§ 2504. Federal assistance grants

(a) General purpose local governments eligible for assistance; basis; publication in Federal Register: list of eligibles, criteria of eligibility

Eligibility of general purpose local governments for assistance under this chapter shall be based upon need as determined by the Secretary. Within one hundred and twenty days after November 10, 1978, the Secretary shall publish in the Federal Register, a list of the local governments eligible to participate in this program, to be accompanied by a discussion of criteria used in determining eligibility. Such criteria shall be based upon factors which the Secretary determines are related to deteriorated recreational facilities or systems, and physical and economic distress.

(b) Other general purpose local governments eligible for assistance; limitation of funds

Notwithstanding the list of eligible local governments established in accordance with subsection (a) of this section, the Secretary is also authorized to establish eligibility, at his discretion and in accord with the findings and purpose of this chapter, to other general purpose local governments in standard metropolitan statistical areas as defined by the census: *Provided*, That grants to these discretionary applicants do not exceed in the aggregate 15 per centum of funds appropriated under this chapter for rehabilitation, innovation, and recovery action program grants.

- (7) the amount of State and private support for a project as evidenced by commitments of

non-Federal resources to project construction or operation; and

(8) in the case of at-risk youth recreation grants, the Secretary shall give a priority to each of the following criteria:

The Secretary is authorized to provide 70 per centum matching rehabilitation and innovative grants directly to eligible general purpose local governments upon his approval of applications therefor by the chief executives of such governments.

(1) At the discretion of such applicants, and if consistent with an approved application, rehabilitation and innovation grants may be transferred in whole or in part to independent special purpose local governments, private nonprofit agencies or county or regional park authorities: *Provided*, That assisted recreation areas and facilities owned or managed by them offer recreation opportunities to the general population within the jurisdictional boundaries of an eligible applicant.

(2) Payments may be made only for those rehabilitation or innovative projects which have been approved by the Secretary. Such payments may be made from time to time in keeping with the rate of progress toward the satisfactory completion of a project, except that the Sec-

retary may, when appropriate, make advance payments on approved rehabilitation and innovative projects in an amount not to exceed 20 per centum of the total project cost.

(3) The Secretary may authorize modification of an approved project only when a grantee has adequately demonstrated that such modification is necessary because of circumstances not foreseeable at the time a project was proposed.

As a requirement for project approval, local governments applying for assistance under this chapter shall submit to the Secretary evidence of their commitments to ongoing planning, rehabilitation, service, operation, and maintenance programs for their park and recreation systems. These commitments will be expressed in local park and recreation recovery action programs which maximize coordination of all community resources, including other federally supported urban development and recreation programs. During an initial interim period to be established by regulations under this chapter, this requirement may be satisfied by local government submissions of preliminary action programs which briefly define objectives, priorities, and implementation strategies for overall system recovery and maintenance and commit the applicant to a scheduled program development process. Following this interim period, all local applicants shall submit to the Secretary, as a condition of eligibility, a five-year action program for park and recreation recovery that satisfactorily demonstrate:¹

(1) systematic identification of recovery objectives, priorities, and implementation strategies;

(2) adequate planning for rehabilitation of specific recreation areas and facilities, including projections of the cost of proposed projects;

(3) capacity and commitment to assure that facilities provided or improved under this chapter shall thereafter continue to be adequately maintained, protected, staffed, and supervised;
