

(H) identify and mitigate hazards by—

(i) analyzing events reported to patient safety reporting systems and patient safety organizations; and

(ii) using the results of such analyses to develop scientific methods of response to such events;

(I) include the conduct of systematic reviews of existing practices that improve the quality, safety, and efficiency of health care delivery, as well as new research on improving such practices; and

(J) include the examination of how to measure and evaluate the progress of quality and patient safety activities.

**(d) Dissemination of research findings**

**(1) Public availability**

The Director shall make the research findings of the Center available to the public through multiple media and appropriate formats to reflect the varying needs of health care providers and consumers and diverse levels of health literacy.

**(2) Linkage to health information technology**

The Secretary shall ensure that research findings and results generated by the Center are shared with the Office of the National Coordinator of Health Information Technology and used to inform the activities of the health information technology extension program under section 300jj-32 of this title, as well as any relevant standards, certification criteria, or implementation specifications.

**(e) Prioritization**

The Director shall identify and regularly update a list of processes or systems on which to focus research and dissemination activities of the Center, taking into account—

(1) the cost to Federal health programs;

(2) consumer assessment of health care experience;

(3) provider assessment of such processes or systems and opportunities to minimize distress and injury to the health care workforce;

(4) the potential impact of such processes or systems on health status and function of patients, including vulnerable populations including children;

(5) the areas of insufficient evidence identified under subsection (c)(2)(B); and

(6) the evolution of meaningful use of health information technology, as defined in section 300jj of this title.

**(f) Coordination**

The Center shall coordinate its activities with activities conducted by the Center for Medicare and Medicaid Innovation established under section 1315a of this title.

**(g) Funding**

There is authorized to be appropriated to carry out this section \$20,000,000 for fiscal years 2010 through 2014.

(July 1, 1944, ch. 373, title IX, § 933, as added Pub. L. 111-148, title III, § 3501, Mar. 23, 2010, 124 Stat. 508.)

PRIOR PROVISIONS

A prior section 933 of act July 1, 1944, was renumbered section 943 and is classified to section 299c-2 of this title.

**§ 299b-34. Quality improvement technical assistance and implementation**

**(a) In general**

The Director, through the Center for Quality Improvement and Patient Safety of the Agency for Healthcare Research and Quality (referred to in this section as the “Center”), shall award—

(1) technical assistance grants or contracts to eligible entities to provide technical support to institutions that deliver health care and health care providers (including rural and urban providers of services and suppliers with limited infrastructure and financial resources to implement and support quality improvement activities, providers of services and suppliers with poor performance scores, and providers of services and suppliers for which there are disparities in care among subgroups of patients) so that such institutions and providers understand, adapt, and implement the models and practices identified in the research conducted by the Center, including the Quality Improvement Networks Research Program; and

(2) implementation grants or contracts to eligible entities to implement the models and practices described under paragraph (1).

**(b) Eligible entities**

**(1) Technical assistance award**

To be eligible to receive a technical assistance grant or contract under subsection (a)(1), an entity—

(A) may be a health care provider, health care provider association, professional society, health care worker organization, Indian health organization, quality improvement organization, patient safety organization, local quality improvement collaborative, the Joint Commission, academic health center, university, physician-based research network, primary care extension program established under section 280g-12 of this title, a Federal Indian Health Service program or a health program operated by an Indian tribe (as defined in section 1603 of title 25), or any other entity identified by the Secretary; and

(B) shall have demonstrated expertise in providing information and technical support and assistance to health care providers regarding quality improvement.

**(2) Implementation award**

To be eligible to receive an implementation grant or contract under subsection (a)(2), an entity—

(A) may be a hospital or other health care provider or consortium or<sup>1</sup> providers, as determined by the Secretary; and

(B) shall have demonstrated expertise in providing information and technical support and assistance to health care providers regarding quality improvement.

**(c) Application**

**(1) Technical assistance award**

To receive a technical assistance grant or contract under subsection (a)(1), an eligible

entity shall submit an application to the Secretary at such time, in such manner, and containing—

(A) a plan for a sustainable business model that may include a system of—

(i) charging fees to institutions and providers that receive technical support from the entity; and

(ii) reducing or eliminating such fees for such institutions and providers that serve low-income populations; and

(B) such other information as the Director may require.

**(2) Implementation award**

To receive a grant or contract under subsection (a)(2), an eligible entity shall submit an application to the Secretary at such time, in such manner, and containing—

(A) a plan for implementation of a model or practice identified in the research conducted by the Center including—

(i) financial cost, staffing requirements, and timeline<sup>2</sup> for implementation; and

(ii) pre- and projected post-implementation quality measure performance data in targeted improvement areas identified by the Secretary; and

(B) such other information as the Director may require.

**(d) Matching funds**

The Director may not award a grant or contract under this section to an entity unless the entity agrees that it will make available (directly or through contributions from other public or private entities) non-Federal contributions toward the activities to be carried out under the grant or contract in an amount equal to \$1 for each \$5 of Federal funds provided under the grant or contract. Such non-Federal matching funds may be provided directly or through donations from public or private entities and may be in cash or in-kind, fairly evaluated, including plant, equipment, or services.

**(e) Evaluation**

**(1) In general**

The Director shall evaluate the performance of each entity that receives a grant or contract under this section. The evaluation of an entity shall include a study of—

(A) the success of such entity in achieving the implementation, by the health care institutions and providers assisted by such entity, of the models and practices identified in the research conducted by the Center under section 299b-33 of this title;

(B) the perception of the health care institutions and providers assisted by such entity regarding the value of the entity; and

(C) where practicable, better patient health outcomes and lower cost resulting from the assistance provided by such entity.

**(2) Effect of evaluation**

Based on the outcome of the evaluation of the entity under paragraph (1), the Director shall determine whether to renew a grant or contract with such entity under this section.

**(f) Coordination**

The entities that receive a grant or contract under this section shall coordinate with health information technology regional extension centers under section 300jj-32(c) of this title and the primary care extension program established under section 280g-12 of this title regarding the dissemination of quality improvement, system delivery reform, and best practices information.

PRIOR PROVISIONS

A prior section 934 of act July 1, 1944, was renumbered section 944 and is classified to section 299c-3 of this title.

AMENDMENTS

2010—Subsecs. (b)(1)(A), (f). Pub. L. 111-148, § 10501(f)(3), made technical amendment to reference in original act which appears in text as reference to section 280g-12 of this title.

**§ 299b-35. Grants or contracts to implement medication management services in treatment of chronic diseases**

**(a) In general**

The Secretary, acting through the Patient Safety Research Center established in section 299b-33 of this title (referred to in this section as the “Center”), shall establish a program to provide grants or contracts to eligible entities to implement medication management (referred to in this section as “MTM”) services provided by licensed pharmacists, as a collaborative, multi-disciplinary, inter-professional approach to the treatment of chronic diseases for targeted individuals, to improve the quality of care and reduce overall cost in the treatment of such diseases. The Secretary shall commence the program under this section not later than May 1, 2010.

**(b) Eligible entities**

To be eligible to receive a grant or contract under subsection (a), an entity shall—

(1) provide a setting appropriate for MTM services, as recommended by the experts described in subsection (e);

(2) submit to the Secretary a plan for achieving long-term financial sustainability;

(3) where applicable, submit a plan for coordinating MTM services through local community health teams established in section 256a-1 of this title or in collaboration with primary care extension programs established in section 280g-12 of this title;

(4) submit a plan for meeting the requirements under subsection (c); and

(5) submit to the Secretary such other information as the Secretary may require.

**(c) MTM services to targeted individuals**

The MTM services provided with the assistance of a grant or contract awarded under subsection (a) shall, as allowed by State law including applicable collaborative pharmacy practice agreements, include—

(1) performing or obtaining necessary assessments of the health and functional status of each patient receiving such MTM services;
