(a) Expanded authority to make grants

(1) Hiring grants

(A) The Administrator of FEMA shall make grants directly to career fire departments, combination fire departments, and volunteer fire departments, in consultation with the chief executive of the State in which the applicant is located, for the purpose of increasing the number of firefighters to help communities meet industry minimum standards and attain 24-hour staffing to provide adequate protection from fire and fire-related hazards, and to fulfill traditional missions of fire departments that antedate the creation of the Department of Homeland Security.

(B) Grants made under this paragraph shall be for 3 years and be used for programs to hire new, additional firefighters.

(C) In awarding grants under this subsection, the Administrator of FEMA may give preferential consideration to applications that in-

volve a non-Federal contribution exceeding the minimums under subparagraph (E).

(D) The Administrator of FEMA may provide technical assistance to States, units of local government, Indian tribal governments, and to other public entities, in furtherance of the purposes of this section.

(E) The portion of the costs of hiring firefighters provided by a grant under this paragraph may not exceed—

(i) 75 percent in the first year of the grant;

(ii) 75 percent in the second year of the grant; and

(iii) 35 percent in the third year of the grant.

(F) Notwithstanding any other provision of law, any firefighter hired with funds provided under this subsection shall not be discriminated against for, or be prohibited from, engaging in volunteer activities in another jurisdiction during off-duty hours.

(G) All grants made pursuant to this subsection shall be awarded on a competitive basis through a neutral peer review process.

(H) At the beginning of the fiscal year, the Administrator of FEMA shall set aside 10 percent of the funds appropriated for carrying out this paragraph for departments with majority volunteer or all volunteer personnel. After awards have been made, if less than 10 percent of the funds appropriated for carrying out this paragraph are not awarded to departments with majority volunteer or all volunteer personnel, the Administrator of FEMA shall transfer from funds appropriated for carrying out this paragraph to funds available for carrying out paragraph (2) an amount equal to the difference between the amount that is provided to such fire departments and 10 percent.

(2) Recruitment and retention grants

In addition to any amounts transferred under paragraph (1)(H), the Administrator of FEMA shall direct at least 10 percent of the total amount of funds appropriated pursuant to this section annually to a competitive grant program for the recruitment and retention of volunteer firefighters who are involved with or trained in the operations of firefighting and emergency response. Eligible entities shall include volunteer or combination fire departments, and national, State, local, or tribal organizations that represent the interests of volunteer firefighters.

(D) provide assurances that the applicant will, to the extent practicable, seek, recruit, and hire members of racial and ethnic minority groups and women in order to increase their ranks within firefighting.

(c) Limitation on use of funds

(1) Funds made available under this section to fire departments for salaries and benefits to hire new, additional firefighters shall not be used to supplant State or local funds, or, in the case of Indian tribal governments, funds supplied by the Bureau of Indian Affairs, but shall be used to increase the amount of funds that would, in the absence of Federal funds received under this section, be made available from State or local sources, or in the case of Indian tribal governments, from funds supplied by the Bureau of Indian Affairs.

(2) No grant shall be awarded pursuant to this section to a municipality or other recipient whose annual budget at the time of the application for fire-related programs and emergency response has been reduced below 80 percent of the average funding level in the 3 years prior to November 24, 2003.

(3) Funds appropriated by the Congress for the activities of any agency of an Indian tribal government or the Bureau of Indian Affairs performing firefighting functions on any Indian lands may be used to provide the non-Federal share of the cost of programs or projects funded under this section.

(4) The amount of funding provided under this section to a recipient fire department for hiring a firefighter in any fiscal year may not exceed—

(A) in the first year of the grant, 75 percent of the usual annual cost of a first-year firefighter in that department at the time the grant application was submitted;
