

nium enrichment facilities of the Department are in compliance with the standards established under subsection (a) of this section and all applicable laws.

**(c) Certification process**

**(1) Establishment**

The Nuclear Regulatory Commission shall establish a certification process to ensure that the Corporation complies with standards established under subsection (a) of this section.

**(2) Periodic application for certificate of compliance**

The Corporation shall apply to the Nuclear Regulatory Commission for a certificate of compliance under paragraph (1) periodically, as determined by the Commission, but not less than every 5 years. The Commission shall review any such application and any determination made under subsection (b)(2) of this section shall be based on the results of any such review.

**(3) Treatment of certificate of compliance**

The requirement for a certificate of compliance under paragraph (1) shall be in lieu of any requirement for a license for any gaseous diffusion facility of the Department leased by the Corporation.

**(4) NRC review**

**(A) In general**

The Nuclear Regulatory Commission, in consultation with the Environmental Protection Agency, shall review the operations of the Corporation with respect to any gaseous diffusion uranium enrichment facilities of the Department leased by the Corporation to ensure that public health and safety are adequately protected.

**(B) Access to facilities and information**

The Corporation and the Department shall cooperate fully with the Nuclear Regulatory Commission and the Environmental Protection Agency and shall provide the Nuclear Regulatory Commission and the Environmental Protection Agency with the ready access to the facilities, personnel, and information the Nuclear Regulatory Commission and the Environmental Protection Agency consider necessary to carry out their responsibilities under this subsection. A contractor operating a Corporation facility for the Corporation shall provide the Nuclear Regulatory Commission and the Environmental Protection Agency with ready access to the facilities, personnel, and information of the contractor as the Nuclear Regulatory Commission and the Environmental Protection Agency consider necessary to carry out their responsibilities under this subsection.

**(C) Limitation**

The Nuclear Regulatory Commission shall limit its finding under subsection (b)(2) of this section to a determination of whether the facilities are in compliance with the standards established under subsection (a) of this section.

**(d) Requirement for operation**

The gaseous diffusion uranium enrichment facilities of the Department may not be operated

by the Corporation unless the Nuclear Regulatory Commission, in consultation with the Environmental Protection Agency, makes a determination of compliance under subsection (b) of this section or approves a plan prepared by the Department for achieving compliance required under subsection (b) of this section.

AMENDMENTS

1998—Subsec. (b)(1). Pub. L. 105-362 substituted “Not later than the date on which a certificate of compliance is issued under subsection (c) of this section, the Nuclear” for “The Nuclear” and struck out “at least annually” after “report”.

1996—Subsec. (c)(2). Pub. L. 104-134 amended heading and text of par. (2) generally. Prior to amendment, text read as follows: “The Corporation shall apply at least annually to the Nuclear Regulatory Commission for a certificate of compliance under paragraph (1). The Nuclear Regulatory Commission, in consultation with the Environmental Protection Agency, shall review any such application and any determination made under subsection (b)(2) of this section shall be based on the results of any such review.”

SUBCHAPTER VII—DECONTAMINATION AND  
DECOMMISSIONING

**§ 2297g. Uranium Enrichment Decontamination  
and Decommissioning Fund**

**(a) Establishment**

There is established in the Treasury of the United States an account to be known as the Uranium Enrichment Decontamination and Decommissioning Fund (referred to in this subchapter as the "Fund"). The Fund, and any amounts deposited in it, including any interest earned thereon, shall be available to the Secretary subject to appropriations for the exclusive purpose of carrying out this subchapter.

**(b) Administration**

**(1) In general**

The Secretary of the Treasury shall hold the Fund and, after consultation with the Secretary, annually report to the Congress on the financial condition and operations of the Fund during the preceding fiscal year.

**(2) Investments**

The Secretary of the Treasury shall invest amounts contained within the Fund in obligations of the United States—

(A) having maturities determined by the Secretary of the Treasury to be appropriate for what the Department determines to be the needs of the Fund; and

(B) bearing interest at rates determined to be appropriate by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding

marketable obligations of the United States with remaining periods to maturity comparable to these obligations.

(Aug. 1, 1946, ch. 724, title II, § 1801, as added Pub. L. 102-486, title XI, § 1101, Oct. 24, 1992, 106 Stat. 2953.)

**§ 2297g-1. Deposits**

**(a) Amount**

The Fund shall consist of deposits in the amount of \$518,233,333 per fiscal year (to be annually adjusted for inflation beginning on October 24, 1992, using the Consumer Price Index for all-urban consumers published by the Department of Labor) as provided in this section.

**(b) Source**

Deposits described in subsection (a) of this section shall be from the following sources:

(1) Sums collected pursuant to subsection (c) of this section.

(2) Appropriations made pursuant to subsection (d) of this section.

**(c) Special assessment**

The Secretary shall collect a special assessment from domestic utilities. The total amount collected for a fiscal year shall not exceed \$150,000,000 (to be annually adjusted for inflation using the Consumer Price Index for all-urban consumers published by the Department of Labor). The amount collected from each utility pursuant to this subsection for a fiscal year shall be in the same ratio to the amount required under subsection (a) of this section to be deposited for such fiscal year as the total amount of separative work units such utility has purchased from the Department of Energy for the purpose of commercial electricity generation, before October 24, 1992, bears to the total amount of separative work units purchased from the Department of Energy for all purposes (including units purchased or produced for defense purposes) before October 24, 1992. For purposes of this subsection—

(1) a utility shall be considered to have purchased a separative work unit from the Department if such separative work unit was produced by the Department, but purchased by the utility from another source; and

(2) a utility shall not be considered to have purchased a separative work unit from the Department if such separative work unit was purchased by the utility, but sold to another source.

**(d) Authorization of appropriations**

There are authorized to be appropriated to the Fund, for the period encompassing 15 years after October 24, 1992, such sums as are necessary to ensure that the amount required under subsection (a) of this section is deposited for each fiscal year.

**(e) Termination of assessments**

The collection of amounts under subsection (c) of this section shall cease after the earlier of—

(1) 15 years after October 24, 1992; or

(2) the collection of \$2,250,000,000 (to be annually adjusted for inflation using the Consumer Price Index for all-urban consumers published
