**§ 277d-14. Construction, operation, and maintenance on self-liquidating basis of facilities for generating hydroelectric energy**

If agreement is concluded pursuant to section 277d-13 of this title for the construction of a major international storage dam the Secretary of State, acting through the United States Commissioner, International Boundary and Water Commission, United States and Mexico, is authorized to conclude with the appropriate official or officials of Mexico an agreement consistent with article 7 of the treaty of February 3, 1944, for the construction, operation, and maintenance on a self-liquidating basis, for the United States share, of facilities for generating hydroelectric energy at said dam.

If agreement for the construction of separate facilities for generating hydroelectric energy is concluded, the United States Commissioner, International Boundary and Water Commission, United States and Mexico, is directed to construct, operate, and maintain such self-liquidating facilities for the United States.

(Pub. L. 86-605, § 2, July 7, 1960, 74 Stat. 360.)

**§ 277d-15. Integration of operation of dam with other United States water conservation activities**

If a dam is constructed pursuant to an agreement concluded under the authorization granted by section 277d-13 of this title, its operation for conservation and release of United States share of waters shall be integrated with other United States water conservation activities on the Rio Grande below Fort Quitman, Texas, in such manner as to provide the maximum feasible amount of water for beneficial use in the United States with the understandings that (a) releases of United States share of waters from said dam for domestic, municipal, industrial, and irrigation uses in the United States shall be made pursuant to order by the appropriate authority or authorities of the State of Texas, and (b) the State of Texas having stipulated that the amount of water that will be available for use in the United States below Falcon Dam after the proposed dam is placed in operation will be not less than the amount available under existing conditions of river development, and to carry out such understandings and said stipulation the conservation storage of said dam shall be used, and it shall be the exclusive responsibility of the appropriate authority or authorities of said State to distribute available United States share of waters of the Rio Grande in such manner as will comply with said stipulation.

(Pub. L. 86-605, § 3, July 7, 1960, 74 Stat. 360.)

**§ 277d-16. Authorization of appropriations**

There is hereby authorized to be appropriated to the Department of State for the use of the

United States Section, International Boundary and Water Commission, United States and Mexico, such sums as may be necessary to carry out the provisions of sections 277d-13 to 277d-16 of this title.

(Pub. L. 86-605, § 4, July 7, 1960, 74 Stat. 361.)

**§ 277d-17. Chamizal boundary settlement; investigations relating to river channel; acquisition of lands; relocation of facilities**

In connection with the convention between the United States of America and the United Mexican States for the solution of the problem of the Chamizal, signed August 29, 1963, the Secretary of State, acting through the United States Commissioner, International Boundary and Water Commission, United States and Mexico, is authorized—

a. to conduct technical and other investigations relating to: the demarcation or monumentation of the boundary between the United States and Mexico; flood control; water resources; sanitation and prevention of pollution; channel relocation, improvement, and stabilization; and other matters related to the new river channel.

b. to acquire by donation, purchase, or condemnation, all lands required—

(1) for transfer to Mexico as provided in said convention;

(2) for construction of that portion of the new river channel and the adjoining levee in the territory of the United States;

(3) for relocation of highways, roadways, railroads, telegraph, telephone, electric transmission lines, bridges, related facilities, and any publicly owned structure or facility, the relocation of which, in the judgment of the said Commissioner, is necessitated by the project.

c. For the purpose of effecting said relocations—

(1) to perform any or all work involved in said relocations;

(2) to enter into contracts with the owners of properties to be relocated whereby they undertake to acquire any or all properties needed for said relocations, or undertake to perform any or all work involved in said relocations;

(3) to convey or exchange properties acquired or improved by the United States under sections 277d-17 to 277d-25 of this title or under said convention, with or without improvements, or to grant term or perpetual easements therein or thereover.
