See sections 3(2) and 14 of Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 770, 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 541h. Cooperation with State of Oregon in administration and protection of lands; civil and criminal jurisdiction; power of taxation

The Secretary shall cooperate with the State of Oregon and political subdivisions thereof in the administration of the Area and in the administration and protection of lands within and adjacent to the Area owned or controlled by the State or political subdivisions thereof. Nothing in this subchapter shall deprive the State of Oregon or any political subdivision thereof of its right to exercise civil and criminal jurisdiction within the Area consistent with the provisions of this subchapter, or of its right to tax persons, corporations, franchises or other non-Federal property, in or on the lands or waters within the Area.

§ 542d. Comprehensive management plan

(a) Boundaries

The research site shall consist of approximately thirty-one thousand acres, including a principle¹ research facility of approximately one thousand acres. The boundaries are depicted on a map entitled "Langmuir Research Site", dated August 1980, which is on file and available for public inspection in the office of the Chief, Forest Service, United States Department of Agriculture.

(b) Development of plan

As soon as practicable, after December 19, 1980, the Secretary of Agriculture shall develop a comprehensive management plan for the research site consistent with requirements of the National Forest Management Act of 1976 (Public Law 94-588) (16 U.S.C. 1604), which shall be incorporated into the initial Cibola National Forest land and resource management plan as provided for under that Act.

(c) Adjustment in boundaries

Following timely notice in writing to the Committee on Natural Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate of his intention to do so, the Secretary may make minor adjustments in the boundaries of the research site to provide for more effective management or to encourage further research activity. For the purposes of this subsection, minor boundary adjustments shall not increase or decrease the amount of land within the research site by more than seven thousand acres.

(d) Consultation with other public interest groups

In developing the plan, the Secretary shall consult with the National Science Foundation, the New Mexico Institute of Mining and Technology, the New Mexico Academy of Science and appropriate conservation, wilderness, wildlife, industry, and other public interest groups.

(e) Objectives of plan

The plan shall prescribe specific research and management objectives necessary for the pro-
