(h) National security clause in contracts of sale

All contracts of sale and instruments in execution thereof shall contain a national security clause having terms, conditions, restrictions and reservations which will assure the prompt availability of the rubber-producing facilities, or facilities of equivalent capacity, for the production of synthetic rubber and the component materials thereof for a period of ten years from the date of the contract.

(i) Effective date of contracts of sale; time for transfer of possession of facilities; failure to complete transfer prior to termination date

Subject to the conditions prescribed in section 24 of this Act [section 1941v of this Appendix], any contract of sale shall become fully effective upon the expiration of the period for congressional review provided for in section 9 of this Act [section 1941g of this Appendix] unless the Congress within such period has disapproved such sale. The transfer of possession of all of the rubber-producing facilities to be sold shall be made as promptly as is practicable after the effective date, in accordance with the terms of the contracts, but in any event within a period terminating sixty days after the expiration of the period for congressional review as provided in section 9(b) of this Act [section 1941g(b) of this Appendix]. The failure to complete transfer of possession prior to said termination date shall not give rise to or be the basis of rescission of the contract of sale.

(j) Limitation on Government rubber sales

Upon termination of the transfer period, as provided in subsection (i) of this section, the operating agency last designated by the President shall make no further sales of synthetic rubber and its component materials except as otherwise provided in this Act [sections 1941 to 1941y of this Appendix].

(k) Offer of Government rubber for sale to purchasers of facilities after termination of transfer period

During the period of one year following the termination of the transfer period, the operating agency last designated by the President shall offer for sale to the purchasers of the facilities the synthetic rubber and its component materials held by it at a price determined in accordance with its pricing policy prevailing at the close of the transfer period, in amounts prorated in accordance with the ratio of the capacity of each such facility purchased to the total capacity of all facilities of the same type sold. Any synthetic rubber or component materials not purchased by an eligible purchaser during periodic intervals, as determined by the operating agency, shall be made available to other eligible purchasers on a like equitable basis. Any synthetic rubber or component materials not sold during such one-year period shall thereafter be disposed of in such manner as said agency deems advisable.
