(6) notwithstanding any other provision of law, require the appraiser to coordinate the appraisal closely with affected parties by seeking information, cooperation, and advice from cabin owners and tract associations;

(b) Specific appraisal guidelines

In the development of specific appraisal guidelines in accordance with subsection (a)(3) of this section, the instructions to an appraiser shall require, at a minimum, the following:

(1) Appraisal of a typical lot

(A) In general

In conducting an appraisal under this section, the appraiser—

(i) shall not appraise each individual lot;

(ii) shall appraise a typical lot or lots, selected by the cabin owners and the agency in a manner consistent with the policy of the program; and

(iii) shall be provided, and give appropriate consideration to, any information contained in the inventory of improvements relating to the lot being appraised.

(B) Estimate of market value of typical lot

(i) In general

The appraiser shall estimate the market value of a typical lot in accordance with this chapter.

(ii) Equivalence to legally subdivided lot

In selecting a comparable sale under this chapter, the appraiser shall recognize that the typical lot will not usually be equivalent to a legally subdivided lot.

(2) Exception for certain sales of land

In conducting an appraisal under this chapter, the appraiser—

(A) shall not select sales of comparable land that are sales of land within developed urban areas; and

(B) should not, in most circumstances, select a sale of comparable land that includes

land that is encumbered by a conservation or recreational easement that is held by a government or institution, except land that is limited to use as a site for 1 home.

(3) Adjustments for typical value influences

(A) In general

The appraiser shall consider, and adjust as appropriate, the price of sales of comparable land for all typical value influences described in subparagraph (B).

(B) Value influences

The typical value influences referred to in subparagraph (A) include—

(i) differences in the locations of the parcels;

(ii) accessibility, including limitations on access attributable to—

(I) weather;

(II) the condition of roads or trails;

(III) restrictions imposed by the agency; or

(IV) other factors;

(iii) the presence of marketable timber;

(iv) limitations on, or the absence of, services such as law enforcement, fire control, road maintenance, or snow plowing;

(v) the condition and regulatory compliance of any site improvements; and

(vi) any other typical value influences described in standard appraisal literature.

(4) Adjustments to sales of comparable parcels

(A) Utilities, access, or facilities

(i) Agency

Utilities, access, or facilities serving a lot that are provided by the agency shall be included as features of the lot being appraised.

(ii) Cabin owners

Utilities, access, or facilities serving a lot that are provided by the cabin owner (or a predecessor of the cabin owner) shall not be included as a feature of the lot being appraised.

(iii) Third parties

Utilities, access, or facilities serving a lot that are provided by a third party shall not be included as a feature of the lot being appraised unless, in accordance with subsection (a)(1) of this section, the agency determines that the capital costs have not been or are not being paid by the cabin owner (or a predecessor of the cabin owner).

(iv) Withdrawal of utility or access by agency

If, during the term of an authorization, the agency or an act of God creates a substantial and materially adverse change in—

(I) the provision or maintenance of any utility or access; or

(II) a qualitative feature of the lot or immediate surroundings,

the cabin owner shall have the right to request, and, at the discretion of the Sec-

retary, obtain a new determination of the base cabin user fee at the expense of the agency.

(B) Adjustment for exclusion

In a case in which any comparable sale includes utilities, access, or facilities that are to be excluded in the appraisal of the subject lot, the price of the comparable sale shall be adjusted, as appropriate.

(C) Adjustment process

(i) In general

The appraiser shall consider and adjust, as appropriate, the price of each sale of a comparable parcel for all nonnatural features referred to in subparagraph (A)(ii) that—

(I)(aa) are present at, or add value to, the comparable parcel; but

(bb) are not present at the lot being appraised; or

(II) are not included in the appraisal as described in subparagraph (A).

(ii) Adjustments

(I) In general

In a case in which the price of a parcel sold is to be adjusted in accordance with subparagraph (B), the adjustment may be based on an analysis of market or cost information or both.

(II) Cost information

If cost information is used as the basis of an adjustment under subclause (I), the cost information shall be supported by direct market evidence.

(iii) Analysis of cost information

An analysis of cost information under clause (ii)(I) should include allowances, as appropriate, if the allowances are consistent with—

(I) the Uniform Standards of Professional Appraisal Practice in effect on the date of the analysis; and

(II) the Uniform Appraisal Standards for Federal Land Acquisition.

(D) Reappraisal for and recalculation of base cabin user fee

Periodically, but not less often than once every 10 years, the Secretary shall recalculate the base cabin user fee (including conducting any reappraisal required to recalculate the base cabin user fee).

(Pub. L. 106-291, title VI, § 606, Oct. 11, 2000, 114 Stat. 1015.)

REPEAL OF SECTION

§ 6206. Cabin user fees

(a) In general

The Secretary shall establish the cabin user fee as the amount that is equal to 5 percent of

the market value of the lot, as determined in accordance with section 6205 of this title, reflecting an adjustment to the typical market rate of return due to restrictions imposed by the permit, including—

(1) the limited term of the authorization;

(2) the absence of significant property rights normally attached to fee simple ownership; and

(3) the public right of access to, and use of, any open portion of the lot on which the cabin or other enclosed improvements are not located.

(b) Fee for caretaker cabin

The base cabin user fee for a lot on which a caretaker cabin is located shall not be greater than the base cabin user fee charged for the authorized use of a similar typical lot in the tract.

(c) Annual cabin user fee in the event of determination not to reissue authorization

If the Secretary determines that an authorization should not be reissued at the end of a term, the Secretary shall—

(1) establish as the new base cabin user fee for the remaining term of the authorization the amount charged as the cabin user fee in the year that was 10 years before the year in which the authorization expires; and

(2) calculate the current cabin user fee for each of the remaining 9 years of the term of the authorization by multiplying—

(A) $\frac{1}{10}$ of the new base cabin user fee; by

(B) the number of years remaining in the term of the authorization after the year for which the cabin user fee is being calculated.

(d) Annual cabin user fee in event of changed conditions

If a review of a decision to convert a lot to an alternative public use indicates that the continuation of the authorization for use and occupancy of the cabin by the cabin owner is warranted, and the decision is subsequently reversed, the Secretary may require the cabin owner to pay any portion of annual cabin user fees that were forgone as a result of the expectation of termination of use and occupancy of the cabin by the cabin owner.

(e) Termination of fee obligation in loss resulting from acts of God or catastrophic events

On a determination by the agency that, because of an act of God or a catastrophic event, a lot cannot be safely occupied and the authorization for the lot should accordingly be terminated, the fee obligation of the cabin owner shall terminate effective on the date of the occurrence of the act or event.
