AMENDMENTS

2007—Par. (3). Pub. L. 110–53 substituted “Under Secretary for Intelligence and Analysis and the Assistant Secretary for Infrastructure Protection” for “Under Secretary for Information Analysis and Infrastructure Protection”.

2006—Pars. (2), (5)(A). Pub. L. 109–347 struck out “radiological, nuclear” after “biological.”

§ 183. Functions transferred

In accordance with subchapter XII of this chapter, there shall be transferred to the Secretary the functions, personnel, assets, and liabilities of the following entities:

(1) The following programs and activities of the Department of Energy, including the functions of the Secretary of Energy relating thereto (but not including programs and activities relating to the strategic nuclear defense posture of the United States):

(A) The chemical and biological national security and supporting programs and activities of the nonproliferation and verification research and development program.

(B) The nuclear smuggling programs and activities within the proliferation detection program of the nonproliferation and verification research and development program. The programs and activities described in this subparagraph may be designated by the President either for transfer to the Department or for joint operation by the Secretary and the Secretary of Energy.

(C) The nuclear assessment program and activities of the assessment, detection, and cooperation program of the international materials protection and cooperation program.

(D) Such life sciences activities of the biological and environmental research program related to microbial pathogens as may be designated by the President for transfer to the Department.

(E) The Environmental Measurements Laboratory.

(F) The advanced scientific computing research program and activities at Lawrence Livermore National Laboratory.

(2) The National Bio-Weapons Defense Analysis Center of the Department of Defense, including the functions of the Secretary of Defense related thereto.

(Pub. L. 107–296, title III, §303, Nov. 25, 2002, 116 Stat. 2164.)

§ 184. Conduct of certain public health-related activities

(a) In general

With respect to civilian human health-related research and development activities relating to countermeasures for chemical, biological, radiological, and nuclear and other emerging terrorist threats carried out by the Department of Health and Human Services (including the Public Health Service), the Secretary of Health and Human Services shall set priorities, goals, objectives, and policies and develop a coordinated

strategy for such activities in collaboration with the Secretary of Homeland Security to ensure consistency with the national policy and strategic plan developed pursuant to section 182(2) of this title.

(b) Evaluation of progress

In carrying out subsection (a) of this section, the Secretary of Health and Human Services shall collaborate with the Secretary in developing specific benchmarks and outcome measurements for evaluating progress toward achieving the priorities and goals described in such subsection.

(Pub. L. 107–296, title III, §304, Nov. 25, 2002, 116 Stat. 2165.)

CODIFICATION

Section is comprised of section 304 of Pub. L. 107–296. Subsec. (c) of section 304 of Pub. L. 107–296 amended section 233 of Title 42, The Public Health and Welfare.

§ 185. Federally funded research and development centers

The Secretary, acting through the Under Secretary for Science and Technology, shall have the authority to establish or contract with 1 or more federally funded research and development centers to provide independent analysis of homeland security issues, or to carry out other responsibilities under this chapter, including coordinating and integrating both the extramural and intramural programs described in section 188 of this title.

§ 186. Miscellaneous provisions

(a) Classification

To the greatest extent practicable, research conducted or supported by the Department shall be unclassified.

(b) Construction

Nothing in this subchapter shall be construed to preclude any Under Secretary of the Department from carrying out research, development, demonstration, or deployment activities, as long as such activities are coordinated through the Under Secretary for Science and Technology.

(c) Regulations

The Secretary, acting through the Under Secretary for Science and Technology, may issue necessary regulations with respect to research, development, demonstration, testing, and evaluation activities of the Department, including the conducting, funding, and reviewing of such activities.

(d) Notification of Presidential life sciences designations

Not later than 60 days before effecting any transfer of Department of Energy life sciences

activities pursuant to section 183(1)(D) of this title, the President shall notify the appropriate congressional committees of the proposed transfer and shall include the reasons for the transfer and a description of the effect of the transfer on the activities of the Department of Energy.

§ 187. Homeland Security Advanced Research Projects Agency

(a) Definitions

In this section:

(1) Fund

The term “Fund” means the Acceleration Fund for Research and Development of Homeland Security Technologies established in subsection (c) of this section.

(2) Homeland security research

The term “homeland security research” means research relevant to the detection of, prevention of, protection against, response to, attribution of, and recovery from homeland security threats, particularly acts of terrorism.

(3) HSARPA

The term “HSARPA” means the Homeland Security Advanced Research Projects Agency established in subsection (b) of this section.

(4) Under Secretary

The term “Under Secretary” means the Under Secretary for Science and Technology.

(b) Homeland Security Advanced Research Projects Agency

(1) Establishment

There is established the Homeland Security Advanced Research Projects Agency.

(2) Director

HSARPA shall be headed by a Director, who shall be appointed by the Secretary. The Director shall report to the Under Secretary.

(3) Responsibilities

The Director shall administer the Fund to award competitive, merit-reviewed grants, cooperative agreements or contracts to public or private entities, including businesses, federally funded research and development centers, and universities. The Director shall administer the Fund to—

(A) support basic and applied homeland security research to promote revolutionary changes in technologies that would promote homeland security;

(B) advance the development, testing and evaluation, and deployment of critical homeland security technologies; and

(C) accelerate the prototyping and deployment of technologies that would address homeland security vulnerabilities.

(4) Targeted competitions

The Director may solicit proposals to address specific vulnerabilities identified by the Director.

(5) Coordination

The Director shall ensure that the activities of HSARPA are coordinated with those of
