§ 5591. Participation of small business concerns

In carrying out his functions under this subchapter, the Secretary shall take steps to assure that small-business concerns will have realistic and adequate opportunities to participate in the programs under this subchapter to the maximum extent practicable, and the Secretary is directed to set aside at least 10 per centum of the funds authorized and appropriated for the participation of small business concerns.

(Pub. L. 95-590, §12, Nov. 4, 1978, 92 Stat. 2521.)

§ 5592. Priorities

The Secretary shall set priorities, as far as possible consistent with the intent and operation of this subchapter, in accordance with the following criteria:

- (1) The applications utilizing photovoltaic systems which will be part of the research, development, and demonstration program and testing and demonstration programs referred to in sections 5583, 5584, 5585, and 5586 of this title shall be located in a sufficient number of different geographic areas in the United States to assure a realistic and effective demonstration of the use of photovoltaic systems and of the applications themselves, in both rural and urban locations and under climatic conditions which vary as much as possible.
- (2) The projected costs of commercial production and maintenance of the photovoltaic systems utilized in the testing and demonstration programs established under this subchapter should be taken into account.
- (3) Encouragement should be given in the conduct of programs under this subchapter to those projects in which funds are appropriated by any State or political subdivision thereof for the purpose of sharing costs with the Federal Government for the purchase and installation of photovoltaic components and systems.

(Pub. L. 95-590, §13, Nov. 4, 1978, 92 Stat. 2521.)

§5593. Construction with National Energy Conservation Policy Act

Nothing in this subchapter shall be construed to negate, duplicate, or otherwise affect the provisions of part C subchapter III of chapter 91 of this title, and such part C shall be exempted fully from the provisions of this subchapter and any regulations, guidelines, or criteria pursuant thereto.

(Pub. L. 95-590, §14, Nov. 4, 1978, 92 Stat. 2521.)

References in Text

Part C (§8271 et seq.) of subchapter III of chapter 91 of this title, referred to in text, was in the original "title V (Federal Initiatives), part 4 (Federal Photovoltaic Utilization), National Energy Conservation Policy Act, H.R. 5037, 95th Congress, if and when that Act becomes enacted by the Ninety-fifth Congress". H.R. 5037 was enacted as Pub. L. 95-619, Nov. 9, 1978, 92 Stat. 3206, and is classified principally to chapter 91 (§8201 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 8201 of this title and Tables.

§ 5594. Authorization of appropriations

There is hereby authorized to be appropriated to the Secretary, for the fiscal year ending Sep-

tember 30, 1979, \$125,000,000, inclusive of any funds otherwise authorized for photovoltaic programs, (1) to carry out the functions vested in the Secretary by this subchapter, (2) to carry out the functions in fiscal year 1979, vested in the Secretary by part C of subchapter III of chapter 91 of this title, and (3) for transfer to such other agencies of the Federal Government as may be required to enable them to carry out their respective functions under this subchapter. Funds appropriated pursuant to this section shall remain available until expended: Provided, That any contract or agreement entered into pursuant to this subchapter shall be effective only to such extent or in such amounts as are provided in advance in appropriation Acts. Authorizations of appropriations for fiscal years after fiscal year 1979 shall be contained in the annual authorization for the Department of Energy, except for those funds authorized for fiscal years 1980 and 1981 contained in part C of subchapter III of chapter 91 of this title.

(Pub. L. 95–590, §15, Nov. 4, 1978, 92 Stat. 2522.)
