

§ 2708. Contracts for handling hazardous waste from defense facilities

(a) REIMBURSEMENT REQUIREMENT.—(1) Each contract or subcontract to which this section applies shall provide that, upon receipt of hazardous wastes properly characterized pursuant to applicable laws and regulations, the contractor or subcontractor will reimburse the Federal Government for all liabilities incurred by, penalties assessed against, costs incurred by, and damages suffered by, the Government that are caused by—

(A) the contractor's or subcontractor's breach of any term or provision of the contract or subcontract; and

(B) any negligent or willful act or omission of the contractor or subcontractor, or the employees of the contractor or subcontractor, in the performance of the contract or subcontract.

(2) Not later than 30 days after such a contract or subcontract is awarded, the contractor or subcontractor shall demonstrate that the contractor or subcontractor will reimburse the Federal Government as provided in paragraph (1).

(b) APPLICABILITY.—(1) Except as provided in paragraph (2), this section applies to each contract entered into by the Secretary of Defense or the Secretary of a military department, and any subcontract under any such contract, with an owner or operator of a hazardous waste treatment or disposal facility during fiscal years 1992 through 1996 for the offsite treatment or disposal of hazardous wastes from a facility under the jurisdiction of the Secretary of Defense.

(2) This section does not apply to—

(A) any contract or subcontract to perform remedial action or corrective action under the Defense Environmental Restoration Program, other programs or activities of the Department of Defense, or authorized State hazardous waste programs;

(B) any contract or subcontract under which the generation of the hazardous waste to be disposed of is incidental to the performance of the contract; or

(C) any contract or subcontract to dispose of ammunition or solid rocket motors.

(c) EXCEPTION TO REIMBURSEMENT REQUIREMENT.—Notwithstanding subsection (a), in the case of any contract to which this section applies, if the Secretary of Defense or the Secretary of the military department concerned determines that—

(1) there is only one responsible offeror or there is no responsible offeror willing to provide the reimbursement required by subsection (a) for such contract; or

(2) failure to award the contract would place the facility concerned in violation of any requirement of the Solid Waste Disposal Act (42 U.S.C. 6901 et seq.),

then the contract may be awarded without including the reimbursement provision required by subsection (a).

(d) DEFINITIONS.—In this section:

(1) The term “hazardous waste” has the meaning given that term by section 1004(5) of the Solid Waste Disposal Act (42 U.S.C.

6903(5)), except that such term also includes polychlorinated biphenyls.

(2) The term “remedial action” has the meaning given that term by section 101(24) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9601(24)).

(3) The term “corrective action” has the meaning given that term under section 3004(u) of the Solid Waste Disposal Act (42 U.S.C. 6924(u)).

(4) The term “polychlorinated biphenyls” has the meaning given that term under section 6(e) of the Toxic Substances Control Act (15 U.S.C. 2605(e)).

(e) EFFECT ON LIABILITY.—Nothing in this section shall affect the liability of the Federal Government under any Federal or State law or under common law.

(Added Pub. L. 102-190, div. A, title III, § 331(a)(1), Dec. 5, 1991, 105 Stat. 1339; amended Pub. L. 102-484, div. A, title III, § 321, title X, § 1052(36), Oct. 23, 1992, 106 Stat. 2365, 2501; Pub. L. 103-160, div. A, title X, § 1004, Nov. 30, 1993, 107 Stat. 1748.)

REFERENCES IN TEXT

The Solid Waste Disposal Act, referred to in subsec. (c)(2), is title II of Pub. L. 89-272, Oct. 20, 1965, 79 Stat. 997, as amended generally by Pub. L. 94-580, § 2, Oct. 21, 1976, 90 Stat. 2795, which is classified generally to chapter 82 (§ 6901 et seq.) of Title 42, The Public Health and Welfare. For complete classification of this Act to the Code, see Short Title note set out under section 6901 of Title 42 and Tables.

AMENDMENTS

1993—Subsec. (b)(1), Pub. L. 103-160 substituted “fiscal years 1992 through 1996” for “fiscal years 1992 and 1993”.

1992—Subsec. (b)(1), Pub. L. 102-484, § 1052(36)(A), substituted “each contract” for “all contracts” and “any subcontract under any such contract” for “all subcontracts under such contracts”.

Pub. L. 102-484, § 321, substituted “fiscal years 1992 and 1993” for “fiscal year 1992”.

Subsec. (d), Pub. L. 102-484, § 1052(36)(B), substituted “In” for “For purposes of” in introductory provisions.

EFFECTIVE DATE

Pub. L. 102-190, div. A, title III, § 331(b), Dec. 5, 1991, 105 Stat. 1340, provided that: “Section 2708 of title 10, United States Code, shall apply with respect to contracts entered into after the expiration of the 60-day period beginning on the date of the enactment of this Act [Dec. 5, 1991].”

§ 2709. Investment control process for environmental technologies

(a) INVESTMENT CONTROL PROCESS.—The Secretary of Defense shall ensure that the technology planning process developed to implement section 2501 of this title and section 270(b) of the National Defense Authorization Act for Fiscal Year 1997 (Public Law 104-201; 110 Stat. 2469) provides for an investment control process for the selection, prioritization, management, and evaluation of environmental technologies by the Department of Defense, the military departments, and the Defense Agencies.

(b) PLANNING AND EVALUATION.—The environmental technology investment control process required by subsection (a) shall provide, at a minimum, for the following:

(1) The active participation by end-users of environmental technology, including the officials responsible for the environmental security programs of the Department of Defense and the military departments, in the selection and prioritization of environmental technologies.

(2) The development of measurable performance goals and objectives for the management and development of environmental technologies and specific mechanisms for assuring the achievement of the goals and objectives.

(3) Annual performance reviews to determine whether the goals and objectives have been achieved and to take appropriate action in the event that they are not achieved.

(Added Pub. L. 106-65, div. A, title III, §323(b)(1), Oct. 5, 1999, 113 Stat. 562.)

REFERENCES IN TEXT

Section 270(b) of the National Defense Authorization Act for Fiscal Year 1997 (Public Law 104-201; 110 Stat. 2469), referred to in subsec. (a), is set out as a note under section 2501 of this title.

PURPOSES OF SECTION 323 OF PUB. L. 106-65

Pub. L. 106-65, div. A, title III, §323(a), Oct. 5, 1999, 113 Stat. 562, provided that: "The purposes of this section [enacting this section, amending section 2706 of this title, and enacting provisions set out as a note under section 2706 of this title] are—

"(1) to hold the Department of Defense and the military departments accountable for achieving performance-based results in the management of environmental technology by providing a connection between program direction and the achievement of specific performance-based results;

"(2) to assure the identification of end-user requirements for environmental technology within the military departments;

"(3) to assure results, quality of effort, and appropriate levels of service and support for end-users of environmental technology within the military departments; and

"(4) to promote improvement in the performance of environmental technologies by establishing objectives for environmental technology programs, measuring performance against such objectives, and making public reports on the progress made in such performance."

§ 2710. Inventory of unexploded ordnance, discarded military munitions, and munitions constituents at defense sites (other than operational ranges)

(a) INVENTORY REQUIRED.—(1) The Secretary of Defense shall develop and maintain an inventory of defense sites that are known or suspected to contain unexploded ordnance, discarded military munitions, or munitions constituents.

(2) The information in the inventory for each defense site shall include, at a minimum, the following:

(A) A unique identifier for the defense site.

(B) An appropriate record showing the location, boundaries, and extent of the defense site, including identification of the State and political subdivisions of the State, including the county, where applicable, in which the defense site is located and any Tribal lands encompassed by the defense site.

(C) Known persons and entities, other than a military department, with any current owner-

ship interest or control of lands encompassed by the defense site.

(D) Any restrictions or other land use controls currently in place at the defense site that might affect the potential for public and environmental exposure to the unexploded ordnance, discarded military munitions, or munitions constituents.

(b) SITE PRIORITIZATION.—(1) The Secretary shall develop, in consultation with representatives of the States and Indian Tribes, a proposed protocol for assigning to each defense site a relative priority for response activities related to unexploded ordnance, discarded military munitions, and munitions constituents based on the overall conditions at the defense site. After public notice and comment on the proposed protocol, the Secretary shall issue a final protocol and shall apply the protocol to defense sites listed on the inventory. The level of response priority assigned the site shall be included with the information required by subsection (a)(2).

(2) In assigning the response priority for a defense site on the inventory, the Secretary shall primarily consider factors relating to safety and environmental hazard potential, such as the following:

(A) Whether there are known, versus suspected, unexploded ordnance, discarded military munitions, or munitions constituents on all or any portion of the defense site and the types of unexploded ordnance, discarded military munitions, or munitions constituents present or suspected to be present.

(B) Whether public access to the defense site is controlled, and the effectiveness of these controls.

(C) The potential for direct human contact with unexploded ordnance, discarded military munitions, or munitions constituents at the defense site and evidence of people entering the site.

(D) Whether a response action has been or is being undertaken at the defense site under the Formerly Used Defense Sites program or other program.

(E) The planned or mandated dates for transfer of the defense site from military control.

(F) The extent of any documented incidents involving unexploded ordnance, discarded military munitions, or munitions constituents at or from the defense site, including incidents involving explosions, discoveries, injuries, reports, and investigations.

(G) The potential for drinking water contamination or the release of munitions constituents into the air.

(H) The potential for destruction of sensitive ecosystems and damage to natural resources.

(3) The priority assigned to a defense site included on the inventory shall not impair, alter, or diminish any applicable Federal or State authority to establish requirements for the investigation of, and response to, environmental problems at the defense site.

(c) UPDATES AND AVAILABILITY.—(1) The Secretary shall annually update the inventory and site prioritization list to reflect new information that becomes available. The inventory shall be available in published and electronic form.
