§ 7720. National plan for control and management of Sudden Oak Death

(a) Development of national plan

Subject to the availability of appropriated funds for this purpose, the Secretary of Agriculture, acting through the Animal Plant and Health Inspection Service, shall develop a national plan for the control and management of Sudden Oak Death, a forest disease caused by the fungus-like pathogen *Phytophthora ramorum*.

(b) Plan elements

In developing the plan, the Secretary shall specifically address the following:

(1) Information derived by the Department of Agriculture from ongoing efforts to identify hosts of *Phytophthora ramorum* and survey the extent to which Sudden Oak Death exists in the United States.

(2) Past and current efforts to understand the risk posed by *Phytophthora ramorum* and the results of control and management efforts regarding Sudden Oak Death, including efforts related to research, control, quarantine, and hazardous fuel reduction.

(3) Such future efforts as the Secretary considers necessary to control and manage Sudden Oak Death, including cost estimates for the implementation of such efforts.

(c) Consultation

The Secretary shall develop the plan in consultation with other Federal agencies that have appropriate expertise regarding the control and management of Sudden Oak Death.

(d) Implementation of plan

The Secretary shall complete the plan and commence implementation as soon as practicable after the date on which funds are first appropriated pursuant to the authorization of appropriations in subsection (e) of this section to carry out this section.

(e) Authorization of appropriations

There is authorized to be appropriated to the Secretary such sums as may be necessary to carry out this section.

(Pub. L. 108-488, § 1, Dec. 23, 2004, 118 Stat. 3964.)

CODIFICATION

Section was not enacted as part of the Plant Protection Act which comprises this chapter.

§ 7721. Plant pest and disease management and disaster prevention

(a) Definitions

In this section:

(1) Early plant pest detection and surveillance

The term “early plant pest detection and surveillance” means the full range of activities undertaken to find newly introduced plant pests, whether the plant pests are new to the United States or new to certain areas of the United States, before—

(A) the plant pests become established; or

(B) the plant pest infestations become too large and costly to eradicate or control.

(2) Specialty crop

The term “specialty crop” has the meaning given the term in section 3 of the Specialty Crops Competitiveness Act of 2004 (7 U.S.C. 1621 note; Public Law 108-465).

(3) State department of agriculture

The term “State department of agriculture” means an agency of a State that has a legal responsibility to perform early plant pest detection and surveillance activities.

(b) Early plant pest detection and surveillance improvement program

(1) Cooperative agreements

The Secretary shall enter into a cooperative agreement with each State department of agriculture that agrees to conduct early plant pest detection and surveillance activities.

(2) Consultation

In carrying out this subsection, the Secretary shall consult with—

(A) the National Plant Board; and

(B) other interested parties.

(3) Federal Advisory Committee Act

The Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to consultations under this subsection.

(4) Application

(A) In general

A State department of agriculture seeking to enter into a cooperative agreement under
