§ 403-1. Responsibilities and authorities of the Director of National Intelligence

(a) Provision of intelligence

(1) The Director of National Intelligence shall be responsible for ensuring that national intelligence is provided—

(A) to the President;

(B) to the heads of departments and agencies of the executive branch;

(C) to the Chairman of the Joint Chiefs of Staff and senior military commanders;

(D) to the Senate and House of Representatives and the committees thereof; and

(E) to such other persons as the Director of National Intelligence determines to be appropriate.

(2) Such national intelligence should be timely, objective, independent of political considerations, and based upon all sources available to the intelligence community and other appropriate entities.

(b) Access to intelligence

Unless otherwise directed by the President, the Director of National Intelligence shall have access to all national intelligence and intelligence related to the national security which is collected by any Federal department, agency, or other entity, except as otherwise provided by law or, as appropriate, under guidelines agreed upon by the Attorney General and the Director of National Intelligence.

(c) Budget authorities

(1) With respect to budget requests and appropriations for the National Intelligence Program, the Director of National Intelligence shall—

(A) based on intelligence priorities set by the President, provide to the heads of departments containing agencies or organizations within the intelligence community, and to the heads of such agencies and organizations, guidance for developing the National Intelligence Program budget pertaining to such agencies and organizations;

(B) based on budget proposals provided to the Director of National Intelligence by the heads of agencies and organizations within the intelligence community and the heads of their respective departments and, as appropriate, after obtaining the advice of the Joint Intelligence Community Council, develop and determine an annual consolidated National Intelligence Program budget; and

(C) present such consolidated National Intelligence Program budget, together with any comments from the heads of departments containing agencies or organizations within the intelligence community, to the President for approval.

(2) In addition to the information provided under paragraph (1)(B), the heads of agencies and organizations within the intelligence community shall provide the Director of National Intelligence such other information as the Director shall request for the purpose of determining the annual consolidated National Intelligence Program budget under that paragraph.

(3)(A) The Director of National Intelligence shall participate in the development by the Sec-

retary of Defense of the annual budget for the Military Intelligence Program or any successor program or programs.

(B) The Director of National Intelligence shall provide guidance for the development of the annual budget for each element of the intelligence community that is not within the National Intelligence Program.

(4) The Director of National Intelligence shall ensure the effective execution of the annual budget for intelligence and intelligence-related activities.

(5)(A) The Director of National Intelligence shall be responsible for managing appropriations for the National Intelligence Program by directing the allotment or allocation of such appropriations through the heads of the departments containing agencies or organizations within the intelligence community and the Director of the Central Intelligence Agency, with prior notice (including the provision of appropriate supporting information) to the head of the department containing an agency or organization receiving any such allocation or allotment or the Director of the Central Intelligence Agency.

(B) Notwithstanding any other provision of law, pursuant to relevant appropriations Acts for the National Intelligence Program, the Director of the Office of Management and Budget shall exercise the authority of the Director of the Office of Management and Budget to apportion funds, at the exclusive direction of the Director of National Intelligence, for allocation to the elements of the intelligence community through the relevant host executive departments and the Central Intelligence Agency. Department comptrollers or appropriate budget execution officers shall allot, allocate, reprogram, or transfer funds appropriated for the National Intelligence Program in an expeditious manner.

(C) The Director of National Intelligence shall monitor the implementation and execution of the National Intelligence Program by the heads of the elements of the intelligence community that manage programs and activities that are part of the National Intelligence Program, which may include audits and evaluations.

(6) Apportionment and allotment of funds under this subsection shall be subject to chapter 13 and section 1517 of title 31 and the Congressional Budget and Impoundment Control Act of 1974 (2 U.S.C. 621 et seq.).

(7)(A) The Director of National Intelligence shall provide a semi-annual report, beginning April 1, 2005, and ending April 1, 2007, to the President and the Congress regarding implementation of this section.

(B) The Director of National Intelligence shall report to the President and the Congress not later than 15 days after learning of any instance in which a departmental comptroller acts in a manner inconsistent with the law (including permanent statutes, authorization Acts, and appropriations Acts), or the direction of the Director of National Intelligence, in carrying out the National Intelligence Program.

(d) Role of Director of National Intelligence in transfer and reprogramming of funds

(1)(A) No funds made available under the National Intelligence Program may be transferred

or reprogrammed without the prior approval of the Director of National Intelligence, except in accordance with procedures prescribed by the Director of National Intelligence.

(B) The Secretary of Defense shall consult with the Director of National Intelligence before transferring or reprogramming funds made available under the Military Intelligence Program or any successor program or programs.

(2) Subject to the succeeding provisions of this subsection, the Director of National Intelligence may transfer or reprogram funds appropriated for a program within the National Intelligence Program—

(A) to another such program;

(B) to other departments or agencies of the United States Government for the development and fielding of systems of common concern related to the collection, processing, analysis, exploitation, and dissemination of intelligence information; or

(C) to a program funded by appropriations not within the National Intelligence Program to address critical gaps in intelligence information sharing or access capabilities.

(3) The Director of National Intelligence may only transfer or reprogram funds referred to in paragraph (1)(A)—

(A) with the approval of the Director of the Office of Management and Budget; and

(B) after consultation with the heads of departments containing agencies or organizations within the intelligence community to the extent such agencies or organizations are affected, and, in the case of the Central Intelligence Agency, after consultation with the Director of the Central Intelligence Agency.

(4) The amounts available for transfer or reprogramming in the National Intelligence Program in any given fiscal year, and the terms and conditions governing such transfers and reprogrammings, are subject to the provisions of annual appropriations Acts and this subsection.

(5)(A) A transfer or reprogramming of funds may be made under this subsection only if—

(i) the funds are being transferred to an activity that is a higher priority intelligence activity;

(ii) the transfer or reprogramming supports an emergent need, improves program effectiveness, or increases efficiency;

(iii) the transfer or reprogramming does not involve a transfer or reprogramming of funds to a Reserve for Contingencies of the Director of National Intelligence or the Reserve for Contingencies of the Central Intelligence Agency;

(iv) the transfer or reprogramming results in a cumulative transfer or reprogramming of funds out of any department or agency, as appropriate, funded in the National Intelligence Program in a single fiscal year—

(I) that is less than \$150,000,000, and

(II) that is less than 5 percent of amounts available to a department or agency under the National Intelligence Program; and

(v) the transfer or reprogramming does not terminate an acquisition program.

(B) A transfer or reprogramming may be made without regard to a limitation set forth in

clause (iv) or (v) of subparagraph (A) if the transfer has the concurrence of the head of the department involved or the Director of the Central Intelligence Agency (in the case of the Central Intelligence Agency). The authority to provide such concurrence may only be delegated by the head of the department involved or the Director of the Central Intelligence Agency (in the case of the Central Intelligence Agency) to the deputy of such officer.

(6) Funds transferred or reprogrammed under this subsection shall remain available for the same period as the appropriations account to which transferred or reprogrammed.

(7) Any transfer or reprogramming of funds under this subsection shall be carried out in accordance with existing procedures applicable to reprogramming notifications for the appropriate congressional committees. Any proposed transfer or reprogramming for which notice is given to the appropriate congressional committees shall be accompanied by a report explaining the nature of the proposed transfer or reprogramming and how it satisfies the requirements of this subsection. In addition, the congressional intelligence committees shall be promptly notified of any transfer or reprogramming of funds made pursuant to this subsection in any case in which the transfer or reprogramming would not have otherwise required reprogramming notification under procedures in effect as of December 17, 2004.

(e) Transfer of personnel

(1)(A) In addition to any other authorities available under law for such purposes, in the first twelve months after establishment of a new national intelligence center, the Director of National Intelligence, with the approval of the Director of the Office of Management and Budget and in consultation with the congressional committees of jurisdiction referred to in subparagraph (B), may transfer not more than 100 personnel authorized for elements of the intelligence community to such center.

(B) The Director of National Intelligence shall promptly provide notice of any transfer of personnel made pursuant to this paragraph to—

- (i) the congressional intelligence committees;
- (ii) the Committees on Appropriations of the Senate and the House of Representatives;
- (iii) in the case of the transfer of personnel to or from the Department of Defense, the Committees on Armed Services of the Senate and the House of Representatives; and
- (iv) in the case of the transfer of personnel to or from the Department of Justice, to the Committees on the Judiciary of the Senate and the House of Representatives.

(C) The Director shall include in any notice under subparagraph (B) an explanation of the nature of the transfer and how it satisfies the requirements of this subsection.

(2)(A) The Director of National Intelligence, with the approval of the Director of the Office of Management and Budget and in accordance with procedures to be developed by the Director of National Intelligence and the heads of the departments and agencies concerned, may transfer personnel authorized for an element of the intel-

ligence community to another such element for a period of not more than 2 years.

(B) A transfer of personnel may be made under this paragraph only if—

- (i) the personnel are being transferred to an activity that is a higher priority intelligence activity; and
- (ii) the transfer supports an emergent need, improves program effectiveness, or increases efficiency.

(C) The Director of National Intelligence shall promptly provide notice of any transfer of personnel made pursuant to this paragraph to—

- (i) the congressional intelligence committees;
- (ii) in the case of the transfer of personnel to or from the Department of Defense, the Committees on Armed Services of the Senate and the House of Representatives; and
- (iii) in the case of the transfer of personnel to or from the Department of Justice, to the Committees on the Judiciary of the Senate and the House of Representatives.

(D) The Director shall include in any notice under subparagraph (C) an explanation of the nature of the transfer and how it satisfies the requirements of this paragraph.

(3)(A) In addition to the number of full-time equivalent positions authorized for the Office of the Director of National Intelligence for a fiscal year, there is authorized for such Office for each fiscal year an additional 100 full-time equivalent positions that may be used only for the purposes described in subparagraph (B).

(B) Except as provided in subparagraph (C), the Director of National Intelligence may use a full-time equivalent position authorized under subparagraph (A) only for the purpose of providing a temporary transfer of personnel made in accordance with paragraph (2) to an element of the intelligence community to enable such element to increase the total number of personnel authorized for such element, on a temporary basis—

- (i) during a period in which a permanent employee of such element is absent to participate in critical language training; or
- (ii) to accept a permanent employee of another element of the intelligence community to provide language-capable services.

(C) Paragraph (2)(B) shall not apply with respect to a transfer of personnel made under subparagraph (B).

(D) For each of the fiscal years 2010, 2011, and 2012, the Director of National Intelligence shall submit to the congressional intelligence committees an annual report on the use of authorities under this paragraph. Each such report shall include a description of—

- (i) the number of transfers of personnel made by the Director pursuant to subparagraph (B), disaggregated by each element of the intelligence community;
- (ii) the critical language needs that were fulfilled or partially fulfilled through the use of such transfers; and
- (iii) the cost to carry out subparagraph (B).

(4) It is the sense of Congress that—

- (A) the nature of the national security threats facing the United States will continue

to challenge the intelligence community to respond rapidly and flexibly to bring analytic resources to bear against emerging and unforeseen requirements;

(B) both the Office of the Director of National Intelligence and any analytic centers determined to be necessary should be fully and properly supported with appropriate levels of personnel resources and that the President's yearly budget requests adequately support those needs; and

(C) the President should utilize all legal and administrative discretion to ensure that the Director of National Intelligence and all other elements of the intelligence community have the necessary resources and procedures to respond promptly and effectively to emerging and unforeseen national security challenges.

(f) Tasking and other authorities

(1)(A) The Director of National Intelligence shall—

(i) establish objectives, priorities, and guidance for the intelligence community to ensure timely and effective collection, processing, analysis, and dissemination (including access by users to collected data consistent with applicable law and, as appropriate, the guidelines referred to in subsection (b) of this section and analytic products generated by or within the intelligence community) of national intelligence;

(ii) determine requirements and priorities for, and manage and direct the tasking of, collection, analysis, production, and dissemination of national intelligence by elements of the intelligence community, including—

(I) approving requirements (including those requirements responding to needs provided by consumers) for collection and analysis; and

(II) resolving conflicts in collection requirements and in the tasking of national collection assets of the elements of the intelligence community; and

(iii) provide advisory tasking to intelligence elements of those agencies and departments not within the National Intelligence Program.

(B) The authority of the Director of National Intelligence under subparagraph (A) shall not apply—

(i) insofar as the President so directs;

(ii) with respect to clause (ii) of subparagraph (A), insofar as the Secretary of Defense exercises tasking authority under plans or arrangements agreed upon by the Secretary of Defense and the Director of National Intelligence; or

(iii) to the direct dissemination of information to State government and local government officials and private sector entities pursuant to sections 121 and 482 of title 6.

(2) The Director of National Intelligence shall oversee the National Counterterrorism Center and may establish such other national intelligence centers as the Director determines necessary.

(3)(A) The Director of National Intelligence shall prescribe, in consultation with the heads of other agencies or elements of the intelligence

community, and the heads of their respective departments, personnel policies and programs applicable to the intelligence community that—

(i) encourage and facilitate assignments and details of personnel to national intelligence centers, and between elements of the intelligence community;

(ii) set standards for education, training, and career development of personnel of the intelligence community;

(iii) encourage and facilitate the recruitment and retention by the intelligence community of highly qualified individuals for the effective conduct of intelligence activities;

(iv) ensure that the personnel of the intelligence community are sufficiently diverse for purposes of the collection and analysis of intelligence through the recruitment and training of women, minorities, and individuals with diverse ethnic, cultural, and linguistic backgrounds;

(v) make service in more than one element of the intelligence community a condition of promotion to such positions within the intelligence community as the Director shall specify; and

(vi) ensure the effective management of intelligence community personnel who are responsible for intelligence community-wide matters.

(B) Policies prescribed under subparagraph (A) shall not be inconsistent with the personnel policies otherwise applicable to members of the uniformed services.

(4) The Director of National Intelligence shall ensure compliance with the Constitution and laws of the United States by the Central Intelligence Agency and shall ensure such compliance by other elements of the intelligence community through the host executive departments that manage the programs and activities that are part of the National Intelligence Program.

(5) The Director of National Intelligence shall ensure the elimination of waste and unnecessary duplication within the intelligence community.

(6) The Director of National Intelligence shall establish requirements and priorities for foreign intelligence information to be collected under the Foreign Intelligence Surveillance Act of 1978 (50 U.S.C. 1801 et seq.), and provide assistance to the Attorney General to ensure that information derived from electronic surveillance or physical searches under that Act is disseminated so it may be used efficiently and effectively for national intelligence purposes, except that the Director shall have no authority to direct or undertake electronic surveillance or physical search operations pursuant to that Act unless authorized by statute or Executive order.

(7)(A) The Director of National Intelligence shall, if the Director determines it is necessary, or may, if requested by a congressional intelligence committee, conduct an accountability review of an element of the intelligence community or the personnel of such element in relation to a failure or deficiency within the intelligence community.

(B) The Director of National Intelligence, in consultation with the Attorney General, shall establish guidelines and procedures for conducting an accountability review under subparagraph (A).

(C)(i) The Director of National Intelligence shall provide the findings of an accountability review conducted under subparagraph (A) and the Director's recommendations for corrective or punitive action, if any, to the head of the applicable element of the intelligence community. Such recommendations may include a recommendation for dismissal of personnel.

(ii) If the head of such element does not implement a recommendation made by the Director under clause (i), the head of such element shall submit to the congressional intelligence committees a notice of the determination not to implement the recommendation, including the reasons for the determination.

(D) The requirements of this paragraph shall not be construed to limit any authority of the Director of National Intelligence under subsection (m) or with respect to supervision of the Central Intelligence Agency.

(8) The Director of National Intelligence shall perform such other functions as the President may direct.

(9) Nothing in this subchapter shall be construed as affecting the role of the Department of Justice or the Attorney General under the Foreign Intelligence Surveillance Act of 1978.

(g) Intelligence information sharing

(1) The Director of National Intelligence shall have principal authority to ensure maximum availability of and access to intelligence information within the intelligence community consistent with national security requirements. The Director of National Intelligence shall—

(A) establish uniform security standards and procedures;

(B) establish common information technology standards, protocols, and interfaces;

(C) ensure development of information technology systems that include multi-level security and intelligence integration capabilities;

(D) establish policies and procedures to resolve conflicts between the need to share intelligence information and the need to protect intelligence sources and methods;

(E) develop an enterprise architecture for the intelligence community and ensure that elements of the intelligence community comply with such architecture;

(F) have procurement approval authority over all enterprise architecture-related information technology items funded in the National Intelligence Program; and

(G) in accordance with Executive Order No. 13526 (75 Fed. Reg. 707; relating to classified national security information) (or any subsequent corresponding executive order), and part 2001 of title 32, Code of Federal Regulations (or any subsequent corresponding regulation), establish—

(i) guidance to standardize, in appropriate cases, the formats for classified and unclassified intelligence products created by elements of the intelligence community for purposes of promoting the sharing of intelligence products; and

(ii) policies and procedures requiring the increased use, in appropriate cases, and including portion markings, of the classification of portions of information within one intelligence product.

(2) The President shall ensure that the Director of National Intelligence has all necessary support and authorities to fully and effectively implement paragraph (1).

(3) Except as otherwise directed by the President or with the specific written agreement of the head of the department or agency in question, a Federal agency or official shall not be considered to have met any obligation to provide any information, report, assessment, or other material (including unevaluated intelligence information) to that department or agency solely by virtue of having provided that information, report, assessment, or other material to the Director of National Intelligence or the National Counterterrorism Center.

(4) Not later than February 1 of each year, the Director of National Intelligence shall submit to the President and to the Congress an annual report that identifies any statute, regulation, policy, or practice that the Director believes impedes the ability of the Director to fully and effectively implement paragraph (1).

(h) Analysis

To ensure the most accurate analysis of intelligence is derived from all sources to support national security needs, the Director of National Intelligence shall—

(1) implement policies and procedures—

(A) to encourage sound analytic methods and tradecraft throughout the elements of the intelligence community;

(B) to ensure that analysis is based upon all sources available; and

(C) to ensure that the elements of the intelligence community regularly conduct competitive analysis of analytic products, whether such products are produced by or disseminated to such elements;

(2) ensure that resource allocation for intelligence analysis is appropriately proportional to resource allocation for intelligence collection systems and operations in order to maximize analysis of all collected data;

(3) ensure that differences in analytic judgment are fully considered and brought to the attention of policymakers; and

(4) ensure that sufficient relationships are established between intelligence collectors and analysts to facilitate greater understanding of the needs of analysts.

(i) Protection of intelligence sources and methods

(1) The Director of National Intelligence shall protect intelligence sources and methods from unauthorized disclosure.

(2) Consistent with paragraph (1), in order to maximize the dissemination of intelligence, the Director of National Intelligence shall establish and implement guidelines for the intelligence community for the following purposes:

(A) Classification of information under applicable law, Executive orders, or other Presidential directives.

(B) Access to and dissemination of intelligence, both in final form and in the form when initially gathered.

(C) Preparation of intelligence products in such a way that source information is removed

to allow for dissemination at the lowest level of classification possible or in unclassified form to the extent practicable.

(3) The Director may only delegate a duty or authority given the Director under this subsection to the Principal Deputy Director of National Intelligence.

(j) Uniform procedures for sensitive compartmented information

The Director of National Intelligence, subject to the direction of the President, shall—

(1) establish uniform standards and procedures for the grant of access to sensitive compartmented information to any officer or employee of any agency or department of the United States and to employees of contractors of those agencies or departments;

(2) ensure the consistent implementation of those standards and procedures throughout such agencies and departments;

(3) ensure that security clearances granted by individual elements of the intelligence community are recognized by all elements of the intelligence community, and under contracts entered into by those agencies; and

(4) ensure that the process for investigation and adjudication of an application for access to sensitive compartmented information is performed in the most expeditious manner possible consistent with applicable standards for national security.

(k) Coordination with foreign governments

Under the direction of the President and in a manner consistent with section 3927 of title 22, the Director of National Intelligence shall oversee the coordination of the relationships between elements of the intelligence community and the intelligence or security services of foreign governments or international organizations on all matters involving intelligence related to the national security or involving intelligence acquired through clandestine means.

(l) Enhanced personnel management

(1)(A) The Director of National Intelligence shall, under regulations prescribed by the Director, provide incentives for personnel of elements of the intelligence community to serve—

(i) on the staff of the Director of National Intelligence;

(ii) on the staff of the national intelligence centers;

(iii) on the staff of the National Counterterrorism Center; and

(iv) in other positions in support of the intelligence community management functions of the Director.

(B) Incentives under subparagraph (A) may include financial incentives, bonuses, and such other awards and incentives as the Director considers appropriate.

(2)(A) Notwithstanding any other provision of law, the personnel of an element of the intelligence community who are assigned or detailed under paragraph (1)(A) to service under the Director of National Intelligence shall be promoted at rates equivalent to or better than personnel of such element who are not so assigned or detailed.

(B) The Director may prescribe regulations to carry out this paragraph.

(3)(A) The Director of National Intelligence shall prescribe mechanisms to facilitate the rotation of personnel of the intelligence community through various elements of the intelligence community in the course of their careers in order to facilitate the widest possible understanding by such personnel of the variety of intelligence requirements, methods, users, and capabilities.

(B) The mechanisms prescribed under subparagraph (A) may include the following:

(i) The establishment of special occupational categories involving service, over the course of a career, in more than one element of the intelligence community.

(ii) The provision of rewards for service in positions undertaking analysis and planning of operations involving two or more elements of the intelligence community.

(iii) The establishment of requirements for education, training, service, and evaluation for service involving more than one element of the intelligence community.

(C) It is the sense of Congress that the mechanisms prescribed under this subsection should, to the extent practical, seek to duplicate for civilian personnel within the intelligence community the joint officer management policies established by chapter 38 of title 10 and the other amendments made by title IV of the Goldwater-Nichols Department of Defense Reorganization Act of 1986 (Public Law 99-433).

(4)(A) Except as provided in subparagraph (B) and subparagraph (D), this subsection shall not apply with respect to personnel of the elements of the intelligence community who are members of the uniformed services.

(B) Mechanisms that establish requirements for education and training pursuant to paragraph (3)(B)(iii) may apply with respect to members of the uniformed services who are assigned to an element of the intelligence community funded through the National Intelligence Program, but such mechanisms shall not be inconsistent with personnel policies and education and training requirements otherwise applicable to members of the uniformed services.

(C) The personnel policies and programs developed and implemented under this subsection with respect to law enforcement officers (as that term is defined in section 5541(3) of title 5) shall not affect the ability of law enforcement entities to conduct operations or, through the applicable chain of command, to control the activities of such law enforcement officers.

(D) Assignment to the Office of the Director of National Intelligence of commissioned officers of the Armed Forces shall be considered a joint-duty assignment for purposes of the joint officer management policies prescribed by chapter 38 of title 10 and other provisions of that title.

(m) Additional authority with respect to personnel

(1) In addition to the authorities under subsection (f)(3) of this section, the Director of National Intelligence may exercise with respect to the personnel of the Office of the Director of National Intelligence any authority of the Director

of the Central Intelligence Agency with respect to the personnel of the Central Intelligence Agency under the Central Intelligence Agency Act of 1949 (50 U.S.C. 403a et seq.), and other applicable provisions of law, as of December 17, 2004, to the same extent, and subject to the same conditions and limitations, that the Director of the Central Intelligence Agency may exercise such authority with respect to personnel of the Central Intelligence Agency.

(2) Employees and applicants for employment of the Office of the Director of National Intelligence shall have the same rights and protections under the Office of the Director of National Intelligence as employees of the Central Intelligence Agency have under the Central Intelligence Agency Act of 1949 [50 U.S.C. 403a et seq.], and other applicable provisions of law, as of December 17, 2004.

(n) Acquisition and other authorities
