“(a) FINDINGS.—The Congress finds that—

“(1) protecting the existing stock of unsubsidized privately held lower income housing through the rehabilitation and revitalization of declining neighborhoods is essential to a national housing policy that seeks to increase the availability of affordable housing for low- and moderate-income families;

“(2) the Neighborhood Reinvestment Corporation, the anchor of the national neighborhood housing services network, was chartered by Congress more than 10 years ago to revitalize neighborhoods for the benefit of current residents by mobilizing public, private, and community resources at the neighborhood level;

“(3) the national neighborhood housing services network has proven its worth as a successful cost-effective program relying largely on local initiative for the specific design of local programs;

“(4) the national neighborhood housing services network has had more than 10 years of experience in revitalizing declining neighborhoods, creating housing for low- and moderate-income families, and equipping residents with skills and resources required to maintain safe and healthy communities; and

“(5) expanding upon the existing capabilities, resources, and potential of the national neighborhood housing services network is a cost-effective response to the affordable housing and neighborhood revitalization needs confronting the Nation, and is a strong preventive measure in addressing the national tragedy of homelessness.

“(b) PURPOSE.—It is the purpose of this section [amending this section] to authorize appropriations for the Neighborhood Reinvestment Corporation for fiscal years 1991 and 1992 to permit the corporation—

“(4) to expand the loan purchase capacity of the national neighborhood housing services secondary market, operated by Neighborhood Housing Services of America, for loans made by neighborhood housing services to residents who are unable to meet conventional lending standards, and other loans for community development purposes;

“(5) to provide increased capacity development and matching grants to preserve existing privately held unsubsidized rental housing affordable to low- and

moderate-income households and to create flexible strategies effective in the diverse economic and geographic environments of the Nation;

“(6) to make grants to provide incentives to extend low-income housing use in connection with properties subject to prepayment pursuant to the Low-Income Housing Preservation and Resident Ownership [Homeownership] Act of 1990 [12 U.S.C. 4101 et seq.];
