

“(a) LABELING REQUIREMENT.—Beginning 180 days after the date of the enactment of this Act [Jan. 14, 2013], the gypsum board labeling provisions of standard ASTM C1264–11 of ASTM International, as in effect on the day before the date of the enactment of this Act, shall be treated as a rule promulgated by the Consumer Product Safety Commission under section 14(c) of the Consumer Product Safety Act (15 U.S.C. 2063(c)).”

“(b) REVISION OF STANDARD.—If the gypsum board labeling provisions of the standard referred to in subsection (a) are revised on or after the date of the enactment of this Act, ASTM International shall notify the Commission of such revision no later than 60 days after final approval of the revision by ASTM International. The revised provisions shall be treated as a rule promulgated by the Commission under section 14(c) of such Act (15 U.S.C. 2063(c)), in lieu of the prior version, effective 180 days after the Commission is notified of the revision (or such later date as the Commission considers appropriate), unless within 90 days after receiving that notice the Commission determines that the revised provisions do not adequately identify gypsum board by manufacturer and month and year of manufacture, in which case the Commission shall continue to enforce the prior version.”

REVISION OF REMEDIATION GUIDANCE FOR DRYWALL DISPOSAL REQUIRED

Pub. L. 112–266, § 5, Jan. 14, 2013, 126 Stat. 2439, provided that: “Not later than 120 days after the date of the enactment of this Act [Jan. 14, 2013], the Consumer Product Safety Commission shall revise its guidance entitled ‘Remediation Guidance for Homes with Corrosion from Problem Drywall’ to specify that problematic drywall removed from homes pursuant to the guidance should not be reused or used as a component in production of new drywall.”

§ 2057. Banned hazardous products

Whenever the Commission finds that—

- (1) a consumer product is being, or will be, distributed in commerce and such consumer product presents an unreasonable risk of injury; and
- (2) no feasible consumer product safety standard under this chapter would adequately protect the public from the unreasonable risk of injury associated with such product,

the Commission may, in accordance with section 2058 of this title, promulgate a rule declaring such product a banned hazardous product.

(Pub. L. 92–573, § 8, Oct. 27, 1972, 86 Stat. 1215; Pub. L. 97–35, title XII, § 1203(c), Aug. 13, 1981, 95 Stat. 713.)

AMENDMENTS

1981—Pub. L. 97–35 substituted “may, in accordance with” for “may propose and, in accordance with”.

EFFECTIVE DATE OF 1981 AMENDMENT

Amendment by Pub. L. 97–35 applicable with respect to regulations under this chapter and chapters 25 and 30 of this title for which notices of proposed rulemaking are issued after Aug. 14, 1981, see section 1215 of Pub. L. 97–35, set out as a note under section 2052 of this title.

§ 2057a. Banning of butyl nitrite

(a) In general

Except as provided in subsection (b) of this section, butyl nitrite shall be considered a banned hazardous product under section 2057 of this title.

(b) Lawful purposes

For the purposes of section 2057 of this title, it shall not be unlawful for any person to manufac-

ture for sale, offer for sale, distribute in commerce, or import into the United States butyl nitrite for any commercial purpose or any other purpose approved under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.].

(c) Definitions

For purposes of this section:

(1) The term “butyl nitrite” includes n-butyl nitrite, isobutyl nitrite, secondary butyl nitrite, tertiary butyl nitrite, and mixtures containing these chemicals.

(2) The term “commercial purpose” means any commercial purpose other than for the production of consumer products containing butyl nitrite that may be used for inhaling or otherwise introducing butyl nitrite into the human body for euphoric or physical effects.

(d) Effective date

This section shall take effect 90 days after November 18, 1988.

(Pub. L. 100–690, title II, § 2404, Nov. 18, 1988, 102 Stat. 4231.)

REFERENCES IN TEXT

The Federal Food, Drug, and Cosmetic Act, referred to in subsec. (b), is act June 25, 1938, ch. 675, 52 Stat. 1040, as amended, which is classified generally to chapter 9 (§ 301 et seq.) of Title 21, Food and Drugs. For complete classification of this Act to the Code, see section 301 of Title 21 and Tables.

CODIFICATION

Section was enacted as part of the Anti-Drug Abuse Act of 1988 and also as part of the Comprehensive Alcohol Abuse, Drug Abuse, and Mental Health Amendments Act of 1988, and not as part of the Consumer Product Safety Act which comprises this chapter.

§ 2057b. Banning of isopropal nitrite and other nitrites

(a) In general

Except as provided in subsection (b) of this section, volatile alkyl nitrite shall be considered a banned hazardous product under section 2057 of this title.

(b) Lawful purposes

For the purposes of section 2057 of this title, it shall not be unlawful for any person to manufacture for sale, offer for sale, distribute in commerce, or import into the United States volatile alkyl nitrites for any commercial purpose or any other purpose approved under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.].

(c) “Commercial purpose” defined

For purposes of this section, the term “commercial purpose” means any commercial purpose other than for the production of consumer products containing volatile alkyl nitrites that may be used for inhaling or otherwise introducing volatile alkyl nitrites into the human body for euphoric or physical effects.

(d) Effective date

This section shall take effect 90 days after November 29, 1990.

(Pub. L. 101–647, title XXXII, § 3202, Nov. 29, 1990, 104 Stat. 4917.)

## CODIFICATION

Section was enacted as part of the Crime Control Act of 1990, and not as part of the Consumer Product Safety Act which comprises this chapter.

**§ 2057c. Prohibition on sale of certain products containing specified phthalates**

**(a) Prohibition on the sale of certain products containing phthalates**

Beginning on the date that is 180 days after August 14, 2008, it shall be unlawful for any person to manufacture for sale, offer for sale, distribute in commerce, or import into the United States any children's toy or child care article that contains concentrations of more than 0.1 percent of di-(2-ethylhexyl) phthalate (DEHP), dibutyl phthalate (DBP), or benzyl butyl phthalate (BBP).

**(b) Prohibition on the sale of additional products containing certain phthalates**

**(1) Interim prohibition**

Beginning on the date that is 180 days after August 14, 2008, and until a final rule is promulgated under paragraph (3), it shall be unlawful for any person to manufacture for sale, offer for sale, distribute in commerce, or import into the United States any children's toy that can be placed in a child's mouth or child care article that contains concentrations of more than 0.1 percent of diisononyl phthalate (DINP), diisodecyl phthalate (DIDP), or di-n-octyl phthalate (DnOP).

**(2) Chronic Hazard Advisory Panel**

**(A) Appointment**

Not earlier than 180 days after August 14, 2008, the Commission shall begin the process of appointing a Chronic Hazard Advisory Panel pursuant to the procedures of section 28 of the Consumer Product Safety Act (15 U.S.C. 2077) to study the effects on children's health of all phthalates and phthalate alternatives as used in children's toys and child care articles.

**(B) Examination**

The panel shall, within 18 months after its appointment under subparagraph (A), complete an examination of the full range of phthalates that are used in products for children and shall—

(i) examine all of the potential health effects (including endocrine disrupting effects) of the full range of phthalates;

(ii) consider the potential health effects of each of these phthalates both in isolation and in combination with other phthalates;

(iii) examine the likely levels of children's, pregnant women's, and others' exposure to phthalates, based on a reasonable estimation of normal and foreseeable use and abuse of such products;

(iv) consider the cumulative effect of total exposure to phthalates, both from children's products and from other sources, such as personal care products;

(v) review all relevant data, including the most recent, best-available, peer-reviewed, scientific studies of these phthalates and phthalate alternatives that employ objective data collection practices or employ other objective methods;

(vi) consider the health effects of phthalates not only from ingestion but also as a result of dermal, hand-to-mouth, or other exposure;

(vii) consider the level at which there is a reasonable certainty of no harm to children, pregnant women, or other susceptible individuals and their offspring, considering the best available science, and using sufficient safety factors to account for uncertainties regarding exposure and susceptibility of children, pregnant women, and other potentially susceptible individuals; and

(viii) consider possible similar health effects of phthalate alternatives used in children's toys and child care articles.

The panel's examinations pursuant to this paragraph shall be conducted *de novo*. The findings and conclusions of any previous Chronic Hazard Advisory Panel on this issue and other studies conducted by the Commission shall be reviewed by the panel but shall not be considered determinative.

**(C) Report**

Not later than 180 days after completing its examination, the panel appointed under subparagraph (A) shall report to the Commission the results of the examination conducted under this section and shall make recommendations to the Commission regarding any phthalates (or combinations of phthalates) in addition to those identified in subsection (a) or phthalate alternatives that the panel determines should be declared banned hazardous substances.

**(3) Permanent prohibition by rule**

Not later than 180 days after receiving the report of the panel under paragraph (2)(C), the Commission shall, pursuant to section 553 of title 5, promulgate a final rule to—

(A) determine, based on such report, whether to continue in effect the prohibition under paragraph (1), in order to ensure a reasonable certainty of no harm to children, pregnant women, or other susceptible individuals with an adequate margin of safety; and

(B) evaluate the findings and recommendations of the Chronic Hazard Advisory Panel and declare any children's product containing any phthalates to be a banned hazardous product under section 8 of the Consumer Product Safety Act (15 U.S.C. 2057), as the Commission determines necessary to protect the health of children.
