

§ 286aa. Instructions to United States Executive Director; Communist dictatorships

The Congress hereby finds that Communist dictatorships result in severe constraints on labor and capital mobility and other highly inefficient labor and capital supply rigidities which contribute to balance of payments deficits in direct contradiction of the goals of the International Monetary Fund. Therefore, the Secretary of the Treasury shall instruct the United States Executive Director of the Fund to actively oppose any facility involving use of Fund credit by any Communist dictatorship, unless the Secretary of the Treasury certifies and documents in writing upon request and so notifies and appears, if requested, before the Foreign Relations and Banking, Housing, and Urban Affairs Committees of the Senate and the Banking, Finance and Urban Affairs Committee of the House of Representatives, at least twenty-one days in advance of any vote on such drawing that such drawing—

(1) provides the basis for correcting the balance of payments difficulties and restoring a sustainable balance of payments position;

(2) would reduce the severe constraints on labor and capital mobility or other highly inefficient labor and capital supply rigidities and advances market-oriented forces in that country; and

(3) is in the best economic interest of the majority of the people in that country.

Should the Secretary not meet a request to appear before the aforementioned committees at least twenty-one days in advance of any vote on any facility involving use of Fund credit by any communist dictatorship and certify and document in writing that these three conditions have been met, the United States Executive Director shall vote against such program.

(a) Economic adjustment programs

(1) The President shall instruct the Secretary of the Treasury, the Secretary of State, and other appropriate Federal officials, and shall request the Chairman of the Board of Governors of the Federal Reserve System, to use all appropriate means to encourage countries to formulate economic adjustment programs to deal with their balance of payment difficulties and external debt owed to private banks.

(2) Such economic adjustment programs should be designed to safeguard, to the maximum extent feasible, international economic growth, world trade, employment, and the long-term solvency of banks, and to minimize the likelihood of civil disturbances in countries needing economic adjustment programs.

(b) Changes in Fund guidelines; limitations on debt service exceptions

To ensure the effectiveness of economic adjustment programs supported by Fund resources—

(1) the United States Executive Director of the Fund shall recommend and shall work for changes in Fund guidelines, policies, and decisions which would—

(A) convert short-term bank debt which was made at high interest rates into long-term debt at lower rates of interest;

(B) assure that the annual external debt service, which shall include principal, interest, points, fees, and other charges required of the country involved, is a manageable and prudent percentage of the projected annual export earnings of such country; and

(C) provide that in approving any economic adjustment program the Fund shall take into account the number of countries applying to the Fund for economic adjustment programs and the aggregate effects that such programs will have on international economic growth, world trade, exports and employment of other member countries, and the long-term solvency of banks; and

(2) except as provided in subsection (c) of this section, the United States Executive Director of the Fund shall oppose and vote against providing assistance from the Fund for any economic adjustment program for a country in which the annual external debt service exceeds 85 per centum of the annual export earnings of such country, unless the Secretary of the Treasury first determines and provides written documentation to the Committee on Banking, Housing, and Urban Affairs and the Committee on Foreign Relations of the Senate and the Committee on Banking, Finance and Urban Affairs of the House of Representatives that—
