive the regulation promulgated under subparagraph (A) to the extent the Commission finds that the application of the regulation to live video programming delivered using Internet protocol with captions after the effective date of such regulations would be economically burdensome to providers of video programming or program owners.

(D) Requirements for regulations

The regulations prescribed under this paragraph—

(i) shall contain a definition of “near-live programming” and “edited for Internet distribution”;

(ii) may exempt any service, class of service, program, class of program, equipment, or class of equipment for which the Commission has determined that the application of such regulations would be economically burdensome for the provider of such service, program, or equipment;

(iii) shall clarify that, for the purposes of implementation, of this subsection, the terms “video programming distributors” and “video programming providers” include an entity that makes available directly to the end user video programming through a distribution method that uses Internet protocol;

(iv) and describe the responsibilities of video programming providers or distributors and video programming owners;

(v) shall establish a mechanism to make available to video programming providers and distributors information on video programming subject to the Act on an ongoing basis;

(vi) shall consider that the video programming provider or distributor shall be deemed in compliance if such entity enables the rendering or pass through of closed captions and makes a good faith effort to identify video programming subject to the Act using the mechanism created in (v); and

(vii) shall provide that de minimis failure to comply with such regulations by a video programming provider or owner shall not be treated as a violation of the regulations.

(3) Alternate means of compliance

An entity may meet the requirements of this section through alternate means than those prescribed by regulations pursuant to subsection (b), as revised pursuant to paragraph

¹ See References in Text note below.
