

(6) Funding

The Department shall provide funds for work at the Department of Energy national laboratories or sites, as the case may be, under a joint sponsorship arrangement under this subsection under the same terms and conditions as apply to the primary sponsor of such national laboratory under section 3303(a)(1)(C) of title 41 or of such site to the extent such section applies to such site as a federally funded research and development center by reason of this subsection.

(c) Separate contracting

To the extent that programs or activities transferred by this chapter from the Department of Energy to the Department of Homeland Security are being carried out through direct contracts with the operator of a national laboratory or site of the Department of Energy, the Secretary of Homeland Security and the Secretary of Energy shall ensure that direct contracts for such programs and activities between the Department of Homeland Security and such operator are separate from the direct contracts of the Department of Energy with such operator.

(d) Authority with respect to cooperative research and development agreements and licensing agreements

In connection with any utilization of the Department of Energy national laboratories and sites under this section, the Secretary may permit the director of any such national laboratory or site to enter into cooperative research and development agreements or to negotiate licensing agreements with any person, any agency or instrumentality, of the United States, any unit of State or local government, and any other entity under the authority granted by section 3710a of title 15. Technology may be transferred to a non-Federal party to such an agreement consistent with the provisions of sections 3710 and 3710a of title 15.

(e) Reimbursement of costs

In the case of an activity carried out by the operator of a Department of Energy national laboratory or site in connection with any utilization of such laboratory or site under this section, the Department of Homeland Security shall reimburse the Department of Energy for costs of such activity through a method under which the Secretary of Energy waives any requirement for the Department of Homeland Security to pay administrative charges or personnel costs of the Department of Energy or its contractors in excess of the amount that the Secretary of Energy pays for an activity carried out by such contractor and paid for by the Department of Energy.

(f) Laboratory directed research and development by the Department of Energy

No funds authorized to be appropriated or otherwise made available to the Department in any fiscal year may be obligated or expended for laboratory directed research and development activities carried out by the Department of Energy unless such activities support the missions of the Department of Homeland Security.

(g) Office for National Laboratories

There is established within the Directorate of Science and Technology an Office for National Laboratories, which shall be responsible for the coordination and utilization of the Department of Energy national laboratories and sites under this section in a manner to create a networked laboratory system for the purpose of supporting the missions of the Department.

(h) Department of Energy coordination on homeland security related research

The Secretary of Energy shall ensure that any research, development, test, and evaluation activities conducted within the Department of Energy that are directly or indirectly related to homeland security are fully coordinated with the Secretary to minimize duplication of effort and maximize the effective application of Federal budget resources.

REFERENCES IN TEXT

This chapter, referred to in subsec. (c), was in the original “this Act”, meaning Pub. L. 107-296, Nov. 25, 2002, 116 Stat. 2135, known as the Homeland Security Act of 2002, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 101 of this title and Tables.

CODIFICATION

In subsec. (b)(6), “section 3303(a)(1)(C) of title 41” substituted for “section 303(b)(1)(C) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253(b)(1)(C))” on authority of Pub. L. 111-350, § 6(c), Jan. 4, 2011, 124 Stat. 3854, which Act enacted Title 41, Public Contracts.

§ 190. Transfer of Plum Island Animal Disease Center, Department of Agriculture**(a) In general**

In accordance with subchapter XII of this chapter, the Secretary of Agriculture shall transfer to the Secretary of Homeland Security the Plum Island Animal Disease Center of the Department of Agriculture, including the assets and liabilities of the Center.

(b) Continued Department of Agriculture access

On completion of the transfer of the Plum Island Animal Disease Center under subsection (a) of this section, the Secretary of Homeland Security and the Secretary of Agriculture shall enter into an agreement to ensure that the Department of Agriculture is able to carry out research, diagnostic, and other activities of the Department of Agriculture at the Center.

(c) Direction of activities

The Secretary of Agriculture shall continue to direct the research, diagnostic, and other activities of the Department of Agriculture at the Center described in subsection (b) of this section.

(d) Notification**(1) In general**

At least 180 days before any change in the biosafety level at the Plum Island Animal Disease Center, the President shall notify Con-

gress of the change and describe the reasons for the change.

(2) Limitation

No change described in paragraph (1) may be made earlier than 180 days after the completion of the transition period (as defined in section 541 of this title).

(Pub. L. 107–296, title III, §310, Nov. 25, 2002, 116 Stat. 2174.)

DISPOSITION OF PLUM ISLAND PROPERTY AND
TRANSPORTATION ASSETS

Pub. L. 112–74, div. D, title V, §538, Dec. 23, 2011, 125 Stat. 976, provided that:

“(a) Notwithstanding any other provision of law during fiscal year 2012 or any subsequent fiscal year, if the Secretary of Homeland Security determines that the National Bio- and Agro-defense Facility should be located at a site other than Plum Island, New York, the Secretary shall ensure that the Administrator of General Services sells through public sale all real and related personal property and transportation assets which support Plum Island operations, subject to such terms and conditions as may be necessary to protect Government interests and meet program requirements.

“(b) The proceeds of such sale described in subsection (a) shall be deposited as offsetting collections into the Department of Homeland Security Science and Technology ‘Research, Development, Acquisition, and Operations’ account and, subject to appropriation, shall be available until expended, for site acquisition, construction, and costs related to the construction of the National Bio- and Agro-defense Facility, including the costs associated with the sale, including due diligence requirements, necessary environmental remediation at Plum Island, and reimbursement of expenses incurred by the General Services Administration.”

§ 191. Homeland Security Science and Technology Advisory Committee

(a) Establishment

There is established within the Department a Homeland Security Science and Technology Advisory Committee (in this section referred to as the “Advisory Committee”). The Advisory Committee shall make recommendations with respect to the activities of the Under Secretary for Science and Technology, including identifying research areas of potential importance to the security of the Nation.

(b) Membership

(1) Appointment

The Advisory Committee shall consist of 20 members appointed by the Under Secretary for Science and Technology, which shall include emergency first-responders or representatives of organizations or associations of emergency first-responders. The Advisory Committee shall also include representatives of citizen groups, including economically disadvantaged communities. The individuals appointed as members of the Advisory Committee—

(A) shall be eminent in fields such as emergency response, research, engineering, new product development, business, and management consulting;

(B) shall be selected solely on the basis of established records of distinguished service;

(C) shall not be employees of the Federal Government; and

(D) shall be so selected as to provide representation of a cross-section of the re-

search, development, demonstration, and deployment activities supported by the Under Secretary for Science and Technology.

(2) National Research Council

The Under Secretary for Science and Technology may enter into an arrangement for the National Research Council to select members of the Advisory Committee, but only if the panel used by the National Research Council reflects the representation described in paragraph (1).

(c) Terms of office

(1) In general

Except as otherwise provided in this subsection, the term of office of each member of the Advisory Committee shall be 3 years.

(2) Original appointments

The original members of the Advisory Committee shall be appointed to three classes. One class of six shall have a term of 1 year, one class of seven a term of 2 years, and one class of seven a term of 3 years.

(3) Vacancies

A member appointed to fill a vacancy occurring before the expiration of the term for which the member’s predecessor was appointed shall be appointed for the remainder of such term.

(d) Eligibility

A person who has completed two consecutive full terms of service on the Advisory Committee shall thereafter be ineligible for appointment during the 1-year period following the expiration of the second such term.

(e) Meetings

The Advisory Committee shall meet at least quarterly at the call of the Chair or whenever one-third of the members so request in writing. Each member shall be given appropriate notice of the call of each meeting, whenever possible not less than 15 days before the meeting.

(f) Quorum

A majority of the members of the Advisory Committee not having a conflict of interest in the matter being considered by the Advisory Committee shall constitute a quorum.

(g) Conflict of interest rules

The Advisory Committee shall establish rules for determining when 1 of its members has a conflict of interest in a matter being considered by the Advisory Committee.

(h) Reports

(1) Annual report

The Advisory Committee shall render an annual report to the Under Secretary for Science and Technology for transmittal to Congress on or before January 31 of each year. Such report shall describe the activities and recommendations of the Advisory Committee during the previous year.

(2) Additional reports

The Advisory Committee may render to the Under Secretary for transmittal to Congress such additional reports on specific policy matters as it considers appropriate.
