

after. The Renewable Resources Extension Program shall provide national emphasis and direction as well as guidance to State directors and administrative heads of extension for eligible colleges and universities in the development of their respective State renewable resources extension programs, which are to be appropriate in terms of the conditions, needs, and opportunities in each State. The Renewable Resources Extension Program shall contain, but not be limited to, brief outlines of general extension programs for fish and wildlife management (for both game and nongame species), range management, timber management (including brief outlines of general extension programs for timber utilization, timber harvesting, timber marketing, wood utilization, and wood products marketing), and watershed management (giving special attention to water quality protection), as well as brief outlines of general extension programs for recognition and enhancement of forest- and range-based outdoor recreation opportunities, for urban and community forestry activities, and for planting and management of trees and shrubs in shelterbelts, and give special attention to water quality protection and natural resource and environmental education for landowners and managers, public officials, and the public.

**(b) Considerations governing preparation**

In preparing the Renewable Resources Extension Program, the Secretary shall take into account the respective capabilities of private forests and rangelands for yielding renewable resources and the relative needs for such resources identified in the periodic Renewable Resource Assessment provided for in section 1601 of this title and the periodic appraisal of land and water resources provided for in section 2004 of this title.

**(c) Omitted**

**(d) Review of activities and evaluation of progress**

To assist Congress and the public in evaluating the Renewable Resources Extension Program, the program shall include a review of activities undertaken in response to the preceding five-year plan and an evaluation of the progress made toward accomplishing the goals and objectives set forth in such preceding plan. Such review and evaluation shall be displayed in the program, for the Nation as a whole, and for each State.

CODIFICATION

Subsec. (c) of this section, which required the Secretary to prepare an annual report on the Renewable Resources Extension Program, to be furnished to Congress at the time of submission of each annual fiscal budget, terminated, effective May 15, 2000, pursuant to section 3003 of Pub. L. 104-66, as amended, set out as a note under section 1113 of Title 31, Money and Finance. See, also, page 45 of House Document No. 103-7.

AMENDMENTS

1990—Subsec. (a). Pub. L. 101-624, §1251(c), inserted before period at end “, and give special attention to

water quality protection and natural resource and environmental education for landowners and managers, public officials, and the public”.

Pub. L. 101-624, §1219(b)(2), substituted “for urban and community forestry activities” for “for planting and management of trees and forests in urban areas”.

1988—Subsec. (a). Pub. L. 100-231, §3(1), substituted “the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate” for “Congress”.

Subsec. (d). Pub. L. 100-231, §3(2), added subsec. (d).

**§ 1674a. Expanded programs**

**(a) In general**

The Secretary, acting through the National Institute of Food and Agriculture and the State cooperative extension services, and in consultation with State foresters or equivalent State officials, school boards, and universities, shall expand forestry and natural resources education programs conducted under this subchapter for private forest owners and managers, public officials, youth, and the general public, and shall include guidelines for the transfer of technology.

**(b) Activities**

**(1) In general**

In expanding the programs conducted under this subchapter, the Secretary shall ensure that activities are undertaken to promote policies and practices that enhance the health, vitality, productivity, economic value, and environmental attributes of the forest lands of the United States.

**(2) Types**

The activities referred to in paragraph (1) shall include—

(A) demonstrating and teaching landowners and forest managers the concepts of multiple-use and sustainable natural resource management;

(B) conducting comprehensive environmental education programs that assist citizens to participate in environmentally positive activities such as tree planting, recycling, erosion prevention, and waste management; and

(C) educational programs and materials that will improve the capacity of schools, local governments and resource agencies to deliver forestry and natural resources information to young people, environmentally concerned citizens, and action groups.
