

§ 2269. Tribal partnership program**(a) Definition of Indian tribe**

In this section, the term “Indian tribe” has the meaning given the term in section 450b of title 25.

(b) Program**(1) In general**

In cooperation with Indian tribes and the heads of other Federal agencies, the Secretary may carry out water-related planning activities and study and determine the feasibility of carrying out water resources development projects that—

(A) will substantially benefit Indian tribes; and

(B) are located primarily within Indian country (as defined in section 1151 of title 18, and including lands that are within the jurisdictional area of an Oklahoma Indian tribe, as determined by the Secretary of the Interior, and are recognized by the Secretary of the Interior as eligible for trust land status under part 151 of title 25, Code of Federal Regulations) or in proximity to Alaska Native villages.

(2) Matters to be studied

A study conducted under paragraph (1) may address—

(A) projects for flood damage reduction, environmental restoration and protection, and preservation of cultural and natural resources;

(B) watershed assessments and planning activities; and

(C) such other projects as the Secretary, in cooperation with Indian tribes and the heads of other Federal agencies, determines to be appropriate.

(c) Consultation and coordination with Secretary of the Interior**(1) In general**

In recognition of the unique role of the Secretary of the Interior concerning trust responsibilities with Indian tribes and in recognition of mutual trust responsibilities, the Secretary shall consult with the Secretary of the Interior concerning studies conducted under subsection (b) of this section.

(2) Integration of activities

The Secretary shall—

(A) integrate civil works activities of the Department of the Army with activities of the Department of the Interior to avoid conflicts, duplications of effort, or unanticipated adverse effects on Indian tribes; and

(B) consider the authorities and programs of the Department of the Interior and other Federal agencies in any recommendations concerning carrying out projects studied under subsection (b) of this section.

(d) Cost sharing**(1) Ability to pay****(A) In general**

Any cost-sharing agreement for a study under subsection (b) of this section shall be

subject to the ability of the non-Federal interest to pay.

(B) Use of procedures

The ability of a non-Federal interest to pay shall be determined by the Secretary in accordance with procedures established by the Secretary.

(2) Credit

The Secretary may credit toward the non-Federal share of the costs of a study under subsection (b) of this section the cost of services, studies, supplies, or other in-kind contributions provided by the non-Federal interest if the Secretary determines that the services, studies, supplies, and other in-kind contributions will facilitate completion of the study.

(e) Authorization of appropriations

There is authorized to be appropriated to carry out subsection (b) of this section \$5,000,000 for each of fiscal years 2002 through 2012, of which not more than \$1,000,000 may be used with respect to any 1 Indian tribe.

CODIFICATION

Section was enacted as part of the Water Resources Development Act of 2000, and not as part of the Water Resources Development Act of 1986 which comprises this chapter.

AMENDMENTS

2007—Subsec. (b)(1). Pub. L. 110-114, §2011(a)(1), inserted “carry out water-related planning activities and” after “the Secretary may” in introductory provisions.

Subsec. (b)(1)(B). Pub. L. 110-114, §2011(a)(2), inserted “, and including lands that are within the jurisdictional area of an Oklahoma Indian tribe, as determined by the Secretary of the Interior, and are recognized by the Secretary of the Interior as eligible for trust land status under part 151 of title 25, Code of Federal Regulations” after “section 1151 of title 18”.

Subsec. (b)(2). Pub. L. 110-114, §2011(a)(3), added subpar. (B) and redesignated former subpar. (B) as (C).

Subsec. (e). Pub. L. 110-114, §2011(b), substituted “2012” for “2006”.

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 106-541, set out as a note under section 2201 of this title.

SUBCHAPTER V—GENERAL PROVISIONS

§ 2280. Maximum cost of projects

In order to insure against cost overruns, each total cost set forth with respect to a project for water resources development and conservation and related purposes authorized to be carried out by the Secretary in this Act or in a law enacted after the date of the enactment of this Act, including the Water Resources Development Act of 1988, or in an amendment made by this Act or any later law with respect to such a project shall be the maximum cost of that project, except that such maximum amount—

(1) may be increased by the Secretary for modifications which do not materially alter

the scope or functions of the project as authorized, but not by more than 20 percent of the total cost stated for the project in this Act, in any later law, or in an amendment made by this Act or any later law; and

(2) shall be automatically increased for—

(A) changes in construction costs applied to unconstructed features (including real property acquisitions, preconstruction studies, planning, engineering, and design) from the date of enactment of this Act or any later law (unless otherwise specified) as indicated by engineering and other appropriate cost indexes; and

(B) additional studies, modifications, and actions (including mitigation and other environmental actions) authorized by this Act or any later law or required by changes in Federal law.

§ 2281. Matters to be addressed in planning

(a) In general

Enhancing national economic development (including benefits to particular regions of the Nation not involving the transfer of economic activity to such regions from other regions), the quality of the total environment (including preservation and enhancement of the environment), the well-being of the people of the United States, the prevention of loss of life, and the preservation of cultural and historical values shall be addressed in the formulation and evaluation of water resources projects to be carried out by the Secretary, and the associated benefits and costs, both quantifiable and unquantifiable, and information regarding potential loss of human life that may be associated with flooding and coastal storm events, shall be displayed in the benefits and costs of such projects.

(b) Assessments

For all feasibility reports for water resources projects completed after December 31, 2007, the Secretary shall assess whether—

(1) the water resources project and each separable element is cost-effective; and

(2) the water resources project complies with Federal, State, and local laws (including regulations) and public policies.

1996—Pub. L. 104-303 inserted “and information regarding potential loss of human life that may be associated with flooding and coastal storm events,” after “unquantifiable,”.

1990—Pub. L. 101-640 inserted “(including preservation and enhancement of the environment)” after “environment”.

RURAL PROJECT EVALUATION AND SELECTION CRITERIA

Pub. L. 102-580, title II, § 214, Oct. 31, 1992, 106 Stat. 4831, directed Comptroller General, not later than 18 months after Oct. 31, 1992, to report to Congress with specific legislative and other recommendations on improving the equitable distribution of water resources development projects in rural areas, prior to repeal by Pub. L. 104-316, title I, § 117, Oct. 19, 1996, 110 Stat. 3835.

§ 2282. Feasibility reports

(a) Preparation of reports

(1) In general

In the case of any water resources project-related study authorized to be undertaken by the Secretary that results in recommendations concerning a project or the operation of a project and that requires specific authorization by Congress in law or otherwise, the Secretary shall perform a reconnaissance study and prepare a feasibility report, subject to section 2215 of this title.

(2) Contents of feasibility reports

A feasibility report shall describe, with reasonable certainty, the economic, environmental, and social benefits and detriments of the recommended plan and alternative plans considered by the Secretary and the engineering features (including hydrologic and geologic information), the public acceptability, and the purposes, scope, and scale of the recommended plan. A feasibility report shall also include the views of other Federal agencies and non-Federal agencies with regard to the recommended plan, a description of a non-structural alternative to the recommended plan when such plan does not have significant nonstructural features, and a description of the Federal and non-Federal participation in such plan, and shall demonstrate that States, other non-Federal interests, and Federal agencies have been consulted in the development of the recommended plan.

(3) Applicability

This subsection shall not apply to—
