

(1) rely on technical and merit reviews provided by regional, State, or local weed management experts; and

(2) give priority to activities that maximize the involvement of State, local, and, where applicable, representatives of Indian Tribe governments.

(f) Rapid response program

At the request of the Governor of a State, the Secretary may enter into a cooperative agreement with a weed management entity in that State to enable rapid response to outbreaks of noxious weeds at a stage which rapid eradication and control is possible and to ensure eradication or immediate control of the noxious weeds if—

(1) there is a demonstrated need for the assistance;

(2) the noxious weed is considered to be a significant threat to native fish, wildlife, or their habitats, as determined by the Secretary;

(3) the economic impact of delaying action is considered by the Secretary to be substantial; and

- (4) the proposed response to such threat—
 - (A) is technically feasible;
 - (B) economically responsible; and
 - (C) minimizes adverse impacts to the structure and function of an ecosystem and adverse effects on nontarget species and ecosystems.

§ 7785. Relationship to other programs

Funds under this Act (other than those made available for section 7784(f) of this title) are intended to supplement, not replace, assistance available to weed management entities, areas, and districts for control or eradication of noxious weeds on Federal lands and non-Federal lands. The provision of funds to a weed management entity under this Act (other than those made available for section 7784(f) of this title) shall have no effect on the amount of any payment received by a county from the Federal Government under chapter 69 of title 31.

§ 7801. Findings and declaration of policy

(a) Findings

Congress finds the following:

(1) Hass avocados are an integral food source in the United States that are a valuable and healthy part of the human diet and are enjoyed by millions of persons every year for a multitude of everyday and special occasions.

(2) Hass avocados are a significant tree fruit crop grown by many individual producers, but virtually all domestically produced Hass avocados for the commercial market are grown in the State of California.

(3) Hass avocados move in interstate and foreign commerce, and Hass avocados that do not move in interstate or foreign channels of commerce but only in intrastate commerce directly affect interstate commerce in Hass avocados.

(4) In recent years, large quantities of Hass avocados have been imported into the United States from other countries.

(5) The maintenance and expansion of markets in existence on October 28, 2000, and the development of new or improved markets or uses for Hass avocados are needed to preserve and strengthen the economic viability of the domestic Hass avocado industry for the benefit of producers and other persons associated with the producing, marketing, processing, and consuming of Hass avocados.

(6) An effective and coordinated program of promotion, research, industry information, and consumer information regarding Hass avocados is necessary for the maintenance, expansion, and development of domestic markets for Hass avocados.

(b) Purpose

It is the purpose of this chapter to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly
