

general amendment of the Atomic Energy Act of 1946 by act Aug. 30, 1954, ch. 1073, §1, 68 Stat. 919. See section 2014(z) of Title 42.

KEY LARGO CORAL REEF PRESERVE

Withdrawal of area designated Key Largo Coral Reef Preserve from disposition, see Proc. No. 3339, Mar. 15, 1960, 25 F.R. 2352, set out as a note under section 461 of Title 16, Conservation.

**§ 1342. Prior claims as unaffected**

Nothing herein contained shall affect such rights, if any, as may have been acquired under any law of the United States by any person in lands subject to this subchapter and such rights, if any, shall be governed by the law in effect at the time they may have been acquired: *Provided, however,* That nothing herein contained is intended or shall be construed as a finding, interpretation, or construction by the Congress that the law under which such rights may be claimed in fact applies to the lands subject to this subchapter or authorizes or compels the granting of such rights in such lands, and that the determination of the applicability or effect of such law shall be unaffected by anything herein contained.

(Aug. 7, 1953, ch. 345, §14, 67 Stat. 470.)

**§ 1343. Repealed. Pub. L. 105-362, title IX, § 901(D)(1), Nov. 10, 1998, 112 Stat. 3290**

Section, acts Aug. 7, 1953, ch. 345, §15, 67 Stat. 470; Pub. L. 95-372, title II, §207, Sept. 18, 1978, 92 Stat. 648; Pub. L. 99-367, §2(a), July 31, 1986, 100 Stat. 774, related to Secretary's annual report to Congress concerning outer Continental Shelf leasing and production program and promotion of competition in leasing.

**§ 1344. Outer Continental Shelf leasing program**

**(a) Schedule of proposed oil and gas lease sales**

The Secretary, pursuant to procedures set forth in subsections (c) and (d) of this section, shall prepare and periodically revise, and maintain an oil and gas leasing program to implement the policies of this subchapter. The leasing program shall consist of a schedule of proposed lease sales indicating, as precisely as possible, the size, timing, and location of leasing activity which he determines will best meet national energy needs for the five-year period following its approval or reapproval. Such leasing program shall be prepared and maintained in a manner consistent with the following principles:

(1) Management of the outer Continental Shelf shall be conducted in a manner which considers economic, social, and environmental values of the renewable and nonrenewable resources contained in the outer Continental Shelf, and the potential impact of oil and gas exploration on other resource values of the outer Continental Shelf and the marine, coastal, and human environments.

(2) Timing and location of exploration, development, and production of oil and gas among the oil- and gas-bearing physiographic regions of the outer Continental Shelf shall be based on a consideration of—

(A) existing information concerning the geographical, geological, and ecological characteristics of such regions;

(B) an equitable sharing of developmental benefits and environmental risks among the various regions;

(C) the location of such regions with respect to, and the relative needs of, regional and national energy markets;

(D) the location of such regions with respect to other uses of the sea and seabed, including fisheries, navigation, existing or proposed sealanes, potential sites of deep-water ports, and other anticipated uses of the resources and space of the outer Continental Shelf;

(E) the interest of potential oil and gas producers in the development of oil and gas resources as indicated by exploration or nomination;

(F) laws, goals, and policies of affected States which have been specifically identified by the Governors of such States as relevant matters for the Secretary's consideration;

(G) the relative environmental sensitivity and marine productivity of different areas of the outer Continental Shelf; and

(H) relevant environmental and predictive information for different areas of the outer Continental Shelf.

(3) The Secretary shall select the timing and location of leasing, to the maximum extent practicable, so as to obtain a proper balance between the potential for environmental damage, the potential for the discovery of oil and gas, and the potential for adverse impact on the coastal zone.

(4) Leasing activities shall be conducted to assure receipt of fair market value for the lands leased and the rights conveyed by the Federal Government.

**(b) Estimates of appropriations and staff required for management of leasing program**

The leasing program shall include estimates of the appropriations and staff required to—

(1) obtain resource information and any other information needed to prepare the leasing program required by this section;

(2) analyze and interpret the exploratory data and any other information which may be compiled under the authority of this subchapter;

(3) conduct environmental studies and prepare any environmental impact statement required in accordance with this subchapter and with section 4332(2)(C) of title 42; and

(4) supervise operations conducted pursuant to each lease in the manner necessary to assure due diligence in the exploration and development of the lease area and compliance with the requirements of applicable law and regulations, and with the terms of the lease.

**(c) Suggestions from Federal agencies and affected State and local governments; submission of proposed program to Governors of affected States and Congress; publication in Federal Register**

(1) During the preparation of any proposed leasing program under this section, the Secretary shall invite and consider suggestions for such program from any interested Federal agency, including the Attorney General, in consultation with the Federal Trade Commission, and from the Governor of any State which may be
