(b) DETERMINATIONS BY INTERPOLATION.—If the total number of members of a reserve component serving on full-time reserve component duty is between any two consecutive numbers in the first column of the appropriate table in paragraph (1) or (2) of subsection (a), the corresponding authorized strengths for each of the grades shown in that table for that component are determined by mathematical interpolation between the respective numbers of the two strengths. If the total number of members of a reserve component serving on full-time reserve component duty is more or less than the highest or lowest number, respectively, set forth in the first column of the appropriate table in paragraph (1) or (2) of subsection (a), the Secretary concerned shall fix the corresponding strengths for the grades shown in that table at the same proportion as is reflected in the nearest limit shown in the table.

(c) REALLOCATIONS TO LOWER GRADES.—Whenever the number of officers serving in any grade for duty described in subsection (a) is less than the number authorized for that grade under this section, the difference between the two numbers may be applied to increase the number authorized under this section for any lower grade.

(d) SECRETARIAL WAIVER.—(1) Upon determining that it is in the national interest to do so, the Secretary of Defense may increase for a par-

ticular fiscal year the number of reserve officers that may be on full-time reserve component duty for a reserve component in a grade referred to in a table in subsection (a) by a number that does not exceed the number equal to 5 percent of the maximum number specified for the grade in that table.
