

and a description of the services to be provided under the contract.

(B) To the extent practicable, a description of the ownership interest that a covered foreign country has in the foreign entity providing satellite services to the Department of Defense under the contract and the launch or other satellite services that will be provided in a covered foreign country under the contract.

(C) A justification for entering into a contract with such foreign entity and a description of the actions necessary to eliminate the need to enter into such a contract with such foreign entity in the future.

(D) A risk assessment of entering into a contract with such foreign entity, including an assessment of mission assurance and security of information and a description of any measures necessary to mitigate risks found by such risk assessment.

(c) **DELEGATION OF NOTICE AND EXCEPTION AUTHORITY.**—The Secretary of Defense may only delegate the authority under subsection (b) to enter into a contract subject to the prohibition under subsection (a) to the Deputy Secretary of Defense, the Under Secretary of Defense for Policy, or the Under Secretary of Defense for Acquisition, Technology, and Logistics and such authority may not be further delegated.

(d) **FORM OF ASSESSMENTS.**—Each assessment under subsection (b) shall be submitted in unclassified form, but may include a classified annex.

(e) **COVERED FOREIGN COUNTRY DEFINED.**—In this section, the term “covered foreign country” means a country described in section 1261(c)(2) of the National Defense Authorization Act for Fiscal Year 2013 (Public Law 112-239; 126 Stat. 2019).

§ 2281. Global Positioning System

(a) **SUSTAINMENT AND OPERATION FOR MILITARY PURPOSES.**—The Secretary of Defense shall provide for the sustainment of the capabilities of the Global Positioning System (hereinafter in this section referred to as the “GPS”), and the operation of basic GPS services, that are beneficial for the national security interests of the United States. In doing so, the Secretary shall—

(1) develop appropriate measures for preventing hostile use of the GPS so as to make it unnecessary for the Secretary to use the selective availability feature of the system continuously while not hindering the use of the GPS by the United States and its allies for military purposes; and

(2) ensure that United States armed forces have the capability to use the GPS effectively despite hostile attempts to prevent the use of the system by such forces.

(b) **SUSTAINMENT AND OPERATION FOR CIVILIAN PURPOSES.**—The Secretary of Defense shall provide for the sustainment and operation of the GPS Standard Positioning Service for peaceful civil, commercial, and scientific uses on a continuous worldwide basis free of direct user fees. In doing so, the Secretary—

(1) shall provide for the sustainment and operation of the GPS Standard Positioning Service in order to meet the performance requirements of the Federal Radionavigation Plan prepared jointly by the Secretary of Defense and the Secretary of Transportation pursuant to subsection (c);

(2) shall coordinate with the Secretary of Transportation regarding the development and implementation by the Government of augmentations to the basic GPS that achieve or enhance uses of the system in support of transportation;

(3) shall coordinate with the Secretary of Commerce, the United States Trade Representative, and other appropriate officials to facilitate the development of new and expanded civil and commercial uses for the GPS;

(4) shall develop measures for preventing hostile use of the GPS in a particular area without hindering peaceful civil use of the system elsewhere; and

(5) may not agree to any restriction on the Global Positioning System proposed by the head of a department or agency of the United States outside the Department of Defense in the exercise of that official’s regulatory authority that would adversely affect the military potential of the Global Positioning System.

(c) **FEDERAL RADIONAVIGATION PLAN.**—The Secretary of Defense and the Secretary of Transportation shall jointly prepare the Federal Radionavigation Plan. The plan shall be revised and updated not less often than every two years. The plan shall be prepared in accordance with the requirements applicable to such plan as first prepared pursuant to section 507 of the International Maritime Satellite Telecommunications Act¹ (47 U.S.C. 756). The plan, and any amendment to the plan, shall be published in the Federal Register.

(d) **DEFINITIONS.**—In this section:

(1) The term “basic GPS services” means the following components of the Global Position-
