

PART V—OTHER CONSERVATION PROGRAMS

§ 3839bb. Conservation of private grazing land**(a) Purpose**

It is the purpose of this section to authorize the Secretary to provide a coordinated technical, educational, and related assistance program to conserve and enhance private grazing land resources and provide related benefits to all citizens of the United States by—

- (1) establishing a coordinated and cooperative Federal, State, and local grazing conservation program for management of private grazing land;
- (2) strengthening technical, educational, and related assistance programs that provide assistance to owners and managers of private grazing land;
- (3) conserving and improving wildlife habitat on private grazing land;
- (4) conserving and improving fish habitat and aquatic systems through grazing land conservation treatment;
- (5) protecting and improving water quality;
- (6) improving the dependability and consistency of water supplies;
- (7) identifying and managing weed, noxious weed, and brush encroachment problems on private grazing land; and
- (8) integrating conservation planning and management decisions by owners and managers of private grazing land, on a voluntary basis.

(b) Definitions

In this section:

(1) Department

The term “Department” means the Department of Agriculture.

(2) Private grazing land

The term “private grazing land” means private, State-owned, tribally-owned, and any other non-federally owned rangeland, pastureland, grazed forest land, and hay land.

(3) Secretary

The term “Secretary” means the Secretary of Agriculture.

(c) Private grazing land conservation assistance**(1) Assistance to grazing landowners and others**

Subject to the availability of appropriations for this section, the Secretary shall establish a voluntary program to provide technical, educational, and related assistance to owners and managers of private grazing land and public agencies, through local conservation districts, to enable the landowners, managers, and public agencies to voluntarily carry out activities that are consistent with this section, including—

- (A) maintaining and improving private grazing land and the multiple values and uses that depend on private grazing land;
- (B) implementing grazing land management technologies;
- (C) managing resources on private grazing land, including—
 - (i) planning, managing, and treating private grazing land resources;

- (ii) ensuring the long-term sustainability of private grazing land resources;
- (iii) harvesting, processing, and marketing private grazing land resources; and
- (iv) identifying and managing weed, noxious weed, and brush encroachment problems;

(D) protecting and improving the quality and quantity of water yields from private grazing land;

(E) maintaining and improving wildlife and fish habitat on private grazing land;

(F) enhancing recreational opportunities on private grazing land;

(G) maintaining and improving the aesthetic character of private grazing land;

(H) identifying the opportunities and encouraging the diversification of private grazing land enterprises; and

(I) encouraging the use of sustainable grazing systems, such as year-round, rotational, or managed grazing.

(2) Program elements**(A) Funding**

If funding is provided to carry out this section, it shall be provided through a specific line-item in the annual appropriations for the Natural Resources Conservation Service.

(B) Technical assistance and education

Personnel of the Department trained in pasture and range management shall be made available under the program to deliver and coordinate technical assistance and education to owners and managers of private grazing land, at the request of the owners and managers.

(d) Grazing technical assistance self-help**(1) Findings**

Congress finds that—

(A) there is a severe lack of technical assistance for farmers and ranchers that graze livestock;

(B) Federal budgetary constraints preclude any significant expansion, and may force a reduction of, current levels of technical support; and

(C) farmers and ranchers have a history of cooperatively working together to address common needs in the promotion of their products and in the drainage of wet areas through drainage districts.

(2) Establishment of grazing demonstration

In accordance with paragraph (3), the Secretary may establish 2 grazing management demonstration districts at the recommendation of the grazing land conservation initiative steering committee.

(3) Procedure**(A) Proposal**

Within a reasonable time after the submission of a request of an organization of farmers or ranchers engaged in grazing, the Secretary shall propose that a grazing management district be established.

(B) Funding

The terms and conditions of the funding and operation of the grazing management district shall be proposed by the producers.

(C) Approval

The Secretary shall approve the proposal if the Secretary determines that the proposal—

- (i) is reasonable;
- (ii) will promote sound grazing practices; and
- (iii) contains provisions similar to the provisions contained in the beef promotion and research order issued under section 2903 of title 7 in effect on April 4, 1996.

(D) Area included

The area proposed to be included in a grazing management district shall be determined by the Secretary on the basis of an application by farmers or ranchers.

(E) Authorization

The Secretary may use authority under the Agricultural Adjustment Act (7 U.S.C. 601 et seq.), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, to operate, on a demonstration basis, a grazing management district.

(F) Activities

The activities of a grazing management district shall be scientifically sound activities, as determined by the Secretary in consultation with a technical advisory committee composed of ranchers, farmers, and technical experts.

(e) Authorization of appropriations

There is authorized to be appropriated to carry out this section \$60,000,000 for each of fiscal years 2002 through 2012.

§ 3839bb-1. Wildlife habitat incentive program**(a) In general**

The Secretary, in consultation with the State technical committees established under section 3861 of this title, shall establish within the Natural Resources Conservation Service a program to be known as the wildlife habitat incentive program (referred to in this section as the “program”) for the development of wildlife habitat on private agricultural land, nonindustrial private forest land, and tribal lands.

(b) Cost-share payments**(1) In general**

Under the program, the Secretary shall make cost-share payments to owners of lands referred to in subsection (a) to develop—

- (A) upland wildlife habitat;
- (B) wetland wildlife habitat;
- (C) habitat for threatened and endangered species;
- (D) fish habitat; and
- (E) other types of wildlife habitat approved by the Secretary, including habitat developed on pivot corners and irregular areas.

(2) Increased cost share for long-term agreements**(A) In general**

In a case in which the Secretary enters into an agreement or contract to protect and restore plant and animal habitat that has a term of at least 15 years, the Secretary may provide cost-share payments in addition to amounts provided under paragraph (1).

(B) Funding limitation

The Secretary may use, for a fiscal year, not more than 25 percent of funds made available under section 3841(a)(7) of this title for the fiscal year to carry out contracts and agreements described in subparagraph (A).

(c) Regional equity

In carrying out this section, the Secretary shall, to the maximum extent practicable, ensure that regional issues of concern relating to wildlife habitat are addressed in an appropriate manner.

(d) Priority for certain conservation initiatives

In carrying out this section, the Secretary may give priority to projects that would address issues raised by State, regional, and national conservation initiatives.

(e) Payment limitation

Payments made to a person or legal entity, directly or indirectly, under the program may not exceed, in the aggregate, \$50,000 per year.
