

## EFFECTIVE DATE OF 1992 AMENDMENT

Pub. L. 102-486, title I, §141(c)(2), Oct. 24, 1992, 106 Stat. 2841, provided that: "The amendment made by paragraph (1) [amending this section] shall take effect January 1, 1995."

## STUDY REGARDING IMPACT OF PERMITTING RIGHT AND LEFT TURNS ON RED LIGHTS

Pub. L. 102-486, title I, §141(d), Oct. 24, 1992, 106 Stat. 2841, provided that:

"(1) IN GENERAL.—The Administrator of the National Highway Traffic Safety Administration, in consultation with State agencies with jurisdiction over traffic safety issues, shall conduct a study on the safety impact of the requirement specified in section 362(c)(5) of the Energy Policy and Conservation Act (42 U.S.C. 6322(c)(5)), particularly with respect to the impact on pedestrian safety.

"(2) REPORT.—The Administrator shall report the findings of the study conducted under paragraph (1) to the Congress and the Secretary not later than 2 years after the date of the enactment of this Act [Oct. 24, 1992]."

**§ 6323. Federal assistance to States****(a) Information, technical assistance, and assistance in preparation of reports and development, implementation, or modification of energy conservation plan**

Upon request of the Governor of any State, the Secretary shall provide, subject to the availability of personnel and funds, information and technical assistance, including model State laws and proposed regulations relating to energy conservation, and other assistance in—

(1) the preparation of the reports described in section 6322 of this title, and

(2) the development, implementation, or modification of an energy conservation plan of such State submitted under section 6322(b) or (e) of this title.

**(b) Financial assistance to assist State in development, implementation, or modification of energy conservation plan; submission of plan to and approval of Secretary; considerations governing approval; amount of assistance**

(1) The Secretary may grant Federal financial assistance pursuant to this section for the purpose of assisting such State in the development of any such energy conservation plan or in the implementation or modification of a State energy conservation plan or part thereof which has been submitted to and approved by the Secretary pursuant to this part.

(2) In determining whether to approve a State energy conservation plan submitted under section 6322(b) or (e) of this title, the Secretary—

(A) shall take into account the impact of local economic, climatic, geographic, and other unique conditions and requirements of such State on the opportunity to conserve and to improve efficiency in the use of energy in such State; and

(B) may extend the period of time during which a State energy conservation feasibility report or State energy conservation plan may be submitted if the Secretary determines that participation by the State submitting such report or plan is likely to result in significant progress toward achieving the purposes of this chapter.

No such plan shall be disapproved without notice and an opportunity to present views.

(3) In determining the amount of Federal financial assistance to be provided to any State under this subsection, the Secretary shall consider—

(A) the contribution to energy conservation which can reasonably be expected,

(B) the number of people affected by such plan, and

(C) the consistency of such plan with the purposes of this chapter, and such other factors as the Secretary deems appropriate.

**(c) Records**

Each recipient of Federal financial assistance under subsection (b) of this section shall keep such records as the Secretary shall require, including records which fully disclose the amount and disposition by each recipient of the proceeds of such assistance, the total cost of the plan, program, projects, measures, or systems for which such assistance was given or used, the source and amount of funds for such plan, program, projects, measures, or systems not supplied by the Secretary, and such other records as the Secretary determines necessary to facilitate an effective audit and performance evaluation. The Secretary and Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination, at reasonable times and under reasonable conditions, to any pertinent books, documents, papers, and records of any recipient of Federal assistance under this part.

**(d) Assistance as supplementing and not supplanting State and local funds**

Each State receiving Federal financial assistance pursuant to this section shall provide reasonable assurance to the Secretary that it has established policies and procedures designed to assure that Federal financial assistance under this part and under part E of this subchapter will be used to supplement, and not to supplant, State and local funds, and to the extent practicable, to increase the amount of such funds that otherwise would be available, in the absence of such Federal financial assistance, for those programs set forth in the State energy conservation plan approved pursuant to subsection (b) of this section.

**(e) Energy emergency planning program as prerequisite to assistance**

(1) Effective October 1, 1991, to be eligible for Federal financial assistance pursuant to this section, a State shall submit to the Secretary, as a supplement to its energy conservation plan, an energy emergency planning program for an energy supply disruption, as designed by the State consistent with applicable Federal and State law. The contingency plan provided for by the program shall include an implementation strategy or strategies (including regional coordination) for dealing with energy emergencies. The submission of such plan shall be for informational purposes only and without any requirement of approval by the Secretary.

(2) Federal financial assistance made available under this part to a State may be used to develop and conduct the energy emergency planning program requirement referred to in paragraph (1).

**(f) State buildings energy efficiency improvements incentive fund**

If the Secretary determines that a State has demonstrated a commitment to improving the energy efficiency of buildings within such State, the Secretary may, beginning in fiscal year 1994, provide up to \$1,000,000 to such State for deposit into a revolving fund established by such State for the purpose of financing energy efficiency improvements in State and local government buildings. In making such determination the Secretary shall consider whether—

(1) such State, or a majority of the units of local government with jurisdiction over building energy codes within such State, has adopted codes for energy efficiency in new buildings that are at least as stringent as American Society of Heating, Refrigerating, and Air-Conditioning Engineers Standard 90.1-1989 (with respect to commercial buildings) and Council of American Building Officials Model Energy Code, 1992 (with respect to residential buildings);

(2) such State has established a program, including a revolving fund, to finance energy efficiency improvement projects in State and local government facilities and buildings; and

(3) such State has obtained funding from non-Federal sources, including but not limited to, oil overcharge funds, State or local government appropriations, or utility contributions (including rebates) equal to or greater than three times the amount provided by the Secretary under this subsection for deposit into such revolving fund.

## AMENDMENTS

1992—Subsec. (f). Pub. L. 102-486 added subsec. (f).  
1990—Subsecs. (d), (e). Pub. L. 101-440 added subsecs. (d) and (e).

1978—Pub. L. 95-619 substituted “Secretary” for “Administrator”, meaning Administrator of the Federal Energy Administration, wherever appearing.

1976—Subsec. (b)(2). Pub. L. 94-385, §432(b), inserted provision requiring notice and opportunity to present views prior to disapproval of plans.

Subsec. (c). Pub. L. 94-385, §432(c), inserted references to plan, measures, or systems wherever appearing and required that examinations be at reasonable times and under reasonable conditions.

**§ 6323a. Matching State contributions**

For the base State Energy Conservation Program (part D of the Energy Policy and Conservation Act, sections 361 through 366 [42 U.S.C. 6321-6326]), each State will hereafter match in cash or in kind not less than 20 percent of the Federal contribution.

## CODIFICATION

Section was enacted as part of the Department of the Interior and Related Agencies Appropriations Act, 1985, as enacted by Pub. L. 98-473, and not as part of the Energy Policy and Conservation Act which comprises this chapter.

## PRIOR PROVISIONS

Provisions similar to those in this section were contained in the following prior appropriation act:

Pub. L. 98-146, title II, Nov. 4, 1983, 97 Stat. 942.

**§ 6324. State energy efficiency goals**

Each State energy conservation plan with respect to which assistance is made available under this part on or after August 8, 2005, shall contain a goal, consisting of an improvement of 25 percent or more in the efficiency of use of energy in the State concerned in calendar year 2012 as compared to calendar year 1990, and may contain interim goals.

## AMENDMENTS

2005—Pub. L. 109-58 reenacted section catchline without change and amended text generally. Prior to amendment, text read as follows: “Each State energy conservation plan with respect to which assistance is made available under this part on or after October 1, 1991, shall contain a goal, consisting of an improvement of 10 percent or more in the efficiency of use of energy in the State concerned in the calendar year 2000 as compared to the calendar year 1990, and may contain interim goals.”

1990—Pub. L. 101-440 amended section generally. Prior to amendment, section read as follows: “Upon the basis of the reports submitted pursuant to this part and such other information as is available, the Secretary shall, at the earliest practicable date, set an energy conservation goal for each State for 1980 and may set interim goals. Such goal or goals shall consist of the maximum reduction in the consumption of energy during any year as a result of the implementation of the State energy conservation plan described in section 6322(b) of this title which is consistent with technological feasibility, financial resources, and economic objectives, by comparison with the projected energy consumption for such State in such year. The Secretary shall specify the assumptions used in the determination of the projected energy consumption in each State, taking into account population trends, economic growth, and the effects of national energy conservation programs.”

1978—Pub. L. 95-619 substituted “Secretary” for “Administrator”, meaning Administrator of the Federal Energy Administration, wherever appearing.

**§ 6325. General provisions****(a) Rules**

The Secretary may prescribe such rules as may be necessary or appropriate to carry out his authority under this part.
