

dated August 1980, which is on file and available for public inspection in the office of the Chief, Forest Service, United States Department of Agriculture.

(b) Development of plan

As soon as practicable, after December 19, 1980, the Secretary of Agriculture shall develop a comprehensive management plan for the research site consistent with requirements of the National Forest Management Act of 1976 (Public Law 94-588) (16 U.S.C. 1604), which shall be incorporated into the initial Cibola National Forest land and resource management plan as provided for under that Act.

(c) Adjustment in boundaries

Following timely notice in writing to the Committee on Natural Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate of his intention to do so, the Secretary may make minor adjustments in the boundaries of the research site to provide for more effective management or to encourage further research activity. For the purposes of this subsection, minor boundary adjustments shall not increase or decrease the amount of land within the research site by more than seven thousand acres.

(d) Consultation with other public interest groups

In developing the plan, the Secretary shall consult with the National Science Foundation, the New Mexico Institute of Mining and Technology, the New Mexico Academy of Science and appropriate conservation, wilderness, wildlife, industry, and other public interest groups.

(e) Objectives of plan

The plan shall prescribe specific research and management objectives necessary for the protection, management, and regulation of the research site as outlined in subsection (f) of this section.

(f) Management of site in accordance with the objectives

The research site shall be managed in accordance with the following objectives:

(1) The principal research facility shall be managed primarily for scientific research purposes. Dispersed recreation, grazing, and other uses which the Secretary determines to be compatible with scientific research may be permitted.

(2) The research site shall be managed to enhance scientific research objectives. Scientific research activities and associated research equipment and structures shall be permitted within the research site in accordance with the plan.

(3) Roads shall be limited to those necessary for scientific research activities and other reasonable activities as determined by the Secretary. Motor vehicle use shall be restricted to roads designated in the plan.

(4) The landing of small instrumented research rockets shall be permitted to continue in portions of the research site designated for such purposes in the plan.

AMENDMENTS

1994—Subsec. (c). Pub. L. 103-437 substituted “Natural Resources” for “Interior and Insular Affairs” after “Committee on”.

§ 543. Mono Basin National Forest Scenic Area; establishment

The area in the Mono Basin within and adjacent to the Inyo National Forest in the State of California, as generally depicted on a map entitled “Mono Basin National Forest Scenic Area” dated June 1983, and numbered 1983-3, is hereby designated as the Mono Basin National Forest Scenic Area (hereafter in sections 543 to 543h of this title referred to as the “Scenic Area”). Such map shall be on file and available for public inspection in the office of the Forest Supervisor, Inyo National Forest and in the office of the Chief of the Forest Service, Department of Agriculture. The Secretary of Agriculture (hereinafter in sections 543 to 543h of this title referred to as the “Secretary”) may make minor revisions in the boundary of the Scenic Area after publication of notice to that effect in the Federal Register and submission of notice thereof to the Committee on Natural Resources of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate. Such notice shall be published and submitted at least sixty days before the revision is made.
