§ 22702. Authority

(a) IN GENERAL.—Each State may prepare and maintain a State rail plan in accordance with the provisions of this chapter.

(b) REQUIREMENTS.—The Secretary shall establish the minimum requirements for the preparation and periodic revision of a State rail plan, including that a State shall—

(1) establish or designate a State rail transportation authority to prepare, maintain, coordinate, and administer the plan;

(2) establish or designate a State rail plan approval authority to approve the plan;

(3) submit the State’s approved plan to the Secretary of Transportation for review; and

(4) revise and resubmit a State-approved plan no less frequently than once every 5 years for reapproval by the Secretary.

(Added Pub. L. 110–432, div. B, title III, §303(a), Oct. 16, 2008, 122 Stat. 4948.)

§ 22703. Purposes

(a) PURPOSES.—The purposes of a State rail plan are as follows:

(1) To set forth State policy involving freight and passenger rail transportation, including commuter rail operations, in the State.

(2) To establish the period covered by the State rail plan.

(3) To present priorities and strategies to enhance rail service in the State that benefits the public.

(4) To serve as the basis for Federal and State rail investments within the State.

(b) COORDINATION.—A State rail plan shall be coordinated with other State transportation planning goals and programs, including the plan required under section 135 of title 23, and set forth rail transportation’s role within the State transportation system.

(Added Pub. L. 110–432, div. B, title III, §303(a), Oct. 16, 2008, 122 Stat. 4948.)

§ 22704. Transparency; coordination; review

(a) PREPARATION.—A State shall provide adequate and reasonable notice and opportunity for

comment and other input to the public, rail carriers, commuter and transit authorities operating in, or affected by rail operations within the State, units of local government, and other interested parties in the preparation and review of its State rail plan.

(b) INTERGOVERNMENTAL COORDINATION.—A State shall review the freight and passenger rail service activities and initiatives by regional planning agencies, regional transportation authorities, and municipalities within the State, or in the region in which the State is located, while preparing the plan, and shall include any recommendations made by such agencies, authorities, and municipalities as deemed appropriate by the State.

(Added Pub. L. 110–432, div. B, title III, §303(a), Oct. 16, 2008, 122 Stat. 4949.)

§ 22705. Content

(a) IN GENERAL.—Each State rail plan shall, at a minimum, contain the following:

(1) An inventory of the existing overall rail transportation system and rail services and facilities within the State and an analysis of the role of rail transportation within the State’s surface transportation system.

(2) A review of all rail lines within the State, including proposed high-speed rail corridors and significant rail line segments not currently in service.

(3) A statement of the State’s passenger rail service objectives, including minimum service levels, for rail transportation routes in the State.

(4) A general analysis of rail’s transportation, economic, and environmental impacts in the State, including congestion mitigation, trade and economic development, air quality, land-use, energy-use, and community impacts.

(5) A long-range rail investment program for current and future freight and passenger infrastructure in the State that meets the requirements of subsection (b).

(6) A statement of public financing issues for rail projects and service in the State, including a list of current and prospective public capital and operating funding resources, public subsidies, State taxation, and other financial policies relating to rail infrastructure development.

(7) An identification of rail infrastructure issues within the State that reflects consultation with all relevant stakeholders.

(8) A review of major passenger and freight intermodal rail connections and facilities within the State, including seaports, and prioritized options to maximize service integration and efficiency between rail and other modes of transportation within the State.

(9) A review of publicly funded projects within the State to improve rail transportation safety and security, including all major projects funded under section 130 of title 23.

(10) A performance evaluation of passenger rail services operating in the State, including possible improvements in those services, and a description of strategies to achieve those improvements.

(11) A compilation of studies and reports on high-speed rail corridor development within
