

§ 1505. Environmental review criteria**(a) Establishment; evaluation of proposed deep-water ports**

The Secretary, in accordance with the recommendations of the Administrator of the Environmental Protection Agency and the Administrator of the National Oceanic and Atmospheric Administration and after consultation with any other Federal departments and agencies having jurisdiction over any aspect of the construction or operation of a deepwater port, shall establish, as soon as practicable after January 3, 1975, environmental review criteria consistent with the National Environmental Policy Act [42 U.S.C. 4321 et seq.]. Such criteria shall be used to evaluate a deepwater port as proposed in an application, including—

- (1) the effect on the marine environment;
- (2) the effect on oceanographic currents and wave patterns;
- (3) the effect on alternate uses of the oceans and navigable waters, such as scientific study, fishing, and exploitation of other living and nonliving resources;
- (4) the potential dangers to a deepwater port from waves, winds, weather, and geological conditions, and the steps which can be taken to protect against or minimize such dangers;
- (5) effects of land-based developments related to deepwater port development;
- (6) the effect on human health and welfare; and
- (7) such other considerations as the Secretary deems necessary or appropriate.

(b) Review and revision

The Secretary shall periodically review and, whenever necessary, revise in the same manner as originally developed, criteria established pursuant to subsection (a) of this section.

(c) Concurrent development of criteria and regulations

Criteria established pursuant to this section shall be developed concurrently with the regulations in subsection (a) of section 1504 of this title and in accordance with the provisions of that subsection.

(Pub. L. 93-627, § 6, Jan. 3, 1975, 88 Stat. 2135.)

REFERENCES IN TEXT

The National Environmental Policy Act, referred to in subsec. (a), is Pub. L. 91-190, § 2, Jan. 1970, 83 Stat. 852, as amended, which is classified generally to chapter 55 (§ 4321 et seq.) of Title 42, The Public Health and Welfare. For complete classification of this Act to the Code, see Short Title note set out under section 4321 of Title 42 and Tables.

§ 1506. Repealed. Pub. L. 104-324, title V, § 506, Oct. 19, 1996, 110 Stat. 3927

Section, Pub. L. 93-627, § 7, Jan. 3, 1975, 88 Stat. 2135; Pub. L. 98-419, § 2(g), (h), Sept. 25, 1984, 98 Stat. 1607, provided for antitrust review by Attorney General and Federal Trade Commission prior to issuance of license for ownership, construction, and operation of deepwater port.

§ 1507. Common carrier status**(a) Status of deepwater ports and storage facilities**

A deepwater port and a storage facility serviced directly by that deepwater port shall oper-

ate as a common carrier under applicable provisions of part I of the Interstate Commerce Act and subtitle IV of title 49, and shall accept, transport, or convey without discrimination all oil delivered to the deepwater port with respect to which its license is issued, except as provided by subsection (b) of this section.

(b) Discrimination prohibition; exceptions

A licensee is not discriminating under this section and is not subject to common carrier regulations under subsection (a) of this section when that licensee—

(1) is subject to effective competition for the transportation of oil from alternative transportation systems; and

(2) sets its rates, fees, charges, and conditions of service on the basis of competition, giving consideration to other relevant business factors such as the market value of services provided, licensee's cost of operation, and the licensee's investment in the deepwater port and a storage facility, and components thereof, serviced directly by that deepwater port.

(c) Enforcement, suspension, or termination proceedings

When the Secretary has reason to believe that a licensee is not in compliance with this section, the Secretary shall commence an appropriate proceeding before the Federal Energy Regulatory Commission or request the Attorney General to take appropriate steps to enforce compliance with this section and, when appropriate, to secure the imposition of appropriate sanctions. In addition, the Secretary may suspend or revoke the license of a licensee not complying with its obligations under this section.

(d) Managed access

Subsections (a) and (b) of this section shall not apply to deepwater ports for natural gas. A licensee of a deepwater port for natural gas, or an affiliate thereof, may exclusively utilize the entire capacity of the deepwater port and storage facilities for the acceptance, transport, storage, regasification, or conveyance of natural gas produced, processed, marketed, or otherwise obtained by agreement by such licensee or its affiliates. The licensee may make unused capacity of the deepwater port and storage facilities available to other persons, pursuant to reasonable terms and conditions imposed by the licensee, if such use does not otherwise interfere in any way with the acceptance, transport, storage, regasification, or conveyance of natural gas produced, processed, marketed, or otherwise obtained by agreement by such licensee or its affiliates.

(e) Jurisdiction

Notwithstanding any provision of the Natural Gas Act (15 U.S.C. 717 et seq.), any regulation or rule issued thereunder, or section 1518 of this title as it pertains to such Act, this chapter shall apply with respect to the licensing, siting, construction, or operation of a deepwater natural gas port or the acceptance, transport, storage, regasification, or conveyance of natural gas at or through a deepwater port, to the exclusion of the Natural Gas Act or any regulation or rule issued thereunder.
