The Secretary shall, with the funds made available in accordance with this chapter, allocate such funds among the members of the Task Force to carry out coastal wetlands restoration projects in accordance with the priorities set forth in the list transmitted in accordance with this section. The Secretary shall not fund a coastal wetlands restoration project unless that project is subject to such terms and conditions as necessary to ensure that wetlands restored, enhanced or managed through that project will be administered for the long-term conservation of such lands and waters and dependent fish and wildlife populations.

(f) Cost-sharing

(1) Federal share

Amounts made available in accordance with section 3955 of this title to carry out coastal wetlands restoration projects under this chapter shall provide 75 percent of the cost of such projects.

(3) Form of State share

The share of the cost required of the State shall be from a non-Federal source. Such State share shall consist of a cash contribution of not less than 5 percent of the cost of the project. The balance of such State share may take the form of lands, easements, or right-of-

Notwithstanding paragraphs (1) and (2), upon approval of the conservation plan under section 3953 of this title and a determination by the Secretary that a reduction in the non-Federal share is warranted, amounts made available in accordance with section 3955 of this title to carry out coastal wetlands restoration projects under this section in calendar years 1996 and 1997 shall provide 90 percent of the cost of such projects.
