(b) Purpose

To foster these public interests, it is further the purpose of this chapter to deter and prevent price manipulation or any other disruptions to market integrity; to ensure the financial integrity of all transactions subject to this chapter and the avoidance of systemic risk; to protect all market participants from fraudulent or other abusive sales practices and misuses of customer assets; and to promote responsible innovation and fair competition among boards of trade, other markets and market participants.

§ 6. Regulation of futures trading and foreign transactions

(a) Restriction on futures trading

Unless exempted by the Commission pursuant to subsection (c) or by subsection (e), it shall be unlawful for any person to offer to enter into, to enter into, to execute, to confirm the execution of, or to conduct any office or business anywhere in the United States, its territories or possessions, for the purpose of soliciting or accepting any order for, or otherwise dealing in, any transaction in, or in connection with, a contract for

the purchase or sale of a commodity for future delivery (other than a contract which is made on or subject to the rules of a board of trade, exchange, or market located outside the United States, its territories or possessions) unless—

(1) such transaction is conducted on or subject to the rules of a board of trade which has been designated or registered by the Commission as a contract market or derivatives transaction execution facility for such commodity;

(2) such contract is executed or consummated by or through a contract market; and

(3) such contract is evidenced by a record in writing which shows the date, the parties to such contract and their addresses, the property covered and its price, and the terms of delivery: *Provided*, That each contract market or derivatives transaction execution facility member shall keep such record for a period of three years from the date thereof, or for a longer period if the Commission shall so direct, which record shall at all times be open to the inspection of any representative of the Commission or the Department of Justice.

(b) Regulation of foreign transactions by United States persons

(1) Foreign boards of trade

(A) Registration

The Commission may adopt rules and regulations requiring registration with the Commission for a foreign board of trade that provides the members of the foreign board of trade or other participants located in the United States with direct access to the electronic trading and order matching system of the foreign board of trade, including rules and regulations prescribing procedures and requirements applicable to the registration of such foreign boards of trade. For purposes of this paragraph, “direct access” refers to an explicit grant of authority by a foreign board of trade to an identified member or other participant located in the United States to enter trades directly into the trade matching system of the foreign board of trade. In adopting such rules and regulations, the commission¹ shall consider—

(i) whether any such foreign board of trade is subject to comparable, comprehensive supervision and regulation by the appropriate governmental authorities in the foreign board of trade’s home country; and

(ii) any previous commission¹ findings that the foreign board of trade is subject to comparable comprehensive supervision and regulation by the appropriate government authorities in the foreign board of trade’s home country.

(B) Linked contracts

The Commission may not permit a foreign board of trade to provide to the members of the foreign board of trade or other participants located in the United States direct access to the electronic trading and order-matching system of the foreign board of trade with respect to an agreement, con-

tract, or transaction that settles against any price (including the daily or final settlement price) of 1 or more contracts listed for trading on a registered entity, unless the Commission determines that—

(i) the foreign board of trade makes public daily trading information regarding the agreement, contract, or transaction that is comparable to the daily trading information published by the registered entity for the 1 or more contracts against which the agreement, contract, or transaction traded on the foreign board of trade settles; and

(ii) the foreign board of trade (or the foreign futures authority that oversees the foreign board of trade)—

(I) adopts position limits (including related hedge exemption provisions) for the agreement, contract, or transaction that are comparable to the position limits (including related hedge exemption provisions) adopted by the registered entity for the 1 or more contracts against which the agreement, contract, or transaction traded on the foreign board of trade settles;

(II) has the authority to require or direct market participants to limit, reduce, or liquidate any position the foreign board of trade (or the foreign futures authority that oversees the foreign board of trade) determines to be necessary to prevent or reduce the threat of price manipulation, excessive speculation as described in section 6a of this title, price distortion, or disruption of delivery or the cash settlement process;

(III) agrees to promptly notify the Commission, with regard to the agreement, contract, or transaction that settles against any price (including the daily or final settlement price) of 1 or more contracts listed for trading on a registered entity, of any change regarding—

(aa) the information that the foreign board of trade will make publicly available;

(bb) the position limits that the foreign board of trade or foreign futures authority will adopt and enforce;

(cc) the position reductions required to prevent manipulation, excessive speculation as described in section 6a of this title, price distortion, or disruption of delivery or the cash settlement process; and

(dd) any other area of interest expressed by the Commission to the foreign board of trade or foreign futures authority;

(IV) provides information to the Commission regarding large trader positions in the agreement, contract, or transaction that is comparable to the large trader position information collected by the Commission for the 1 or more contracts against which the agreement, contract, or transaction traded on the foreign board of trade settles; and

(V) provides the Commission such information as is necessary to publish re-

ports on aggregate trader positions for the agreement, contract, or transaction traded on the foreign board of trade that are comparable to such reports on aggregate trader positions for the 1 or more contracts against which the agreement, contract, or transaction traded on the foreign board of trade settles.

(C) Existing foreign boards of trade

Subparagraphs (A) and (B) shall not be effective with respect to any foreign board of trade to which, prior to July 21, 2010, the Commission granted direct access permission until the date that is 180 days after July 21, 2010.

(2) Persons located in the United States

(A) In general

The Commission may adopt rules and regulations proscribing fraud and requiring minimum financial standards, the disclosure of risk, the filing of reports, the keeping of books and records, the safeguarding of customers' funds, and registration with the Commission by any person located in the United States, its territories or possessions, who engages in the offer or sale of any contract of sale of a commodity for future delivery that is made or to be made on or subject to the rules of a board of trade, exchange, or market located outside the United States, its territories or possessions.

(B) Different requirements

Rules and regulations described in subparagraph (A) may impose different requirements for such persons depending upon the particular foreign board of trade, exchange, or market involved.

(C) Prohibition

Except as provided in paragraphs (1) and (2), no rule or regulation may be adopted by the Commission under this subsection that—

(i) requires Commission approval of any contract, rule, regulation, or action of any foreign board of trade, exchange, or market, or clearinghouse for such board of trade, exchange, or market; or

(ii) governs in any way any rule or contract term or action of any foreign board of trade, exchange, or market, or clearinghouse for such board of trade, exchange, or market.

(c) Public interest exemptions

(1) In order to promote responsible economic or financial innovation and fair competition, the Commission by rule, regulation, or order, after notice and opportunity for hearing, may (on its own initiative or on application of any person, including any board of trade designated or registered as a contract market or derivatives transaction execution facility for transactions for future delivery in any commodity under section 7 of this title) exempt any agreement, contract, or transaction (or class thereof) that is otherwise subject to subsection (a) of this section (including any person or class of persons offering, entering into, rendering advice or rendering other services with respect to, the agree-

ment, contract, or transaction), either unconditionally or on stated terms or conditions or for stated periods and either retroactively or prospectively, or both, from any of the requirements of subsection (a) of this section, or from any other provision of this chapter (except subparagraphs (C)(ii) and (D) of section 2(a)(1) of this title,² except that—

(A) unless the Commission is expressly authorized by any provision described in this subparagraph to grant exemptions, with respect to amendments made by subtitle A of the Wall Street Transparency and Accountability Act of 2010—

(i) with respect to—

(I) paragraphs (2), (3), (4), (5), and (7), paragraph (18)(A)(vii)(III), paragraphs (23), (24), (31), (32), (38), (39), (41), (42), (46), (47), (48), and (49) of section 1a of this title, and sections 2(a)(13), 2(c)(1)(D), 6a(a), 6a(b), 6d(c), 6d(d), 6r, 6s, 7a-1(a), 7a-1(b), 7(d), 7(g), 7(h),³ 7a-1(c), 7a-1(i), 12(e),⁴ and 24a of this title; and

(II) section 206(e)⁵ of the Gramm-Leach-Bliley Act (Public Law 106-102; 15 U.S.C. 78c note); and

(ii) in sections 721(c) and 742 of the Dodd-Frank Wall Street Reform and Consumer Protection Act; and

(B) the Commission and the Securities and Exchange Commission may by rule, regulation, or order jointly exclude any agreement, contract, or transaction from section 2(a)(1)(D) of this title⁶ if the Commissions determine that the exemption would be consistent with the public interest.

(2) The Commission shall not grant any exemption under paragraph (1) from any of the requirements of subsection (a) of this section unless the Commission determines that—

(A) the requirement should not be applied to the agreement, contract, or transaction for which the exemption is sought and that the exemption would be consistent with the public interest and the purposes of this chapter; and

(B) the agreement, contract, or transaction—

(i) will be entered into solely between appropriate persons; and

(ii) will not have a material adverse effect on the ability of the Commission or any contract market or derivatives transaction execution facility to discharge its regulatory or self-regulatory duties under this chapter.

(3) For purposes of this subsection, the term “appropriate person” shall be limited to the following persons or classes thereof:

(A) A bank or trust company (acting in an individual or fiduciary capacity).

(B) A savings association.

(C) An insurance company.

(D) An investment company subject to regulation under the Investment Company Act of 1940 (15 U.S.C. 80a-1 et seq.).

(G) An employee benefit plan with assets exceeding \$1,000,000, or whose investment decisions are made by a bank, trust company, insurance company, investment adviser registered under the Investment Advisers Act of 1940 [15 U.S.C. 80b-1 et seq.], or a commodity trading advisor subject to regulation under this chapter.

(K) Such other persons that the Commission determines to be appropriate in light of their financial or other qualifications, or the applicability of appropriate regulatory protections.

(4) During the pendency of an application for an order granting an exemption under paragraph (1), the Commission may limit the public availability of any information received from the applicant if the applicant submits a written request to limit disclosure contemporaneous with the application, and the Commission determines that—

(A) the information sought to be restricted constitutes a trade secret; or

(B) public disclosure of the information would result in material competitive harm to the applicant.

(5) The Commission may—

(A) promptly following October 28, 1992, or upon application by any person, exercise the exemptive authority granted under paragraph (1) with respect to classes of hybrid instruments that are predominantly securities or depositary instruments, to the extent that such instruments may be regarded as subject to the provisions of this chapter; or

Any exemption pursuant to this paragraph shall be subject to such terms and conditions as the Commission shall determine to be appropriate pursuant to paragraph (1).

(e) Liability of registered persons trading on a foreign board of trade

(1) In general

A person registered with the Commission, or exempt from registration by the Commission, under this chapter may not be found to have violated subsection (a) with respect to a transaction in, or in connection with, a contract of sale of a commodity for future delivery if the person—

(A) has reason to believe that the transaction and the contract is made on or subject to the rules of a foreign board of trade that is—

§ 6a. Excessive speculation

(a) Burden on interstate commerce; trading or position limits

(1) In general

Excessive speculation in any commodity under contracts of sale of such commodity for future delivery made on or subject to the rules of contract markets or derivatives transaction execution facilities, or swaps that perform or affect a significant price discovery function with respect to registered entities causing sudden or unreasonable fluctuations or unwarranted changes in the price of such commodity, is an undue and unnecessary burden on interstate commerce in such commodity. For the purpose of diminishing, eliminating, or preventing such burden, the Commission shall, from time to time, after due notice and opportunity for hearing, by rule, regulation, or order, proclaim and fix such limits on the amounts of trading which may be done or positions which may be held by any person, including any group or class of traders, under contracts of sale of such commodity for future delivery on or subject to the rules of any contract market or derivatives transaction execution facility, or swaps traded on or subject to the rules of a designated contract market or a swap execution facility, or swaps not traded on or subject to the rules of a designated contract market or a swap execution facility that performs a significant price discovery function with respect to a registered entity, as the Commission finds are necessary to diminish, eliminate, or prevent such burden. In determining whether any person has exceeded such limits, the positions held and trading done by any persons directly or indirectly controlled by such person shall be included with the positions held and trading done by such person; and further, such limits upon positions and trading shall apply to positions held by, and trading done by, two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by, or the trading were done by, a single person. Nothing in this section shall be construed to prohibit the Commission from fixing different trading or position limits for different commodities, markets, futures, or delivery months, or for different number of days remaining until the last day of trading in a contract, or different trading limits for buying and selling operations, or different limits for the purposes of paragraphs (1) and (2) of subsection (b) of this section, or from exempting transactions normally known to the trade as “spreads” or “straddles” or “arbitrage” or from fixing limits applying to such transactions or positions different from limits fixed for other transactions or positions. The word “arbitrage” in domestic markets shall be defined to mean the same as “spread” or “straddle”. The Commission is authorized to define the term “international arbitrage”.
