(2) The provisions of paragraph (1) of this subsection shall not apply to any person conducting explorations pursuant to an approved exploration plan on any area under lease to such person pursuant to the provisions of this subchapter.

(B) a description of equipment to be used for such activities;

(C) the general location of each well to be drilled; and

(D) such other information deemed pertinent by the Secretary.

The Secretary may, by regulation, require any lessee operating under an approved exploration plan to obtain a permit prior to drilling any well in accordance with such plan.

(e) Plan revisions; conduct of exploration activities

(1) If a significant revision of an exploration plan approved under this subsection is submitted to the Secretary, the process to be used for the approval of such revision shall be the same as set forth in subsection (c) of this section.

(2) All exploration activities pursuant to any lease shall be conducted in accordance with an approved exploration plan or an approved revision of such plan.

(f) Drilling permits issued and exploration plans approved within 90-day period after September 18, 1978

(1) Exploration activities pursuant to any lease for which a drilling permit has been issued or for which an exploration plan has been approved, prior to ninety days after September 18, 1978, shall be considered in compliance with this section, except that the Secretary may, in accordance with section 1334(a)(1)(B) of this title, order a suspension or temporary prohibition of any exploration activities and require a revised exploration plan.

(2) The Secretary may require the holder of a lease described in paragraph (1) of this subsection to supply a general statement in accordance with subsection (c)(4) of this section, or to submit other information.
