§ 1975. Civil actions by persons injured; jurisdiction and venue; amount of recovery

Any person who is injured in his business or property by reason of anything forbidden in section 1972 of this title may sue therefor in any district court of the United States in which the defendant resides or is found or has an agent, without regard to the amount in controversy, and shall be entitled to recover three times the amount of the damages sustained by him, and the cost of suit, including a reasonable attorney's fee.

Any person may sue for and have injunctive relief, in any court of the United States having jurisdiction over the parties, against threatened loss or damage by reason of a violation of section 1972 of this title, under the same conditions and principles as injunctive relief against threatened conduct that will cause loss or damage is granted by courts of equity and under the rules governing such proceedings. (2) Whenever any enforcement action is instituted by or on behalf of the United States with respect to any matter which is or could be the subject of a private right of action under this chapter, the running of the statute of limitations in respect of every private right of action arising under this chapter and based in whole or in part on such matter shall be suspended during the pendency of the enforcement action so instituted and for one year thereafter: *Provided*. That whenever the running of the statute of limitations in respect of a cause of action arising under this chapter is suspended under this paragraph, any action to enforce such cause of action shall be forever barred unless commenced either within the period of suspension or within the four-year period referred to in paragraph (1)of this section.

(Pub. L. 91-607, title I, §106(g), Dec. 31, 1970, 84 Stat. 1768.)

§ 1978. Actions under other Federal or State laws unaffected; regulations or orders barred as a defense

Nothing contained in this chapter shall be construed as affecting in any manner the right of the United States or any other party to bring an action under any other law of the United States or of any State, including any right which may exist in addition to specific statutory authority, challenging the legality of any act or practice which may be proscribed by this chapter. No regulation or order issued by the Board under this chapter shall in any manner constitute a defense to such action.

§2001. Congressional declaration of policy and objectives

(a) It is declared to be the policy of the Congress, recognizing that a prosperous, productive agriculture is essential to a free nation and recognizing the growing need for credit in rural areas, that the farmer-owned cooperative Farm Credit System be designed to accomplish the objective of improving the income and well-being of American farmers and ranchers by furnishing sound, adequate, and constructive credit and closely related services to them, their cooperatives, and to selected farm-related businesses necessary for efficient farm operations.

(b) It is the objective of this chapter to continue to encourage farmer- and rancher-borrowers participation in the management, control, and ownership of a permanent system of credit for agriculture which will be responsive to the credit needs of all types of agricultural producers having a basis for credit, and to modernize and improve the authorizations and means for furnishing such credit and credit for housing in rural areas made available through the institutions constituting the Farm Credit System as herein provided.

(c) It is declared to be the policy of Congress that the credit needs of farmers, ranchers, and their cooperatives are best served if the institutions of the Farm Credit System provide equitable and competitive interest rates to eligible borrowers, taking into consideration the creditworthiness and access to alternative sources of credit for borrowers, the cost of funds, including any costs of defeasance under section 2159(b) of this title, the operating costs of the institution, including the costs of any loan loss amortization under section 2254(b) of this title, the cost of servicing loans, the need to retain earnings to protect borrowers' stock, and the volume of net new borrowing. Further, it is declared to be the policy of Congress that Farm Credit System institutions take action in accordance with the Farm Credit Act Amendments of 1986 in such manner that borrowers from the institutions derive the greatest benefit practicable from that Act: *Provided*, That in no case is any borrower to be charged a rate of interest that is below competitive market rates for similar loans made by private lenders to borrowers of equivalent creditworthiness and access to alternative credit.
